LIVER COMPLAINT.

JUNDICE, DYSPEPSIA, CHRONIC OR NERVOUS DEBILITY, DISEASE OF THE KIDNEYS.

And all diseases arising from a disordered Liver or Stomach, such as constipation, inward piles, fullness, or blood to the head, acidity of the stomach, nausea, heartburn, disgust for food, fullness or weight in the stomach, sour eructations, sinking or fluttering at the pit of the stomach, swimming of the head, hurried and difficult breathing, fluttering at the heart, choking or suffocating sensations when in a lying posture, dimness of vision, dots or webs before the sight, fever and dull pain in the head, deficiency of perspiration, yellowness of the skin and eyes, pain in the side, back, chest, limbs, &c., sudden flushes of heat, burning in the flesh, constant imaginings of evil, and great depression of spirits, can be effectually cured by

DR. HOOFLAND'S CELEBRATED GERMAN BITTERS, prepared by Dr. C. M. Jackson, at the German Medicine Store, No. 120 Arch Street, Philadelphia.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the U. States, as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of disorders of the Liver and other glands, exercising the most searching powers in weakness and affections of the digestive organs, they are, withal, safe, certain and pleasant.

READ AND BE CONVINCED.—The Hon. Charles D. Hineline, Editor of the Camden *Democrat*, the best paper in West Jersey, says, July 21:—"Hoofland's German Bitters.—We have seen many flattering notices of this medicine, and the source from which they came, induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say we found it specific in its action upon the disease of the liver and digestive organs, and the powerful influence it exerts upon nervous prostration is really surprising. It calms and strengthens the nerves, bringing them into a state of repose, making sleep refreshing.

"If this medicine were more generally used, we are satisfied there would be less sickness, as from the stomach, liver and nervous system, the great majority of real and imaginary diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally. This extraordinary medicine we would advise our friends who are at all indisposed to give a trial—it will then recommend itself. It should, in fact, be in every family. No other medicine can produce such evidences of merit."

[From the Boston Bee.]

The editor said, Dec. 22d—" Dr. Hoofland's Celebrated German Bitters, for the cure of liver complaint, jaundice, dyspepsia, chronic or nervous debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor—a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience and to the afflicted we advise their use."

Scott's *Weekly*, one of the best literary papers published said Aug. 25th—" Dr Hoofland's German Bitters, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitutions will find these Bitters advantageous to their health, as we know from experience the salutary effect they have upon weak systems."

Judge M. M. Noah, a gentleman with great scientific and literary attainments, said in his New York *Weekly Messenger* January 6, 1850—Dr. Hoofland's German Bitters.—How is a reputation built? Which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription formed by the late Dr. Christoffer Wilhelm Hoofland, Professor of the University of Jena, Private Physician to the King of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of empiricism, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in liver complaint, dyspepsia, debility, vertigo, acidity of the stomach, constipation, and all complaints arising from a disorded condition of the stomach, the liver and the intestines. Nine Philadelphia papers speak with the conviction of its excellence, and several of the editors speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted."

MORE EVIDENCE.

The Philadelphia *Saturday Gazette*, the best family newspaper published in the United States, the editor says of Dr. Hoofland's German Bitters—" It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after they have done their guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approval of the Faculty self."

Evidence upon evidence has been received (like the foregoing) from all sections of the country, for the last three years, and the strongest testimony in its favor is, that there is more of it used in the practice of the regular Physicians of Philadelphia than all the other nostrums combined, a fact that can be easily ascertained, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious affections—one dose is immediate. They can be administered to female or infant with safety and reliable benefit, at any time.

REWARD OF COUNTERFEITS.

This medicine has attained that high character which is necessary for all medicine to attain to induce counterfeiters to put forth a spurious article at the risk of the lives of those who use the innocently deceived. Look well to the marks of the genuine They have the written signature of C. M. JACKSON upon the wrapper, and the same blown in the bottle, *without which they are spurious.*

For sale, wholesale and retail, at the German Medicine Store, No. 120 Arch Street, one door below 6th, (late of 278 Race St.) Philadelphia; and by respectable dealers generally throughout the country. Also, for sale by J. BROWN, Druggist, Pottsville, Pa.

Another Scientific Wonder!

PEPSIN!

THE TRUE DIGESTIVE FLUID, OR GASTRIC JUICE.—A GREAT DYSPEPSIA CURE. PREpared from Rennet of the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., No. 11 North Eighth Street, Philadelphia, Pa.

This is a truly wonderful remedy for indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, curing after Nature's own method, by Nature's own agent, the Gastric Juice.

Half a teaspoonful of this Fluid, infused in water, will digest or dissolve, *Five Pounds of Roast Beef in about two hours*, out of the Stomach.

DIGESTION.

