## FROM EUROPE.

The Europa arrived at Halifax on Friday. with Liverpool and London dates to the 18th. -The cotton market was depressed and prices had declined one-eighth since the 8th. Extensive preparations were being made at Southampton for Kossuth's arrival-he was not expected till the 24th or after. -The Exhibition awards at London were creating much dissatisfaction. The goods were being rapidly removed from the Palace. - Mr. Lawrence had returned from his tour in Ireland. -The information brought home by the Arctic Expedition was undergoing strict investigation, with reference to the expediency of making further search for Sir Jno. Franklin.

The affairs of France grow daily more unstable. The Ministry bave all resigned, in consequence of the President's determination to restore universal suffrage by repealing the electoral law of May 31st. Much interest is manifested throughout all Europe for the result-a revolutionary crisis is anticipated to be near at hand. It is said that in some parts of the Republic, the peasants of whole districts are known to be members of secret societies.

That human scourge, of faction's cords,
That whip so tight and close together, And make such b ind and lawless hordes Devoid of sense, or reason either. Unorus: Sing fal de ral, &c.

These many years ye've had the sway, And what is all the good ye've done? Our gold and silver's all away. Our noble State in debt is run: Our various muits through our domains May coin at gold till judgment day; But Europe's bound to have the gains,

While Locofocos have the sway. So, now, ye've got the reins again. And say good times we'll soon enjoy; The very blind, the sick and lame, Throughout our land, shall find employ; But, ah! how false you fill your place. Such vain pretentions will not do; Our noble State ve do disgrace,

Involve in debt and misery too. Hail, fair Columbia! watch thyself. And don't be gulled by sellish knaves;
For faction's sake they'll sell thy wealth—
Instead of freemen we'll be slaves Our rolling mills already stand. Extinguish'd is our furnace blaze; All idle are our best of hands. In these dark Locotoco days.

Our Lebanon hills abound with gold.
