SCHOOL BOARD. The Board of School Directors failed in electing a Treasurer on Thursday evening last. They had four failures.

For Henry H. Lewis, 4; For Daniel H. Brown, 1; For William King, 1. No candidate having a majority of all the votes polled, the election was postponed until Thursday evening next.

Yesterday morning's mail, from Philadelphia, went on to Pottsville, and for the latter place will be delivered to the quarters of the school directors. The school directors are to meet on Thursday evening next.

It is equally unpleasant to us as to anybody else, to be obliged to find fault in this way, but the duties of Mail officers are too important to the general public convenience to suffer any dereliction to go unnoticed.

TEMPERANCE IN THE EAST. Maine set the example on the Liquor question, and Rhode Island and Massachusetts have not been slow in following in her footsteps.

Gov. BUTTWEILL of Massachusetts has evidently "put his foot in it." Of the two bills passed by the Legislature, he was forced at last to sign the most objectionable one.

A CRAZY MAN appeared in the lower House, at Washington, on Thursday, and proceeded to read the members a lecture, but was stopped. Strange they should interrupt him—they ought to be accustomed to crazy speeches, by this time.

THE SUBJECT OF BURNING ANTHRACITE COAL IN OUR NATIONAL NAVY, with a view of avoiding Spontaneous Combustion, is a subject of great importance to our Government for several years past, and after repeated experiments, Mr. STRATTON, the Engineer in chief of the Navy, has made a Report to the Secretary of the Navy, which is strongly recommended by the National Steamers fitted with iron boilers, as being more economical, and entirely free from smoke and accidents from Spontaneous Combustion.
