Stillmore, is Sur Agent for receiving subscriptions and
advertisements for the Miners' Journal.

THE CHROULATION of the Miners Journal is greater than any other paper published in Northern Pennsylva has not other paper published in Northern Pennsylva-bia, and has nearly double the circulation of any other rublished in Schujikill county. Italio circulates largely among capitaliars, manufacturers, iron and coal dealers throughout the Atlantic and Eastern States.

POTTSVILLE.

SATURDAY, NOVEMBER 10, 1849. WE ARE indebted to John Tucker, Fsq., for a Re-

heraster, which require some notice.

PROTECTION TO AMERICAN INDUSTRY.

A subscription paper has been placed at this office, for the purpose of receiving subscriptions to defray the expenses of circulating Petitions to be presented to Congress for a repeal of the present British Tariff, and substituting in its steed a Bill for the protection of American Industry. A small contribution from the friends of Protection will answer this purpose. It has been suggested that the most effectual way in procuring signatures, would be to employ a parson or persons, to visit all the Collieries and towns, &c. &c., in this county. If the people desire Protection they must petition for it.

WE invite attention to the advertisement of A. Mc.

principles .- but it is rather galling to reflect that those who voted right, and endeavored by all the means in their power to avert the evil must also partake of the BITTER CUP. The community ought THE WHIGS AGAIN TRIUMPHANT! to protect those by all the means in their power.

PENNSYLVANIA. That Pennsylvania is a Whig State, is, we believe, a "fixed fact." Tho' at the last election , the Locofocos carried the State, it cannot change the supposition. And since, after the political excitement has cooled down, and forgiving those Whige through whose spathy the State was lost, and after calmly surveying the obstacles against which we had to contend-the desperation to which our political focs were driven, we think the State, under the circumstances, did as well as could be expected. The country districts, especially, did much more than the cities, notwithstanding government patronage has been more liberally dis- tons. tributed there. This difference in the result mu-t beattributed to the efficiency of the country Press.

be on the time of Canal, and places that can be reached Ever ready to do battle in our cause, ever willing, by Boats. The trade to Richmond is dull; the marto do enviling that would advance the Principles kets abroad having been generally supplied. of the party, they nobly contended side by side, forgetting all personal predelictions, for those measures, upon which the prosperity of our country

The country Press of this State are deserving of Lehigh, he thanks of the Whice of the land. When we take into consideration the disadvantages under which, in many instances, they labor, the illiberality with which they are treated by many of the. party, they accomplished wonders, and prevented Pennsylvania from going headlong into the abyss of Locofocoism. ' Honor to whom Honor is due." is a maxim which may be well applied to the country Press of this State.

THE COUNTY JAIL.

The following is the opinion of Jony BAN-MAN, the Counsel of the County Commissioners velative to the act authorizing the removal of the County seat, to Polisville. To the County Commissioners of the County of Schuyl-

The friends of the removal of the Seat of Justice from Orwigsburg to Pottaville, having entered into Bond in the sum of thirty thousand dollars, to indemnify said County against the payment of any expense incurred in the erection of a Court House and public offices, &c., and which Bond having been approved by the Court of Common Pleas in and for the said county.

You desire to know whether, under the Law of the 8th of March, 1848; called the Remoral Law, you are now bound to procure a suitable lot and to proceed to the construction thereon of a County Pruon! From a careful examination of this Remoral Law (which is not only imperfect, but obscure in many of tiaprovisions,)! I have arrived at the conclusion, that, upon the approval of the Bond above referred to, by the Court, it becomes obligatory upon the County Commissioners to proceed with the construction of County Prison.

not because the people of Pottaville may not perform their duty.

If the county should happen to expend money to no beneficial purpose, it is the fault of the Law, and not of the County Commissioners who desire only to perform the duties devolving upon them by Law, with fidelity to the frust reposed in them.

In respect to the title to the Lot on which it is proposed in construct the Court House and Public Offices, it is alleged that the title papers now deposited in the Commissioners' Office, constitute a good title in accordance with the provisions of the removal Law. It may be so, but whether good or not, I do not think a defect in that, furnishes an objection upon the part, of the Commissioners to proceed with the construction of the Prison

The citizens of Pottaville are responsible for the goodness of that title, and unless they furnish a good sittle to the lot, in question, at the time they ask the Court to, decree a removal it may operate as an objection until such title as the Law requires is procued by those bound to procure it.

certed by these bound to procure it.

