THE GREATEST HISTORICAL AND *ALLEGORICAL PRINT OF THE AGE.*
IN Commemoration of that most important event in the American Revolution, "*The British surrendering their arms to General Washington after their defeat at Yorktown, Virginia, October, 1781.*"
The Engraving is executed by Tanner, Vallance Kearney & Co., from an original drawing by J. F. Renault, and published by Benjamin Tanner, Engraver, Philadelphia. The size of the print is 25 by 34 inches, and was originally published to Subscribers at $12 in the sheet.
NEW EXPLANATION.
THE HISTORY.—In the first and grand plan are exhibited three large groups of the principal officers, who were present at the transaction, with a faithful likeness of each.
In the first group is seen General Washington, General Rochambeau, General Lincoln, Colonel Hamilton, an old Farmer eager to contemplate the scene, Billy the servant, and the Horse of General Washington.
In the second group are American and French Officers; General Knox, Secretary Wilson, the Duke de Lunzun, and the Marquis de La Fayette.
The third group is descriptive of the British surrendering their arms. Lord Cornwallis, General O'Hara, Commodore Dimmond, Colonel Carlton, with two figures cut off, Lieutenant-Colonel Ralph Abercrombie, Lieutenant Colonel Dundas, Lord Chewton, &c.—Lord Cornwallis appears presenting his sword to the first General Officer he meets, but General Washington is pointed out to him as the only person to whom he is to surrender his sword.
On the left and in the distance are the different armies and crowds of spectators. The House of Secretary Wilson, occupied by Lord Cornwallis and his staff, which was bombarded and pierced with balls, the Marquis de La Fayette having remarked that they were carrying dishes for the dinner of Lord Cornwallis, asked leave of General Washington to serve him a dish of his own cooking, and immediately after several bomb-shells fell through the roof on the table, and wounded some, and dispersed the party.
☞ ALLEGORY.—On the left is erected a monument in honor of those illustrious heroes who sacrificed their lives and fortunes to insure to their children, the Liberty, Peace and Independence they now excel.
Published at $3 by WM. B. LANE, PHILADELPHIA, and to be had at the office of the "*American Courier,*" No. 116 CHESTNUT Street, Philadelphia, as Premium to that Paper.
☞ A Liberal Discount to Agents.

BLAKE'S Patent Fire Proof PAINT. FROM OHIO.
THE Subscribers have just received a further supply of this singular and valuable substance. In addition to the slate color, they have a beautiful chocolate or brown, resembling the sand stone now in use, and so much admired for the front of buildings.
Its principal ingredients are silica, aluminan and protoxide of iron, which in the opinion of scientific men satisfactorily accounts for its fire-proof nature—the two former substances being non-conductors, and the latter acting as a cement, to bind the whole together and make a firm and durable paint.
For use it is mixed with Linseed Oil, and applied with a brush, the same as ordinary paint, to wood iron, tin, zinc, canvass, paper, &c? It hardens gradually and becomes fire-proof. It is particularly suitable for roofs of buildings, steamboat and car-decks railroad bridges, fences, &c. A roof coated with the article is equal to one of slate, at a vast saving of expense.
Specimens may be seen at the office of the subscribers. HARRISON, BROTHERS & Co.,