Digestion is chiefly performed in the stomach by the said of a fluid which freely exudes from the lining coat of that organ, when in a state of health, called the Gastric Juice. This fluid is the Great solvent of the Food, the Purifying, Preserving, and Stimulating Agent of the stomach and intestines. Without it there will be no digestion, no conversion of Food into blood, and no nutrition of the body; but rather a foul, torpid, painful, and destructive condition of the whole digestive apparatus. A weak, half-dead, or injured stomach produces no good Gastric Juice, and hence the disease, distress and debility which ensue.

PEPSIN AND RENET

Pepsin is the chief element, or *great Digesting principle* of the Gastric Juice. It is found in great abundance in the solid parts of the human stomach after death, and sometimes causes the stomach to digest itself, or eat itself up. It is also found in the stomach of animals, as the ox, calf, &c. It is the material used by Gilmore in making cheese, called Rennet, the effect of which has long been the special wonder of the dairy. The curding of milk is the first process of digestion. Rennet possesses astonishing power. The stomach of a calf will curdle many hundred thousand times its own weight of milk. Baron Liebig, states that "One part of Pepsin dissolved in sixty thousand parts of water, will digest meat and other food."—Diseased stomachs, from no good Gastric Juice, Rennet or Pepsin. To show that this want may be perfectly supplied, we quote the following

SCIENTIFIC EVIDENCE:

Baron Liebig, in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the fresh, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Fowlers & Wells, New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was several times afflicted with this complaint, finding every thing else to fail, had recourse to the Gastric Juice obtained from the stomach of living animals, which proved completely successful."

Liebig, it says "is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Dr. Simon's great work, the "Chemistry of Man," (Lea & Blanchard, Phila. 1846, pp. 321-3) says: "The discovery of PEPSIN forms a new era in the chemical history of Digestion. From recent experiments, we know that food is dissolved as rapidly in an artificial digestive fluid, prepared from Pepsin, as it is in the natural Gastric Juice itself."

Professor Dunglison of the Jefferson College, Philadelphia, in his great work on human Physiology, devotes more than fifty pages to an examination of this subject. His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals are well known. "In all cases" he says, "digestion occurred as perfectly in the artificial as in the natural digestion."

AS A DYSPEPSIA CURER.

Dr. Houghton's preparation of PEPSIN, has produced the most marvellous effects, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the very verge of the grave. It is impossible to give the details of cases in the limits of this advertisement—but authenticated certificates have been given of more than TWO HUNDRED REMARKABLE CURES, in Philadelphia New York and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.

It is a great nervous antidote, and particularly useful for tendency to bilious disorder, Liver Complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury, and other Drugs upon the Digestive organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles Health with Intemperance.

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives instant relief!

A single dose removes all the unpleasant symptoms, and it only needs to be repeated, for a short time, to make these good effects permanent. Purity of Blood and vigor of body follow at once. It is particularly excellent in cases of Nausea, Vomiting, Cramps, Soreness of the pit of the Stomach, distress after eating, low, cold, state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

Price, One Dollar per bottle. One bottle will often effect a lasting cure.

PEPSIN IN POWDERS, sent by mail, free of postage.

For convenience of sending to all parts of the country, the DIGESTIVE MATTER OF THE PEPSIN is put up in the form of Powders, with directions to be dissolved in water or syrup, by the patient. These powders contain just the same matter as the bottles, but twice the quantity for the same price, and will be sent by mail, free of postage, for One Dollar sent (post paid) to Dr. J. S. HOUGHTON, No. 11 North Eighth street, Philadelphia, Pa.

HUGHES' EXPECTORANT,

FOR COUGHS, COLDS, INFLUENZA, WHOOPING COUGH, and Pulmonary affections.—The Proprietor of the above invaluable preparation challenges the exhibition of any other specific which can complete in all essential qualities with that now presented to the public. Himself a graduate of the College of Pharmacy in Philadelphia, and carefully trained in one of the most extensive prescription houses in the city, that will not fail to elicit unbounded faith in its excellence, recommends it as a medicine well adapted for the purpose for which it has compounded. He pledges his professional reputation that it contains no deleterious ingredient, but that the simples of which it is composed, will act in the remotest manner, affect the most tender infant in any way but in the removal of the disease.

For coughs, however inveterate or harassing, its action will be found to be immediate and effectual; whilst in every case it will bring almost instantaneous relief, and if preserved in, will affect a certain cure. Children from their birth, and adults of any age, can rely upon these results. Colds long neglected, or becoming violent through constant exposure, threatening injury to the lungs, and consequently consumption, will be arrested before such a fatal crisis will have been reached. Indeed cases have been known, and are certified to, where it has been ascertained that a pulmonary affection existed which this medicine relieved with all the decided evidences of a radical, entire cure.

This preparation is equally efficacious for Asthma, hoarseness, and bronchitis. Aged persons, particularly, are much subject to the first of those diseases; whilst public speakers, when afflicted with the latter, will be sure to be relieved from these two painful annoyances.

