THE BACHELOR'S BRIDAL An original paredy on "The Buriel of Sir John Moore." Not a laugh was heard ar a joyous note,
As our friend to the bridat we burried,
Not a wit discharged his ferrench shot
At the bachelor just to be married. We married him quickly, to save his fright,
Our heads from the sad sight turning.
And we sighed as we stood by the tamp's dim light,
To think he was no more discerning.

To think that a bachelor, free and bright, And shy of the girls as we found him, Should here by the alear, at the dead of night, Be caught in the snare that bound him.

Few and short were the words we said,
Though we heartly are of the cakes,
Then escorted him home from that scene of dread,
And thought how awf'ly he shakes. We thought as we hollowed his towly bed,
Of the beech, the birch, and the willow.

Of the shovel and broomstick would break o'er his How the shovel and broomstick would break And the tears he would shed on his pillow.

Says he, "they will talk of their friend who has got And every old "Bach" will upnraid me.
And every old "Bach" will upnraid me.
Ant nothing I'll reck if they'll let me sleep on.
"Neath the coverlet just as they've laid me."

But half of our heavy task was done, Ere the clock toiled the hour for the other, And we left, with the hope that the fate he had won, Would never be won by another. Slowly and sadly, we marched down
From the top of the uppermost story.
And we never have heard from, or seen the peer man
Whom we left not along in his glory.

## Wit and Humor.

PROGRESS OF IMPROVEMENT. "Mother," asked a six foot gawky, after two hours of brown study, "what did you and dad used to do when he came courtin! "Good airth and seas! what do you mean,

Jedediah ?!' "Why, I went a courtin' last Sunday night -1 went to Deacon Doolittle's to see Peggy,

and she told me I didn't know how to court. I asked her to show me how, and says she, "Ax your marm." So now I want to know what you and father did." "La! suz! Why, Jed, we used to sit by the fire and eat roast turkey and mince pies,

and drink cider, and watch the crickets runming round the hearth."

shus, and the only thing Peg gin me was a slightest new pickle."

MAKING A "V."

A story is told of an auctioneer who was provokingly annoyed while in the exercise of his profession, ly the ludicrous bids of a fellow, whose sele object seemed to be to make sport for the buyers, rather than himself to buy. At length, enraged beyond endurance, the knight of the ivory-headed hammer, looking round the room for a champion to avenge his wrongs, fixed his eyes upon a biped of huge dimensions, a very monarch in strength and cried out:

"Marlow, what shall I give you to put that fellow out?"

"I take one five dollar bill."

"Doke, done, you shall have it."

Assuming the ferocious, knitting his brows, spreading his nostrils like a liou's, and putprovokingly annoyed while in the exercise

spreading his nostrils like a lion's, and putting on the wolf all over his head and shoulders, old Marlow strode off to the aggressor, and seizing the terrified wretch by the collar, said to him in a whisper that was heard all

"My good frin, you go out with me I give you half of de money.27 "Done! done!" said the fellow. "Hurrah! hurrah!" shouted the audience. The auctioneer had the good sense to join

in the laugh, and coolly forked out the V. A CONNUBIAL CONFAB. "Arrah Pat, and why did I marry ve. iis tell me that-for it's myself that's had to

which conclusively proves that "Truth is stranger than Fiction." Rheumatism, Bronchitis and Dyspepsia. REV. DR. LANDIS, A CLERGYMAN f New Jersey, of distinguished attainments and exalted reputation:—

BIDNEY, New Jerrey, July 12, 1849.

Da. A. H. Christic—Dear Sir: You wish to know of—
me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE.

My reply is as follows:

For about therety years I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could lobtain permanentrehel from any course of medical treatment whatever. About fourteen years since, no consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which for year slier year, caused me indescribable anguish. Farther: in the winter of 45 and 46, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitts, which soon became so severe as to require an immediaje suspension of my pastoral own and various order countries in this is a specific that hopes I the charge; "and it's myself that hopes I may live to see the day you're a widow, waping over the cowld sod that covers me—then, by St. Patrick, I'll see how ye git along widout me, honey!"

PRAYING FOR HIM!

A witty lawyer, once Recorder of the Third Municipality, New Orleans jocosely asked a boarding-house keeper, in Recorder; Baldwin's court, the following question:

Baldwin's court, the following question:

DR. CHRISTIE'S GALVANIC NECKLACE

Is used for all complaints affecting the Throat or Head such as Brenchitis, inflammation of the Throat, Nervou and Sich Headache, Dizziness of the Head, Neuralgia is the Face, Buzzing or Roaring in the Fars, Deafness which is generally Nervous, and that distressed com-plaint, called Tic Doloreux. Palsy and Paralysis. All physicians acknowledge that them terrible diseases re caused by a deficiency of Nervolk Energy in the sected limbs. Da. Chararin's Galvanic Articles will

supply this deficient power, and a complete and entire cure is thus effected. 1000 Cases of Palsy and Paralysis have been reported to Dr. CHRISTIE and his Agents within the last two years, which have been entirely

restored.

