DELEGATE ELECTIONS .- We again remind the Whigs of Schuylkill County, of the Delegate elecctions, to be held next Saturday. We trust all will be actuated by patriotic motives, and having an eye single to the success of our party, select none but sound and judicious delegates. Let the elections be wellattended.

We may state that the Committee, on the Delegate System, suggest the adoption, in county convention, of the viva voce system of voting. We would, therefore, urge the propriety of testing it: it is considered the best mode, and at the same time the most Republican. In this system there can be no double-dealing; and that it will better answer places where it has been recently introduced, it has worked very advantageously.

Nothing but the bold, patriotic and manly stand taken by the Whig party, upon the Wilmot Proviso, and the restriction of the limits of Slavery. The Locofocos unfurled their banner, and upon it was inscribed, "Resistance to the Wilmet Proviso, and all kindred measures, at all hazards, and to the last extremity !!" and around it the "Demogracy" (!) rallied and were successful. Notwithstanding the extreme measures to which the Slavery propagandists resort, and which, seconded by the Locofocos, might be productive of the most baneful results to our Country, we find a shout of triumph issuing from the months of the Democracy, from one end of the Union to the other. If such are the principles of the modern Democracy-resistance to the Proviso, at all hazards, and to the last extremity,"-the cooner they are swept into oblivion the better it will be for the welfare of the country. If Locofocos can sincerely rejoice at such results, they have less patriotism than we had imagined.

THE FARKERS of some of our Western counties were highly delighted with President Taylor The common remark among them was-"Why the is just like one of ourselves-This is the right kind of a President-there is no estentation about him, he mingles with, and converses freely with all; he makes every one feel perfectly at home in

Under this law, the importations, up to this time, have been greater, than at any eriod of our history. At New Orleans, a few days ago, a contract for a parcel of British Rail Road Iron was made at \$37,50 per top, delivered; and the importation of iron into the port of Baltimore on Saturday last, was about 1,500 tons, including 901 tons railroad bars from Wales, said to cost in Baltimore, including freight and duty

The importation of British Iron being o extensive, it reduced the price of Iron, delivered from abroad at our Ports to \$38 and \$40 per ton,

The Company, under the circumstances, agreed, if Mr. Cooper would cancel their contract to give bonus of \$54,000. Such, then, is the effect of his Policy upon the iron interest of our country. The London Board of Trade, state the increas
