ENTIRELY AND PERMANENTLY CURED,

ENTIRELY AND PERMANENTLY CURED, when all hops of relief had been given up, and every thing else been tried in vain ? To illustrate the use of the GALVANIC BELT, suppose the case of a person afficied with that basic of civiliation. DYSPETSIA, or any other chronic or Ner-ons Disorder. In ordinary cases, ritinulants are taken, which, by their action on, the gerres and muscles of the stomach, afford itempericry relief, but which leave the patient in a lower state and with indured faculties, after the action thus enclied has created. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspecific sufferer, even in the worse symptoms of an attack, and simply the the Belt around the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Gal-ranic circulation which will pass on to the applicative, and hence back sign to the positive, thus keeping up a con-tinuous Galvanic circulation throughset the system.
