TEMPERANCE, POLITICS, ADMICULTURE, GENERAL
NEWS, &c. It will be independent in character, fearless in tone, and aim constantly to farnish the most
correct dispassionate, and telishle views of the subjects under discussion. It is designed expressly to

expression for their views: the publisher therefore
intends to make it just such a paper as the spirit of
the times demands, for circulation among the masses.
Its cheapness, and the importance of the field of fabor it enters upon, will very greatly extend its circulation, and render it undoubtedly one of the most
serviceable journals of the day.

The Journal will be printed on good paper, about
the size of the Ninera' Journal, before its enlargement. A new four of ty-e is now casting for it;
and with the advantage of a Power Press, the publisher hopes to furnish a paper that will compare favorably with any in the State.

SUPREME COURT is now in session at

JUDGE APPOINTED .- GOV. JOHNSTON has appointed DANIEL AGNEW, Esq., of Beaver county, to be President Judge of the district composed of Beaver, Butler, Lawrence and Mercer counties, in place of Judge. Bro-DIN, deceased. Mr. A. is the nominee of the Whig party for the same station at the general election.

SHE'S COME.—A veritable Bloomer lady, arrived in town yesterday afternoon, and will deliver a lecture, in costume, on the subject to-night, at the Town Hall. See advertisement. Mrs. Buckley drew a crowded house at Reading, we understand, on Thursday night. She will deliver but one lecture here-we therefore advise our friends, ladies and gentlemen, one and all, to come out this evening and see and hear, and judge of the new Style for themselves.

OFFICE HUNTING PARTY .- Judging from the number of candidates announced in the Locofoco papers of this county, it would seem that the whole party wants office. They seem to be greedy at present, knowing that the power is passing rapidly from their hands, in this county, forever. There are already, we believe, more candidates in the field for the different offices, than there will be delegates to nominate them.

OUTRAGE.-A party disguised as Indians attacked under-Sheriff Smith, of Albany, on Tuesday, dragged him out of his wagon, took his papers, tied his hands behind him, and prepared to tar and feather him, when they were dissuaded by one of the; party. Mr. Smith was sevring subpænas upon persons in relation to an examination, now progressing touching an attack recently made by a party in disguise upon a man named Fish.

TERRIBLE FRESHET .- A sudden and terrible freshet has arisen in the Juniata, causing great destruction to property generally, and injuring very seriously, it is feared, the State Improvements and the Pennsylvania Railroad. A number of bridges are reported to be swept away. At Water Street, Huntingdon county, several houses near the river were swept away, and a family consisting of a mother and six children, was drowned. The rise in the Susquehanna at Harrisburg, is but slight, but the river above is reported covered with wrecks of bridges.

They were following a school of mackerel which had been working up the south shore during the past week. One vessel, on Wednesday, caught fifteen barrels in three hours. The Three Cent Piece.—The people of Rew Orleans, who have never heretofore

deigned to touch any coin smaller than a picayune or half-dime, and would not now contaminate their figures with the touch of copper coin, appear to regard the new three-cent piece with a great deal of favor. - Gen.
