The Week of this First and Second Coal Fire pa.

We have received from the publishers, a new Map of the First and Second Coal Fields, prepared from actual survey, by Messra. Samuel B. Fisher and P. W. Sheaffer, Eagra. of this Borouch, and published by Robert F. Bmith, Minor Street, Philadelphia. This Map is 6 feet 6 inches by 3 feet 3 inches, mounted on Rolbers, beautifully colored, and is the only complete Map of Schuykkii County published, on which all the townships are designated; and from the character of the gentlemen who prepared it, purchasers can rely upon its correctness. Plice 50, mounted.

The meeting was not characterized by that spirit of harmony and good feelings which is necessary to the success of measures of this kind. To be brief, we never witnessed such bitter feeling.

The meeting was a most disgraceful affair, and reflected little credit upon the town.

To see Judges and Lawyers interchanging low epithets—calling one another liars, &c., and other bad names—is not what will effect the desired results in such cases.

The undersigned were surprised to that Ordinance carried out. The undersigned were surprised to learn that a bill (No. 69 on Senate File) had been read in Senate without the knowledge of the Council or citizens, and without is necessary to the success of measures of this kind.
