STATE LEGISLATURE.

A bill recently introduced by Mr. Mowry Somerset, before the House and referred to the Judiciary Committee, providing for the publication of the Laws in the newspapers of the various counties of the State, has een reported back to the House with a negative recommendation. The bill is complicated, though its object is plain and worthy of support. It might, no doubt, be readily simplified, and thus the benefit of this excelleat suggestion be secured, without the mconvenience of the pharaphranalia accompanying it.

The Free Banking Bill passed the Senate by the following vote: YEAS-Carothers, Carson, Cunningham, Frailey, Frick, Guernsey, Haslett, Hoge, Ives, Lawrence, M'Alone, Myers, Robertson, Savery, Walker, and Matthias, Speak NATS-Bailey, Brooke, Crabb, Fernon, For syth, Fulton, Jones, Konigmacher, M'Casn, Muhlenberg, Packer, Sanderson and

Shimer-13. The Bill designs to establish a system of reneral Banking based on State Stocks. It has been ably advocated by the friends of the measure, and as fiercely opposed by its opponents-Mr. Crabb, of Philadelphia, and Mr. Muhlenberg, of Berks, taking the lead. During the discussion on Saturday, the following amendment was added without a division:

That it shall be the duty of the State Tree surer in paying the semi-annual interest on the loan deposited by virtue of this act, to deduct therefrom, at the rate of two per cent. per annum on the amount of loan so deposi-ted, which sum of two per cent. shall be sinking fund, in lieu of tax on dividends and two counts having been joined in the same indict-stocks, except the State tax on the State loan. ment, one for a misdemeanor, and the other for

His Honor, Luther Kidder, then stated that similar Petitions had been handed to the Court, and they had come to the conclusion to direct the District Attorney, to send a circular to all Hotel-keepers in the County, commanding them to close their Bars upon that day. WOMEN 152 women earn 40 cents and upward per day " 30 to 40 cents per day.

22,538 girls earn less than 10 cents per day. The above figures do not represent the whole vorking population in Belgium, of course; in fact, they exclude the whole agricultural class, which would have made the statistics still more melancholy; but they represent, without doubt, a fair average estimate of town wages throughout the Kingdom.
