This is to caution the public not to be deceived, and purchase none but the Genuine Original Old Dr. Jacob Townsend's Warsaparilla, having on it the Old Dr's. likeness, his family coat of arms, and his signature across the coat of arms.

Genuine Townsend Sarsaparilla!

Old Dr. Townsend is now about 70 years of age, and has long been known as the author and discoverer of the Genuine Original. Townsend Sarsaparilla. Being poor, he was compelled to limit its manifacture, by which means it has been kept out of market, and the sales circumscribed to those only who had proved its worth and known its value. It had reached the cars of many, nevertheless, as those persons who had been healed of sors diseases, and saved from death, proclaimed its excellence and wonderful HEALING FOWER.

Knowing, many years age, that he had, by his skill, science, and experience, devised an article which would be of incalcable advantage to mankind, when once known and extensively used, he hoped and persevened, expecting the time to arrive when the means would

nerially as it is found incapable of degeneration or deterioration.

Let every man ring throughout the land, that Old Dr. Jacob Townsend is now manufacturing the real Townsend Sarsaparilla, which secersours.seer ferments, and never charges its cheracter.

From this day forth the people shall have the Park Genuius Townsend Sarsaparilla, which shall never sour in the bottle, or in the stomach, and it shall yet banish from the land all Fernorating, Souring, Espisally Sarsaparilla, now in use. A good ding. Vinegary Sarsaparillas, now in use. A good Markaparilla, pure and genuine, oright to live; a poor souring, ship-slop Sarsaparilla will keep pure and personnelly should be supported by the state of th The Old Dr's. Sarsaparilla will keep pure and perfect 100 years.
Unlike young S. P. Townsend's it improves with age, and never changes, but for the better; because it is prepared on scientific principles by a scientific man. The highest knowledge of Chejnistry, and the latest discoveries of the Art have all been brought into requisition in the manufacture of the OLD DI'S. SABAS PARILLA. The Sarsaparilla root, it is well known to imedical men, contains many medicinal properties, and others, which, if retained in preparing it for use, produce ferguerations and seciel, which is injurious to the the very essential medical properties of the root, whic give to it all its value. Any person can boil or stew the root till they get dark colored liquid, which is more from the colorin

Any person can boil or stew the root till they get a dark colored liquid, which is more from the roloring matter in the root than from anything else; they can then steph this lansind or vapidliquid, sweeten with sour molasses, and then call it "Barsaparilla Extract or Syrup." But such is not the article known as the GENUINE OLD DR. JACOB TOWNSEND'S SAR.

This is so prepared, that all the inert properties of the Sarsaparilla root are first removed, every thing capable of lucconing acid or of fermentation, is extracted and rejected; then every particle of medical virtue is secured in a pure and concentrate form; and thus it is rendered incapable of leving any of its valuable and healing properties. Propared in this way, it is made the most powerful agent in the CURE OF INNIMERABLE DISEASES.

Hence the reason why we hear commendations on every side in its favor by men, women, and children. We find it doing wonders in the curre of Consumption, Dyappara, and Live Complaint and in Rhemantom, Scrofula, Pilea, Costiveness, all Contaneous Eruptions, Pimples, Blotches, and all affections arising from INPURITY OF THE BLOOD.

In passesses a marvellous efficacy, in all complaints arising from indigestion, from Acidity of the Stomach, from unequal circulation, determination of blood to the head, p-intration of the heart, cold feet and cold hands, cold chills and in degregate preprietation, and gentle perspiration relaxing easy expecteration, and gentle perspiration relaxing

hands, cold chilts and hot flashes over the body. It has not in equal in Colds and Coughs; and promote easy expectivation, and gentle perspiration relaxing stricture of the lunesythrost, and every other part.

But in nothing is its excellence more manifestive seen and acknowedged than in all kinds and stages of Female Compaints.

It works wonders in case of Fluor Albus or Whites, Falling of the Womb, Obstructed, Suppressed, or Painful Menses; Irregularity of the menstrual periods, and the live; and is a ceffectual in curing all the forms of Kidney Disease. By removing obstructions, and regulating the general system, it gives tone and strength to the whole body, and thus cures all forms of NERVOUS DISEASES AND DEBILITY.
