WHAT IS A NEWSPAPER FOR!

The press of America is charged, perhaps too justly, by the English with being whol- defeated by Mr. Frailey. ly devoted to news. There is, however, one striking difference between the press of the by Mr. Frailey. We learn from persons, two countries, which will account, in a meas- who were at Harrisburg at the time, that ment of the State wealth require some peculiar exure at least, for this our national newspaper peculiarity. There are no restrictions upon Frailey moved for its postponement, which port of the public, to supply the previous deficiency. Mount Carbon, and a boarder named Dougherty the press of our country similar to those was accordingly done, notwithstanding sev- It will appear monthly. Terms, S1 a year. Subwhich trammel and control it in Europe.— eral members insisted at the time that he scriptions received at THIS OFFICE. necessary to a publication office in the old for it. It was afterwards called up in the world. Hence newspapers in this country are numberless. Few towns or even villages with inhabitants sufficient to distinguish ges with inhabitants sufficient to distinguish proper, but can hoast of one or more newspapers. Each one therefore, according to
the facilities afforded by its location, or the
taste and talent of its editors, selects some
particular denartment of knowledge to which

more proper, but can hoast of one or more newspapers. Each one therefore, according to
bill. Otherwise, there is no doubt it would
have passed the House. It was, however,
to the living—what a perennial stream of knowledge to which
only postponed to make room for other and
our cemmunity."

wormy of general consideration:

"If a sum of money, one-tenth as large as that
which has gone towards establishing a cemetry for
the dead, had been, or could be devoted to a library
for the living—what a perennial stream of knowledge to which
only postponed to make room for other and
our cemmunity." them from the settled portions of the country 14, but a motion prevailed to postpone it in worthy of general consideration: particular department of knowledge to which more pressing business, and therefore may its columns are more particularly subservibe early called up at the next session. ent... One c'ass constitutes the scientific Journals, another is exclusively religious and a third comprises emphatically the neus-papers. In Europe the number of papers is
Comparatively limited, and the character of

Harrisburg on the subject, and to the friends comparatively limited, and the character of to furnish the greatest variety of reading matter to its patrons, proportionate to the tended directly to the defeat of the object. scarcity of papers.

But it is not our purpose now to present important destiny.

We have before had occasion to allude to "bleed-ing." the reciprocal effect of the press, and the morals of the people. They are mutually dependent, the one upon the other. As the press is meant to represent the views, wants news from California up to the 15th ult. orderly and moral, it will naturally tolerate resign, and the Legislature requested to imorderly and moral, it will naturally tolerate resign, and the Legislature requested to imparatus belonging to it, by their children or wards; and if they frittee to pay for such damage, the pupil so offending shall be dismissed from the School.

This therefore taken for granted, it be comes imperatively the duty of every newspaper to cultivate morality and uprightness, paper to cultivate morality and uprightness.

the press'will compare not upfavorably with the pulpit—the language of the one being addressed to thousands, while that of the Preacher is heard only within the walls of his own church. An engine of such responsible influence should be used only on the side of a company of that place to drive away. ble influence should be used only on the side of a company of that place to drive away of with the subject, then under consideration of every type paper to correct the fallaries and of every subject shall always. Mr. Frailey's course throughout in relation to this Bill was singular, and to us inexplithem changed accordingly, each one trying in its favor, and yet when the time for action came, his course, whether intentional or not, reliable and gientific information in their respective

brought up and consequently lies dead, as it this view of the subject. There is another deserves to be. The difficulty seemed to be and still higher object that should be the to find any member with a cheek hard enough aim of a newspaper, and even those, that to introduce the Bill, although it is said there are peculiary news-carriers, should not be were many members in both Houses, who so exclusively devoted to this department, would have voted in its favor, had it once as to forget or neglect their higher and more been brought up. Its failure, it is supposed was not caused for any want of generous

CALIFORNIA ITEMS.

By the arrival of the Prometheus we have news from California up to the 15th uit.

A great excitement had originated from 50 they in turn reflect to a greater or less degree, the tone of morals spanned by their newspapers. The standard of gentility—of sobriety—order and good morals of a people may very generally and very correctly be inspected from the character of the newspapers.

The citizens met en masse.

A great excitement had originated from 5d. The Old and New Testament will not be used as a class book in the Schools, but each Teacher will be required to read a chapter to the Apprentice, the Apprentic to a greater or less of the Fourth District Court will be required to read a chapter to the Schools, but each Teacher will be required to read a chapter to the Contingent fund, School to order in the morning and afternoon.