The above statements are made in full view of their importance and weight; their faithfulness will be proven on a fair trial of the specific; and relief to the sufferer be the certain consequence. For further proof of the efficacy of this remedy, the proprietor respectfully refers to the following certificates of some of the first Physicians in Pottsville:

CERTIFICATES.—I deem it a duty I owe to the community, to earnestly recommend "Hughes' Expectorant," as an effectual remedy in colds, incipient bronchitis, inflamation of the lungs, and all analogous diseases. Having prescribed this remedy, and traced its effects upon the patient, I can safely recommend it as superior to any distinct combination now before the public. P. GOULD, M. D.

Pottsville, 1848 ——

Pottsville, August, 1848.

J. C. C. Hughes having made known to me the component materials of a preparation made by him, called "Hughes' Expectorant," I am induced to recommend it as a medicine that would prove beneficial in the various diseases for which he directs it to be given. J. SINNICKSON, M. D.

Having examined the components forming "Hughes' Expectorant," I have no hesitation in recommending it to the public, as it is an excellent remedy in certain conditions of pulmonary diseases.

Pottsville, Aug 18th, THOS GRADY M D

Mr. J. C. Curtis Hughes—Dear Sir—As you were kind enough to inform me of the ingredients which compose your Expectorant, I now, after testing it fully take pleasure in recommending it to all those who may need a safe and effectual Expectorant. Yours, &c.,

N. B. The oil can be used for all kinds of out-door work, and also for painting new buildings.

We append a few recommendations:

Office of the Philadelphia and Reading R. R. Co. }
Philadelphia, July 16th, 1850.

This Company have been and are using Blake's Fire Proof Ohio Paint, for the purpose of painting their buildings. We usually throw a coating of sand upon the paint before it is dry. In the course of a short time it becomes very hard, and seems to be both fire and water proof, under ordinary circumstances.

We decidedly prefer it for the purposes named above, to any paint we have heretofore used, as it costs less and is much more durable, JOHN TUCKER.

Office Little Schl. Nav., R. R. and Coal Co. }
Tamaqua, Nov. 11th, 1850.

MR. A. N. HART:

Dear Sir—About one year ago I had the roof of a building covered with one coat of the Ohio Fire Proof Paint; upon examining it, I find it as hard as slate, I am so well pleased with it, that I cheerfully give you leave to use my name as a reliable improvement, that can recommend it to others, who wish to have roofs or buildings painted of a dark color.

Yours respectfully,

JOHN ANDERSON, Gen. Agent.

Albany, September 7th 1850.

MESSRS. WILSON & HART:

Gentlemen—Last year in order to test the qualities of your Fire and Water Proof Paint, I caused the deck of a canal boat to be painted with two coats of the Paint, and it proved much better than other paint for that purpose, forming a coat as hard as a rock; before the paint was applied, the deck looked like a sieve, and it is now one year since it was painted, and it is as tight as a jug. Yours &c.

ASTROLOGY.

THE CELEBRATED C. W. ROBACK, FROM Locust street, Philadelphia, offers his services to the citizens of Pottsville and vicinity. He has been consulted by all the crowned heads of Europe, and enjoys a higher reputation as an Astrologer than any one living. Nativities calculated according to Geomancy—Ladies $3, Gentlemen $5. Persons at a distance can have their nativities drawn by sending the date of the day of their birth.—Also, Calculations containing the above fee will receive immediate attention, and Nativities sent to any part of the world written on durable paper; and he is prepared to make use of his power by conjuration on any of the following topics: Courtship, advice given for the successful accomplishment of a wealthy marriage; he has the power to redeem such as are given to the free use of the bottle; and for all cases of hazard, and for the recovery of stolen or lost property, and the purchasing of lottery tickets. Thousands of the above named cases have been done in this city and its vicinity, and in the United States to the full satisfaction of all. 10,000 Nativities of Horoscopes have been cast during the last four years while here. Letters will answer every purpose, and will do as well as to call in person, and the mail is now so safe that persons need not fear to trust money through the Post Office. Dr. Roback receives from 500 to 1000 letters monthly, and has never missed one. All letters will be religiously attended to, if prepaid. CAUTION.

THE LATE JOSEPH J. LEVY'S STEEL PENS. FOR SALE HERE.

THE Administrators to the Estate deem it their duty, in order to preserve the high reputation the Pens have maintained for so many years, in the government offices and throughout the commercial community, to adopt this mode of cautioning the public against a commercial pen attempted to be palmed off as the original one, well calculated to deceive, from the close imitation of the late *Mr. Levy's Signature* on the interior of the lid of each box, and also of the shape and labeling of the same. These spurious goods have been got up by certain parties not only to supply persons who sell round the city, but also for the purpose of introducing in a legitimate form, through some portion of the trade to the public; repeated complaints of late have led to inquiry, which show, in some instances, they have succeeded in this. It has therefore become expedient to establish a guide for the detecting of these counterfeits. All boxes will have the SIGNATURE of the SOLE AGENT, S. PHILLIPS, in his own handwriting on the outside:—NONE ARE GENUINE WITHOUT THIS, let them come from what source they may, and NO ONE is furnished with the original pen to sell around under any circumstances. The attention of Stationers is particularly called to the foregoing facts, several having been imposed upon. The Ag