The County Commissioners are not by the Law constituted the Judges of the goodness of the title—but it will be their duty upon the inviting up of their Report to the Court of Common Pleas, under the 4th section of the Removal Law, to notice any defect which they may discover therein, and the Court will decide whether the Law has been compiled with or not

Oct. 1st, 1849. JOHN BANNAN, Aury

Senate, the Whige have 6 and the Locos 4.

The coalition effected between the Hunkers and
Burnburners, for procuring the spoils is known to
our readers. But notwithstanding this combinaport of the President and Managers of the Philadelphia and Reading Rail Road Company, and also the Report of David A. Neal, Eq., which we will notice next week. It is a scarching report, and views are nut forth that are of importance to the Coal Trade herasiter, which require some notice.

Barnburners, for procuring the spoils is known to our readers, But notwithstanding this combination—this union for spoils—Right was trium—this union for spoils—Right was trium—the number of the Road Right was trium—the number of the n

priate language upon the result:

PROTECTION TO AMERICAN INDUSTRY.

A subscription paper has been placed at this office, for the purpose of receiving subscriptions to defray the expenses of circulating Petitions to be presented to Congress for a repeal of the present British Tariff, and substituting in its stead a Bill for the protection of American fedustry. A small contribution from the friends of Protection will answer this purpose. It has been suggested that the most effectual way in procuring signatures, would be to employ a person or persons, to visit all the Collieries and towns, &c. &c., in this county. If the people desire Protection they must petition for it.

WE invite attention to the advertisement of A. McDonald, agent for the Delaware Mutual Safety Insurance company, in this Borough.

The Coal Trade continues exceedingly deli, and wages are rapidly receding to the European standard, in this region. The blessings of the Locofoco Free Trade British Tariff of 1846, are beginning to be felt severely by all classes of the community. If the Locofoco voters could only be collected in a community by themselves, all the harm we could wish them would be a plentiful dose of their own Free Trade principles.—but it is rather galling to reflect that

NEW JERSEY ELECTION.

The Election in New Jersey, also took place on Tuesday last. The Whigs of Jersey have gained a great victory, notwithstanding the local difficulties they had to contend with. There are Whig majorities in both branches of the Legisla-

now, as she was in the days of the Revolution!

The Coal Trade for 1849.

The quantity sent by Rail Road, this week, is 22,002, -by Canal, 15.678 05-for the week, 38,681 01' tons, howing an increase over last week of about 1000 Boats still continue scarce to carty Coal by Canal

The Act points out certain duties to be performed by the citizens of Pottsville will be possible to the same period last year 401,850 tons on the county Commissioners, and certain duties to be performed by the County Commissioners are not to depend upon the action of the County House, nor in the staking of a conveyance in fee simple for the lot on which the same is directed to be built. The only prerequisite required by the law, is the giving of the Bond of Indemnity by the frieuds of removal; that doise, and the Countissioners are bound to proceed no the performance of the duties required of them, and the county commissioners are bound to rely upon the security provided in the Bond, that the cultzens of Pottsville and the County Commissioners, should act simultaneously in the performance of their respective duties under the law, and it, after the county should make an expenditure in the construction of the Prison, and the citizens of Pottsville should all the county should fail to erect the Count House and Public Offices, under the direction of the County for any such expenditures.

The Law requires the Commissioners to act, and in my opinion they connot legally say that they will not because the people of Pottsville may not perform their duty.

If the county should happen to expend money to be because the people of Pottsville who fail to great may not perform their duty.

If the county should happen to expend money to be because the people of Pottsville who fail to great may not perform their duty.

If the county should happen to expend money to be because the people of Pottsville may not perform their duty.

Philadelphia, Oct. 20, 1842.

The following is from Mr. Daniel Kirkwood, A. M. Teacher of Mathematics in the Pottsville Academy:

Psttsvills, Oct. 3, 1849.
Having examined Ticknor's Mensuration, I do no besties in expressing my approbation of the work.

The following is from Mr. James Johnston, State Librarian:

I harrisburg, Oct. 22th, 1919.

I have carefully examined Ticknor's Mensuration, and, from its judicious arrangement, and the plainness of its rules, and examples, consider it well adapted for use in Common Schools, and for all practical purposes. Unlike other Bocks of the kind, ordinary teachers are qualified to give instruction from it, and it does not require the service of a professor of Geometry.

Masons, Carpenters, and other mechanics, who require a knowledge of this science, will find all the necessary information, contained in this volume.

State Librarian, Pesssylvania.
