NTATE MITTHAL FIRE INSURANCE COMPA NY. The State Mutual Fire Insurance Company. It all starts burge, whose advertisement with he mound in author column of this papier, it will be one of the most successful and functioning institutions of the Mind now in existence in this or any other state in the Hulton. This Company was chartered at the payment of several heavy loases. Daily American. In addition to these manifest advantages, it will be seen that the Company is chartered upon the resulted principle, and that consequently, whatever may be the rate of premiums, about equal, or pethaps less than that levised by stock companies generally, to originally exacted; but the capital thus created is safely

than that levind by stock companies generally, is origi-ically exacted; but the capital thus created is safely and profitably invested, and the clear profits distributed at the end of the year, or oftener, if the directors may so determine between the parties, insured, according to the amount of premium paid in. The officers of this Company are gentlemen, of the the oneers of this Company are gentlemen of the highest respectacibity and worth; and their well-known character for uprightness and probity is an ample guarantee that all the sperations of the Compa-ny will be conducted with scrupplous dielity. Cap-tein daks P. Rutherford, the President, is too well known litthis community to require any recommenda-tion from us; and Wr. Gillett, the Secretary. is not only a young man offried and sterling integrity, but from histhorough business habits, and long and active

LIFE INSURANCE .- There is, perhaps, nothin value of which can scarcely be estimated.— over the present Car in use, in lessening the later realism scarcely be estimated.— over the present Car in use, in lessening the interior and southern for the supply of the interior and southern markets, but also the eastern. It is the nearest to the capitol of the state, and to the TERRIBLE TRAGEDY. — We received yesterday the following slip from Mr. Sharp, deputy clerk of the Montgomery circuit court giving information of a most horrid murder could not save a small sum annually to insure their Baltimore, and other cities on the Chesapeake Bay, can be more quickly and cheaply obtained here, than in any other coal field, as the distance is less, and the avenue to market, by both canal and rail-road, are most ample.

When the Tremont and Mount Eagle Rail-Road is constructed, and a proper connection is formed with the Philadelphia, Reading and Pottsville Rail-Road, the free burning anthrashows, that he intended to make a declaration with substitute of the responsible for the prisoner was a servent in the family of Mr. Scholten, and became enamored of his daughter. He declared before, as the testimony shows, that he intended to make a declaration of this subject can be obtained on application to the subject can be obtained on the s
