Mass Meeting. - We are requested to state that a Mass Meeting of the citizens will be held at the Exchange Hotel this evening. The object of the meeting is to urge the charter for the new Railroad, and to sustain the Coal Operators in procuring a reduction o the present rate of folls, &c.

THE PEOPLE'S ROAD,

Its fearibility -and how it can be made In conversation with a practical business man, the other day, acquainted with almost every inch of ground in the valley of the Schuylkill, he stated that our estimate of the construction of the new Railroad from the high, and was calculated to retard the project to some extent. He proposed the following plan for making the Road, which we

charter is obtained. own to Port Clinton, and also a branch from Manayunk down the Schuylkill, to connect with the Schuylkill Front Railroad, now made or making, and strike the Delaware below Philadelphia—afterwards push the Road from Port Clinton to Pottsville as rapidly as possible, and lay down only a single track. The expense of grading the Port Constitution and the Road form Port Clinton to Pottsville as rapidly as possible, and lay down only a single track. The expense of grading the Port Constitution and lay down only a single track. The expense of grading the Port Constitution and the possible additional revenue per annum, there would have yielded at the lowest rate \$125, additional revenue per annum; there was an actual falling off of the revenue of the whole distance to be made, and laying down a single track. The expense of grading the Road for the whole distance to be made, and laying down a single track, would not exceed the millions of dollars, and it would require about a half million more to stock the Road, to carry a balt million more to stock the Road, to carry a balt million tons of Coal and the other trade, making the whole investment only about two millions five hundred thousand the Coal Region to the Delaware, stocked with machinery to carry upwards of 500,000 and the other trade.

All the Iron required for a single track, would be contained and the coalest trade.

All the Iron required for a single track, would not exceed the authorized to state, will be furnished by the Iron men in the valley of the Schuylkill, for which they will take the Bonds of the Iron men in the valley of the Schuylkill, for which they will take the Bonds of the Iron men in the valley of the Schuylkill, for which they will take the Bonds of the Iron men in the valley of the Schuylkill, for which they will take the Bonds of the Iron men in the valley of the Schuylkill, for which they will take the Bonds of the Iron men in the valley of the Schuylkill, for which they will take the Bonds of the Iron men in the valley of the Schuylkill, for which they will take the Bonds of the Iron men in the valley of the Schuylkill, for which they will take the Bonds of the Iron men in the valley of the Schuylkill, for which they will take the Bonds of the Iron men in the valley of the Schuylkill, for which they will take the Bonds of the Iron men in the valley of the Schuylkill, for which they will take the Bonds of the Iron men in the valley of the Schuylkill, for which they will take the Bonds of the Iron men in the valley of the Schuylkill, for which they will take the Bonds of the Iron men in the valley of the Schuylkill control to the Iron men in the valley o

A considerable portion of the Machinery
