In 1849, the Railcient to fill the allotted space, and a consider- road Company being anxious to postpone the evi day, and to ascertain how heavy a burden the citizens of Schuylkill county could bear, applied to the Legislature for a turther Supplement to the Act of April, 1848; and the Legislature, at their request, granted them two years, for the purpose of erecting against this application, and the bill passed. Du ring the winter and summer of '49 and '50, nothing of any importance was done by the Company, sav staking out the boundaries of what they intended should be the location, and now May, 1851, is here, Geo. Pratt, 116 Nassau Street, New York. Term and we are about as far from the accomplishment of the Act of March, 1848, as we were upon the evening of its passage. It is true, a building has been erected, and ' or

Engine endeavored to make the trip" but failed, and it is said that the erection of the building was utended to in such a negligent manner, that a firstclass Engine cannot effect an entrance into the building, in consequence of the door-way being too low to allow it to pass. We are informed that the curve upon the read is too great to allow the Engines to pass with safety, and until this is obviated, the idea of bringing the passengers to Pottsville has been abandoned

We were satisfied, from the first, that the Comany were acting in bad faith, and their purchasing the Mount Carbon Hotel, and other property there proves conclusively to us, that if the citizens of Pottsville wish justice and fair play, they must ease being gulled by the shallow promises of the Reading Railroad Company. - A CITIZEN.

Theitation to President Millard Fillmor and Cabinet .- Pursuant to notice, there was a large enthusiastic meeting held at the Hotel of Mrs./Mary Weaver, in this Borough, on Saturday evening last, for the purpose of appointing a Committee to wait upon the President, and to extend to him and his place, at their earliest opportunity On motion, JACOB REED, Esq., was appointed

After a few more happy remarks and compli-mentary allusions, the General concluded Charleston, has adopted a series of resolu- with assuring his visitors that he felt highly tions, and listened to a number of long-win- gratified by their polite attention. A few minutes afterwards some casual o'clock remark was made respecting the sword that
Gen. Scott wore by his side, when the Gen-South Carolina has always manifested such a mad-cap sort of disposition, and such an had selected this sword, from many others, vited to attend:

withdrawn. As the whole household feels and | coal of the same kind in the world, and far feels deeply the desertion of one of its memgreat number of purposes. Cannel Coal Evening Service commences at 7 o'clock. bers-even though the worst, and gladly breaks with a dull fracture, but is capable of State, and preach repentance and common. tion will be paid by our gas companies. It ble to spontanous combustion, contain a considerable portion of salphur, this is the read packed together, and made wet with water.

If one part of water is added to six parts re as follows:

of strong sulphuric acid in a glass vessel,

Resolved, That in the opinion of this meeting, the State of South Carolina cannot submit to the wrongs and aggressions which drogen gases in the coal, and a spark will do thus united, when various portions of our beloved land were severed by conflicting interests and conflicting opinions; but that the people of the Copi Region by their union in thus assembling to extend to the District Attorney, was, if the to the Chief Executive an anvitation to visit their cargoes. It is the absence of sulphur in cannel coal, which makes it so valuable for good gas. We would like to see more of this coal in our city, and hope that we may held the state of the see more of the see mo Resolved. That we hold the right of Secretary and world beside. The total reliable of all the cession to be essential to the sovereignty and world beside. We have anthracite, bitumifreedom of this Confederacy; and that the nous, and cannel coals in abundance. Our been presented to the Court, from citizens of denial of that right would furnish to an people in New York know what the Liver-the county, complaining of the great evils injured State the strongest cause for its exerand anthracite, but few, very few of them Resolved. That this meeting looks with know anything about the beautiful cannel confidence and hope to the Convention of the coal; not one in a thousand, we believe, has People, to exert the sovereign power of the ever seen a sample of it. We trust that State in defence of its rights, at the earliest what we have said may be the means of practicable period and in the most effectual bringing it more prominently into public no-

PUTTING OUT VESUVIUS .- Mr. Mc-Laughlin, recently returned from abroad, states that there is a project on foot at Naples to extinguish the fires at Vesuvius! It is understood that the bottom of the main or to he level of the sea. The plan, therefore, is to dig a large trench or canal from the sea to the crater, the expense of which will not exceed two millions of dollars, and thus ex-tinguish the fires that have been burning for bousand of years! It is said that the fine on ish Bishop of Chiapa, with the view of re-lieving the poor Indians from the cruelties to ten times pay the expense of executing the

ish Bishop of Chiapa, with the view of relieving the poor Indians from the cruelties to 
which they were subjected, proposed to substitute Africans for Indians. The suggestion 
was immediately acted upon, and the Emperor Charles V. granted a patent to certain 
persons to supply the Spanish Islands with 
siaves. This was the same Charles whom 
Luther met at the Diet of Worms.

It is gaid, however, that negro slaves had 
been imported into the Spanish Colonies as 
early as 1501; and that Las Casas only chose 
one of the two existing evils. In those days 
and long afterwards, few appear to have 
thought it wrong to kidnap, or purchase from 
"gented" American rogues. What, will 
of portional the fine
