Pottsville, October 5. 1850.

40—1f

THE POLLOWING Circular has been adressed to the public by the Young Men and Apprentices of this Borough, in behalt of a Library to be established for their benefit .-The enterprise is certainly commendable and highly worthy a fiberal support the address speaks for itself: APPRENTICES LIBRARY.

fidress of the Apprentices and Young Men of Pottsvill Our object is to establish a Library and Reading Room for the benefit of the Apprentices and Young Menof Pottsville-we respectfully ask the assistance and co-operation of the public in the enterprise. n presenting our claims for public generosity, we do so with the honest conviction of the worthiness our undertaking, and a consciousness that the public will appreciate and assist in sustaining it. An Apprentices' Library would be of great advantage Dorado from Chagres arrived at New York onth to the immediate members and to the community. last Saturday .- California has been visited to the interests of so large a class of our population must materially effect the general good. and as the influence of the mass and its several con- and farmers. The news from the mining stituent parts are reciprocal and proportionate, it is regions is generally favorable.—A consideraany portion of society is bettered, so the position of he whole people is advanced. What ver improves the one, tends also to accelerate the progress of the other. of a large number of intelligent females. It A Library would form a nucleus of attraction for the young men of our Borough. It would supply the means of occupying their leisure hours—cultivate the neglected spirit of literature among them, and aid in Lynching is still practised upon an occasional the development and strengthening of both the mental and moral faculties. In the absence of such an Institution, the time between the hours of tabor hangs. The election for U. S. Senator will not take heavily on our hands, and naturally engenders, habits place till after January next.—Heavy snows of idleness, to say nothing of more dangerous temptaions to which we are exposed.

The subject has already been agitated for some

hesses, universed or aepin of cone, or softeness of shade, by any in Europe of America. These Pictures are impressed on a surface of sitver and gold, transparently coated over the entire likeness, preserving it in all its beauty unaffected by light or age.

Besollect for a few days only, and cheap as any other establishment. Call (muediately.
