THE MINERS' JOURNAL, AND POTTSVILLE GENERAL ADVERTISER. <text> THE FLOWER GIRL. MEDICINAL. MEDICINAL. MEDICINAL. MISCELLANEOS. MEDICINAL. MEDICENAL A SKETCH. -----Unpittled I roam through the world and and weary, Thoops wight are my dawrers, by share by als Oh! ye who can render my fortune less draary, Befriend a fone maiden and list to her tale ; But atill, as if each zephyr had been hush'd In gome far distant bower. The mild mornlight. Stremit's ma the thousand leaves of the broad oak, A husire, like the party light of some Young angel's whay when sporting on the wave Of the eatm take of Heaven. A silver cloud Mann inovelenty, on its broad both of blue, sai avo In sorrow she asks it, Come buy from my basket, rose that the dew drop of heaven doth loppart. With opening bads aispy, Bung, movelenty, on its broad pich of blue, An island spot on the pure placid tide Praylay out a penay. With Elice, young Elico, a poor flower giel: An ibirnal spot on the part platent new Of a bright occan. Hash'd by the cain scene, No insect wing rounded on the dewy all ; Sphe cricket too had into silence hush'd Inconstiously, birtiny solce of praise. Despoil'd are the hopes that may infacty cherish's And severed fariver, the fond and the brave i My father, on victory's field, noby perished, And langeled by fame is the warrior's grave; These wigwlers forms of spiratual estance That move among the trees, rustling the leaves In unseen sport, when every gale is still, But his glory docket end was adversity's token, My mother would muse on his latest farewell, Like the storm riven blosson, she faded, heart bro Were silent on their molaten'd couch of groun. And left me an Orphan-a post flower Cirl. So pure the air, you might have heard the daw Philds Ch. 1 Fa Upon the broad leaves falling ; and the bay la sortow sho asks it. Came bay ftops my basket. A ross that the dew dop of beaver doth impast. Of the far distant watch-dog, like the union Of some lond peal of thunder, would have come. One form alose sought the mild night ; his eps. With opening bade many. No. Anon-npop the bright moon turn'd, ason : Pray lar out a penay, Wha El'en, young Ellen, a poor flower Old. fiedenin Whinte i Hilder Hilder Hilder Hilder Hilder Bruhn tr est tes Bruhn tr est tes Bruhn tr Call Gazing upon ber wandering beams, as oft They figng their radiance o'er some little rill, Ob t where is the cottage, the home of my childhood ; The woodbine is wither'd that shaded the door ; Like memory's ray back on the joys of youth. "I unore," he cried, "how fine a night 'twould be No more woodshield where to mought by the wildwoody Its welcame he biest by the travier no more-tong, tong has the ruln been drear and forsaten, The try entwines where the roke loved to dwall; For billing shanks !" 1823. Wit and Gumor. And oft will the pang of remembrance awaten, Within the lone breast of the soor flower Girl. In worrow the asks ft. As Internative writing from the West, says pork is so plenty, that every third man you meet is a hog. Come buy from my basket. A rose that the dew drop of beaven doth immend With opening sudsmany, Pray lay out a penasy, With Eller, young Ellen, a poor fewer Girl. THEY SAT AN OYSTER, six feet in length, **)***60 has been taken at Nahant. | Who swallows The Farmer. that? Not we. WHY WERE CANE AND ABLE like two o . A1 AGRICULTURAL EDUCATION .- The editor of the b'hoys ? Because Abel was slewed and the Genessee Farmer says-"We are happy Cain was Brand(i)ed. to say that there is every reason to expect that ONE OF THE CANDIDATES for a County the Legislatures of New York and Massachu-office is named Bowie. He ought to go in like a knife. setts will each establish an Agricultural GENY Steat Sto an th tions rutai for I Oc School at its approaching session." That the Legislature of New York will establish such "DON'T BOB YOURSELF," as the farmer said to the lawyer, when he called him hard an institution is highly probable. In that great and glorious State, Agriculture is considered as the most important branch of na-Don't BE SURPRISED if, after you have tional industry, and a knowledge of the scisailed smoothly eight or nine month on the ence of husbandry, is an accomplishment that is coveted by gentlemen as one of the most voyage of matrimony, you are suddenly over-ĊAŬ taken by a squall. important elements of wealth, happiness an Anter independence. What reasons the editor of RABE ARTICLES.-The vehicle where ideas are conveyed. the Genessee Farmer may have in his poses-Two buttons from a coat of paint. sion, which lead to the expectation that the A pint with which you pick a quarrel. Legislature of Massachusetts will establish an Agricultural School, we do not know ; but no PUNCH'S POCKET-BOOK says, "I am temp ted to compare high life to a railroad; it i very delightful, while all goes on smoothly but if you get off the rail the smash is awful. such reasons have appeared to our vision. That an attempt will be made by individual but if you get off the milt the smash is awful." but if you get off the milt the smash is awful. but if you get off the milt the smash is awful. but if you get off the smash is awful. but if you get off the smash is awful. but if you get off the smash is awful. but if you get off the smash is awful. but if you get off the smash is awful. but if you get off the smash is awful. but if you get off the smash is awful. but if you get off the smash is awful. but if you get off the smash is awful. but if you get off the smash is awful. but if you get off the smash is awful. but if you get off the smash is awful. but if you get off the smash is awful. but is about a splying for a pension. That is a setternal decares. but of the perifying smash is awful. but of the perifying smash is awful. but of the perifying smash is awful. but to succeed. but of the perifying smash is awful. to procure the aid of the State for agricultural A education is not improbable; it is, indeed, almost certain. But that any success will follow such an attempt, or that the Legislature will adopt any vigorous measure to support or promote it, are doubtful questions. We dare not indulge the expectation that any thing like an Agricultural School will be en-tablished." - The editor follows up the announcement of his expectations with some er-

and in an the virtue most useful to interme-tual and moral beings. We thank our Maker that this production of noble men is likely to be as much esteened in our lifetime, as are bulls and boars, rams and breeding mares. Of all domesticated wild

and breeding mares. Of all domesticated wild animals, the genns homo is most neglected on many farms. England awards premiums of fifty guineas for rearing well-formed calves ; while she permits unsightly children to be educated for the poor-house and the prime. Of all things pertaining to the well-being of society and of government, that of training up children in the way they should go is most important. We take the liberty to offer a few hints on this subject in connection with what we tegrard as a good agricultural education.

hints on this subject in connection with what we regard as a good agricultural education. To attain this object, boys must be educated on well-cultivated, well-managed farms. This will withdraw them from many temptations, alike adverse to sound inorality and injurious

anke adverse to sound instanty and injurious to physical health and mental vigor. The chief corner-stone of human improvement lies in obedience to the letter and spirit of that
