Stonach, and Asiatic Cholera.

[MIS Mixture has been used and recommended by

physicians and others as a standard medicine, and
has been successfully tested in numerous violent cases of Cholera Morbus, Diarrhea, Cholic, &c., and
will not fall to care in one case in ten, If administered according to directions, on the first attack.

It is just what every family, vessel, steamboat,
barge, and traveller should always keep on hand to
guard against sudden attack, as the Cholera Morbus
is most likely to attack its subject in the night, and
the sooner the remedy is applied the better. Asiatic
Cholera is, in most cases, preceded by Diarrhea,
and Griping Pains in the bowels; and, doubtless,
one great reason why so many persons die of Cholera is, the want of proper remedies administered in
the first stage of the disease, or the delay in procuring a physician before the patient is past cure.

era is, the want of proper remedies administered in the first stage of the disease, or the delay in procuring a physician before the patient is past cure. Reference can be given to hundreds of the most respectable persons, as well as to physicians who have used it, and witnessed its effects it coring the most viplent cases of Cholera Morbus and Diarrisea. Price 25 cents per bottle.

Certificate from Dr. Leonard Lawrence:—During the Summer of 1840, while on a visit at Mr Brewster's, in Bridgeton, I had a sewere attack of Cholera Morbus, attended with extreme prostration of the system, and a profuse perspiration and voniting. I was induced to use a Cholera Mixture, prepared by Mr. Brewster, which instantly gave rellef, and a few doses effected a permanent cure. I used no other medicine whatever. I have since used it in my own family and recommended it to others, in all cases with the same results. From a knowledge of its contents, I should not hesitate to recommend it as a sate and efficient medicine in all cases of a like nature.

This oil will mix with all kinds of coloured paints, whether Fire proof or not.) used for Steam and Canal Soats, Brick fronts, Frame buildings, Bridges, Fences, I in and fron roofs and gutters, all kinds of Iron work, Agricultural Implements, Carts and Wagsons. It dries bard with a fine gloss, will stand heat equal if not better than other oils, and posesses, when dry, ros smell. It is suitable for prissing Doors, Sashes, or any other work, where White Lead is used.

The low price of this Oil, is an inducement to Farmers to use Obio paint mixed with this Oil, instead of time wash, as it is a great preserver of wood work. Fence posts and rails, coated twice with this Oil alone, will be preserved for many years. For sale by the Keg or Barrel by B. BANNAN.