4th. Tickuts of admission will be granted by the Directors ofly on the first Monday of each month; but no instance whatever will the Directors permit half-day scholars, or permit such to remain the proposed plan of closing the stores at 8 o'clock in the Schools, but each Teacher to the provided, we have no doubt the regulation would be required to read in chapter to, the Apprentic to provided, we have no doubt the regulation would be a good one. If, for instance, the Apprentic to a greater or less of the provided, we have no doubt the regulation. Notes in circulation. Issue per act 4th May, 1841, Contingent fund, Mertaken, were established on a permanent basis, but or other morning and effect of detailer to morning and effect of detailer to morning and effect of the provided, we have no doubt the regulation will be required to read in chapter to, the Apprentic to a greater or less doubt the regulation will be required to read in chapter to, the Apprentic to a greater or less doubt the regulation. If the provided, we have no doubt the regulation. If the provided, we have no doubt the regulation. If the provided, we have no doubt the regulation. If the provided, we have no doubt the regulation. If the provided, we have no doubt t ferred from the character of the newspapers confinement. The citizens met en masse, they support. For if a community be sober, The Judge was condemned and invited to ble to the Board of Directors for any will in jury

every member. For it matters not what a man's personal character or creed may be, whether a Christian or Infidel, he will generally be found unwilling to patronize or encourage any but the best, that is, the most ble form, size of the New York Tribune.

their children will be immediately dismissed from the Schools for such time as the Birectors may does expedient.

Standing for his family, although prace, ble form, size of the New York Tribune.

no doubt the gentlemen connected with it will publish a Periodical, alike creditable to themselves and worthy the Region. It commends sylvanis Farm Jaurnal, published by A. M. Spang-ler, at Harrisburg—S. S. Haldeman, Editor. The work of the kind has ever been undertaken here work of the kind has ever been undertaken here, signed to give the most reliable information respec ing all matters pertaining to the trade

Outrage.-On Sunday night last, an attack was made upon the house of William Kline, near violently beaten, by a party of the Schuylkill Ran-gers, who, it will be remembered, were exceedingy troublesome in this neighborhood last Summer their hands, and coming up into the Borough, about 3 o'clock, on Monday morning, secured the assistance of Constable Jacob Kunkle, and returned to Mount Carbon. Two of the party, James Goosey and Patrick M'Govern, were found, and finally arder to capture them. Goosey was pursued to Schuylkill Haven before he was caught. Some say the party on Sunday night consisted of 3-others say 5 persons—we have no means of ascertaining certainly.

The difficulty, it is supposed, grew out of Doughton the hanks. It is but too often the case that we honor the dead others say 5 persons—we have no means of ascer-

erty testifying at the last September Court against M'Govern, who was arrested and convicted of being concerned in an attack made upon certain members, of the Troop of Cavalry, of this place, on the 4th of July previous. He was sent to the on the 4th of July previous. He was sent to the per cent, on \$100,000, House of Refuge, whence he recently made his Nov. 5, 1850—Dividend declared, four escape. Goosey was not caught then. He is supposed to be the leader of the gang, and the Judge emarked, when passing sentence upon M'G., that the Court would have been more severe upon Goosey, bad be been arrested. They were brought before Esqr. Kline, of this Borough, and after a hearing committed to prison, n default of \$300 bail, to awant their trial at the next term of the County Court.

Closing Stores.—The subject of closing the Stores of the Borough, in the evening, at an earlier 2d. No books shall be used in the Schools, except such as have been approved of by the Board of Discrepancy in conformity with such text books.

3d. The Old and New Testament will not be used as a class book in the Schools, but each Teacher will be required to read a chapter to, the children, without conjument, immediately after calling the School to order in the motung and afternoon.

4th. Tickuts of admission will be such as the same will be a good one. If, for instance, the Apprentical Library and P. Tickuts of admission will be such as the same will be a good one. If, for instance, the Apprentical Library and P. Tickuts of admission will be such as the same will be a good one. If, for instance, the Apprentical Library and P. Tickuts of admission will be such as the same will be a good one. If, for instance, the Apprentical Library and P. Tickuts of admission will be such as the stores and other business. Due by other banks, Notes and checks of o setablishments, to spend in reading or in other users the same will be such as the stores and other business. On the other hand, this same will be required to read a chapter to, the children, without conjument, immediately after calling the School to order in the motung and afternoon.

4th Tickuts of admission will be such as the stores and other business. LIFE INSURANCE.

We copy the following appropriate article on this subject, from the Wall Street Journal. It is worthy the serious consideration of all those in limited circumstances, who have families dependent on them:

"All men of education and reflection should pronder well upon the advantages of Life Insurance, and should promulgate their acquired knowledge throughout the whole circle of their acquaintance. They should remember that it recommends itself in many instances, who have their acquaintance. They should remember that it recommends itself in many instances, who well according to the other contents and should remember that it recommends itself in many instances that the same for the out-law of the subscribers.