(C)— Car. Avdraw J. F. Tours of Brooklyn, N. Y., had
not been able to walk a step for near four years, and was
so helpless that he had to be fed. The most celebrated
physicians gave him up. In five days after, he com
menced wearing the Galtavic Belty, Necklack, and
Backlers, he walked across the room, and in three weeks r recovered his health. Cortain Tomes

ROBER FACTS THAT NONE CAN DENY!
Now that the Compound Asiasic Balsain has been before the people of this place and County for several months, we submit the following facts to their candidates. 1st. That there never was a Medicine compounded that cured so invariably in 20 shorts time, and with such estire safety and permanency, as the Balsam.

2d. That it cures Diarthora, Dysentery, Cholera Morbds, Summer Complaint, Cramps and Coller. in from 30 minutes it slew hours. By sentery not act soon, as that is of a more infarmatory nature, and under any treatment requires a longer time; but that even much sooner than any other remady or mode of treatment. even much sooner han any other remany treatment.

4th. That one bottle will cure a half dogan sases; thus proving it not only the surest remedy, but also the cheapest ever given to the public.

5th. That no family should be without it. Cases may suddenly salse of such severily that time does not occur to call the regular family Physician. Give the Balsam na directed; send for your Physician, and he will know if the remedy can be relied on; we are willing to abide his decision.

IN THE FIELD AGAIN!

I have never known the Compound Asiatic Balsam, of Dr. M. G. Kerr & Bert left, two eminent Physicians of Norristown, Pa. to-tail in the treatment of that class of diseases for which they alone recommend it is beyond any doubt the most valuable addition to the Materia Medica, that has ever been introduced, not excepting Quinine, that all controlling preparation in Feyer and Ague. And as the orlinary make no pretence to secressy, but disclose its preparation to all Physicians, who lesse to know its component parts, thave Bo' completed to use and recommend it in my price. practice, in which I have found it to possers haroundon curative properties. Under its use, cases recover in a much shorter time, and recoveries are above permanent than under any combination of remedies that I have ever tried. I do therefore, not hesitate to express my entire approbation of it and advise alto tryi. Signed, C. A. PECK, M. D., New York. Or We do not ciaim the Balsam as a universal core

We do not claim the Balsam as a universal "cor all;" but in Diseases of the Stomach and Bowells, has not its equal, as many in this place can testify. has not its equal, as many in this place can testify.

ALWAYS \*HICCPSFUL.

The proofs of the astonishing efficacy of Dr. M. G. Kerr & Reriolet's Compound Asiate Balsam, are pouring in thicker and faster than ever. Nothing were equalled it for rapidity, safety of action, or permanency of cure. Read the following certificate of our respectable and intelligent ex-Commissioner:

Having used Dr. M. G. Kerr & Bertolet's Compound Asiatic Balsam for Diarrhox, Cholera Morbus, and Cramps, in which I found it to possess exceeding and uncommon efficacy in removing all unpleasant symptoms almost immediately. I do not besitate to recommend it to my friends and the public, as the best family médicine cxiant. I consider it perfectly as e, and know it to be uniequally successful, and would not like to be without it in my family.

April 13, 1950.

M. McGLATHERY.

Jeril 13, 1850.

To Dr. M. G. Kerr & Bertolet.

Having used your Compound Aslatic Balsam in my family, and recommended it to others, who also used it with the uniform effect of curing in a short time; I do therefore recommend it to the public as the less medicine in use for the cure of those diseases for which you intend it. It cures generally, even the worst forms of Diarrhea, Dysenlery, Cholera Morbus, Cramps and Cohe, in half to one haur. I advass all my friends to try it.

C. P. NORTON, Polisville, Prepared only by Dr. M. G. Kerr & Bertolet, Druggleis and Chemats, Norristown; and for sale by John G. Brown, Pottsville; E. J. Fry Tamaqua; Morgan F. Medlar, Orwigsburg; J. W. Gibbs, Minersville; R. P. Hunter & Co., Reading, Pa.

were burnt off of him. was reatured (without suffering.) by the timely use of this Oil.

Numerous are the unsolicited statements of patients themselves, and others who have used the Oil, of cures which in themselves appear so remarkable, that were they at all interested in a seculiar point, they could hardly have been credited.

The following diseases are among many others in the cure of which this Oil has been completely successful and in which others had entirely falled:—
spavin, Sweeny, Ringbone, Windgalls, Poll Evil.
Callons, Cracked Heels, Galls of althinds, Lamenass, Fresh Wounds, Sprains, Bruises, Sand
Cracks, Foundered Feet, Scratches, or Grease, Mange, Rhemmatism, Bliesl of
Animas, Eviernal Poisons, Painful,
Nervous Affictions, Frost Bires,
Roils, Cain, Chapped
Hands, Cramp, Contractives
of the Muscles, Swellings,
Weakness of the Joints,
Caked Breasts, &c.

Caked Breasts, &c.

