IFE INSURANCE.—There is, pechaps, nothing conditions were made for the reception of the little stranger, but it never made its appearance while and children, dependent upon the cold chatty of the world. Therefore every one in life should prepare for this emergency. It can be done, ever by the poorest, through the agency of Life Insustrated on the authority of a highly respect-

stated on the authority of a highly respectable research of the insured. Every man who loves his family ought to get his tife insured. Every man in debt, and owning property, ought to have his life insured, lest at his death his property may be sacrificed. There are, but few who could not save a small sum annually, do neutre their lives; which if not invested in this way would be spent perhaps in trides, and their families thus left to pennty and want.

sional delegation will stand one regular Democratic and two Free soilers. Messrs. Durkee and Doty. were oppossed by regular Locofoco nominations, and received the support of the Whigs. We rejoice at the re-election of George Doty, because he voted in favor of the Protective Policy on all occasions, and for this reason rabid Locofocoism repudiated him.
