THE BLOOMER COSTUME.

The new style of ladies' dress has every- time was spent in visiting the celebrated Bosthing to recommend it-health-beauty-ton Common, of which the Bostonians may economy-convenience-facility of locomo-well be proud. It is an enclosure of about motion-and thus far. we have not seen a 20 acres, laid out in grass plats, traversed it solitary serious argument against it-and on the other hand, we have seen many excel-lent solid articles in favor of it. The truth is, the press almost universally approve it.--In many places it is already partially adopted, and it only requires a little courage on the part of a few leading ladies, who do not with its huge arms netted and bound together care to appear singular, to give it a general with iron bands and bars, to prevent their introduction throughout the country. It is high time that we should have a national fe-male costume, and be no longer dependent on the Bostonians, and much care is taken to preserve it from decay or harm. It is the male costume, and be no longer dependent on Paris milliners for the modes and the part of only survivor of the indiscrimicate destruc-

ladies' apparel. tion that marked the progress of the British army in the struggle of the Revolution.-D Fux.-The Reading Journal grows The British army was encamped in the continue of the subject of the substitution of which they destroyed, save this one which a huge whistle for a bell, at the Machine shop now stands in solernn grandeur, pointing the of the Reading Railroad Company at that present generation who regale themselves in