IIIS new and valuable Medicine now used by a medical profession with such as sonishing effica our sales.

(Fairnet from the London Me. Ical Journal.)

(C. J. B. Williams. M. D., F. R. S., Professor o Medicine in University College, London, Consultin Physician to the Hospital for Consumption, &c., says

The Farmer.

Age.-From five, a black cavity, like the eye of a bean, in two middle teeth of the lower jaw, is filled up. At six, the two see. ond are filled up, and at seven until eight, the black marks of corner teeth of lower jaw fill up and disappear, and the tushes are no longer concave on the surface next the tongue. but become round or convex. The marks. being now obliterated, the age cannot be exactly, known; though extreme length of upper fore teeth, their yellow or brownish colour, and projecting over the under teeth, disappearing of the bars in the mouth, and sinking in of the eye-pits, are proofs of great

Spavins .- Blister, same as Ring Bone, adding oil of origanum holf an ounce. Apply. First fire the part.

Sand Cracks, owing to excessive dryness of the crust. Moisten in stable, or turn him out into moist ground:

Verdigris is useful in some cases of soreness or inflammation of the foot. Corns.—Remove the shoe and cut out the corn. Tack on the shoe after applying some tow dipped in tar.

The Frog should never be cut away, non raised by the shoe above pressure with the ground, as it then loses its function of expanding the quarters of the foot, and will also become diseased. Canker .- Cut the diseased part away; ap-

ply each day a fresh liniment of oil of turpentine one and a half ounce, sulphuric acidhalf an ounce, mix slowly; tar three ounces. Pressure is one of the best remedies. Shoes should nowhere be in contact with-

Pole Evil. - Open and apply ointment, hot, of oil of turpentine one ounce, verdigris half ounce, vellow resin three ounces; mix. After disease is destroyed, dress as a com-Staggers produced by too high feeding and

little exercise. Bleed largely and give aloes seven drachms, Castile soap two drachms, water one pint; mix at one draught. Cropping or Docking manifests a want of feeling and a want of taste, which should subject the operator to the loss of a finger by the same useless and dangerous process. Glanders is so difficult of cure as to require a surgeon, and is so fatal and contagious that he should by no means be allowed to go into the neighbourhood of other horses, nor feed from the same bucket or rack, nor use the same harness. Symptoms are, discharge at the nose, and swelling of glands

under the throat. Soon as removed, purify the stall by fime, washing, &c. Strangles.-Inflammation of under-jaw glands, with cough. Give, once a day, Eever Powder, viz., antimonial powder five drachms, camphor two drachms. Mix for

three doses. Change from grass to hot stable is injuri-

Chronic Cough. - Blister throat, keep moderately warm, regular exercise, and each day tartarised antimony one and a half drachm, aloes one and a half drachm, Castile soap one and a half drachm. Syrup to form ball. Fever.-Bleed. Give pint castor oil, keep moderately warm, feed warm bran mashes, and administer, once or twice a day, this Fever Powder: camphor one drachm, antimonial two and a half drachms. Mix.

Excessive purging creates inflammation and is highly pernicious. Give opium, half a drachm, twice a day. Rub well, keep warm and perfectly quiet. If neccessary, blister, and rub with turpentine. Jaundice. - Give, daily, opiom one drachm. calomel one drachm, and syrup to form a

Diabetes.-Give animal food, at first as broth, until he will feed upon flesh, and omit vegetables and all fluids as far as possi-The Mange is occasioned by low feeding, want of cleanliness or by contagion. Rub with oil of turpentine two ounces, sulphur

rivum three ounces, lard five ounces, mixed.

Wind Galls about the fetlock are from

Saddle Galls .- Apply cold water, sugar of lead, and water or vinegar. Brandy and Salt, two thirds brandy and one third salt, good for all kinds of galls, wounds, bruises, and inflammatory sores. 1

hard labour. Cure by blisters and repose.

CHARCOAL FOR CISTERNS! The Horticulturist for April publishes the following report of an experiment made by C. Robinson, Esq., of New Haven .- "My cistern, holding some fifteen hogsheads, is filled from the roof of my house, standing near a street much frequented, although regularly watered during the summer .-Whether the difficulty has arisen from the street, or from the fact that a grape vine overhangs a part of the root, or because the cistern is closely covered, the water all the summer this difficulty became so great, that I was compelled to have the cistern emptied trouble has been greater than usual; so great as to drive me to the unwelcome conclusion. that my cistern must be again broken up, emptied and thoroughly cleaned.

Such was the condition of things when I made the experiment above described; and I very naturally went a step farther. Taking about six quarts of clean charcoal, finely powdered, I wet it thoroughly, in a pail, and then poured it through the water pipe in my cistern. In ten days the whole difficulty was re-

moved, sweet and soft as the purest which

ticte them the more they draw. March 23, 1650 12-6m Attest: J. II. Downino, Clerk. Jane 22, 1850. 16-3mo. JAMBS W. BOWEN. has the means, he can do himself.
