provisions hereof to-serve as Judges of the Supreme Court of this Commonwealth, one person tolserve as President Judge of the Judicial District in which such county shall lie, and two persons to serve as Associate Judges of the several courts of such county. That the Judges of the several courts of such county. That the Judges of all other Courta of Record, shall be learned in the law, and all the aforesaid Judges shall be otherwise qualified as required by the second section of the fifth article of the Constitution of this Commonwealth.

That the election for Judges shall be held and conducted in the several election districts in the same manner, in all respects as elections for représentatives aie or shall be held or conducted, and by the same Judges, Inspectora, and other officers; and the provisions of the Act of the General Assembly, entitled "An Art relating to the election of this Commonwealth," approved the 2d day of July, 1829, and its several supplements, and all other like laws as far as the same shall be in force and applicable, shall be deemed and taken to apply to the election for Judges: Provided, That the noresaid electors shall vote for Judges of the Supreme Court on a separate plece of of paper, and for all other Judges required to be learned in the law, on another separate piece of paper.—(See gen. Acts of 1851, page 55-6). In pursuance of an Act of the General Assembly of the Commonwealth of Pennsylvania, entitled "An Act relating to the elections of this Commonwealth of Pennsylvania, entitled "An Act relating to the elections of this Commonwealth of Pennsylvania, entitled "An Act relating to the elections of this Commonwealth of Pennsylvania, entitled "An Act relating to the elections of this Commonwealth of Pennsylvania, entitled "An Act relating to the elections of this Commonwealth of Pennsylvania, entitled "An Act relating to the elections of this Commonwealth of Pennsylvania, entitled "An Act relating to the elections of this Commonwealth of Pennsylvania, entitled "An Act relating to t

ereby given :
"That the inspectors and Judges, chosen as afore said, shall meet at the respective places appointed for holding the election in the districts to which they re-spectively belong, before nine o'clock in the morning noting the election in the districts to which they reprectively belong, before nine o'clock in the morning
of the second Tuesday in October, in each and every
year, and each of said Inspectors shall appoint one
clerk who shall be a qualified voter of such district.
In case the person who shall have received the second highest number of, votes for Inspector shall not
attend on the day of election, then the person who
shall have received the second highest number of
votes for Judge at the next preceding election shall
act as Inspector in his place. And in case the person who shall have received the highest number of
votes for Inspector shall not attend, the person elected Judge shall appoint an inspector in his place, and
in case the person elected Judge shall not attend, then
the Inspector who received the highest number of
votes shall appoint a Judge in his place; and if any
vacancy shall continue in the board for the space of
one hour after the time fixed by law for the opening
of the election, the qualified voters of the township,
ward or district, for which auch officer shall have been
elected gives an at the place of election, shall elect
one of their number to fill such wards.

ward or district, for which auch officer shall have been clerted bresent at the place of election, shall elect one of their number to fill such vacancy.

It shall be the duty of said Assessors respectively, to attend at the place of holding every general, special, or township election, during the whole time said election is kept open, for the purpose of giving information to the Inspectors and Judges, when called on intelation to the right of any person assessed by them to vote as such election, and such other matters in relation to the assessments of voters as the said Inspectors or Judge, or either of them, shall, from time to time, require. lation to the assessments of voters as the said Inspectors of Judge, or either of them, shall, from time to time, require.

That no person shall be permitted to vote at any election as aforesaid, other than a white freeman of the age of twenty-one years or more, who shall have resided within the State at least one year, and in the election district where be offers to vote, at least ten days immediately preceding such election, and within two years paid a State or County Jax, which shall have been assessed at least ten days before the election. But a citizen of the United States who had previously been a qualified voter of this State, and removed therefrom and returned, and who shall have been assessed at least ten days before the election. But a citizen of the United States, and having resided in the election district, and paid tax as aforesaid, shall be entitled to a vote after residing in this State one year, and in the election district ten days aforesaid, shall be entitled to vote, although they shall not have paid taxes.

No person shall be permitted to vote whose name is not contained in the list of taxable inhabitgaits furnished by the Commissioners as aforesaid, unless first he produces a receipt for the payment within two years, of a State or County tax assessed agreeably to the constitution, and give satisfactory evidence, either on his own oath, or affirmation of nother, that he has paid such atax, or on failure to produce a receipt, shall make oath to the payment thereof; or second, if he claims a right to vote by being an elector between in ages of twenty-one and twenty-two years, he shall depose, on oath or affirmation intait he has resided in the State at least one year next before his application, and make such proof of residence in his district as is required by this act, whereapon, the does verify believe from the account given bim that he hose for the age aforesaid, and give such other evidence as is required by this act, whereapon, the

them. "In all cases where the name of the person claiming to vote is not found on the list furnished by the Commissioners and Assessors, or his right to vote, whether found thereon or not, is objected to by any qualified crizen, it shall be the duty of the Inspectors, to examine such person on oath as to his qualifications, and if he claims to have resided within the State for one year or more, his oath shall be sufficient proof thereof, but he shall make proof by at least one competent witness, who shall be a qualified elector, that he has resided within the district for more than ten days next immediately preceding for more than ten days next immediately preceding said election, and shall also swear that his bona fide residence, in pursuance of his lawful calling, is with-in the district, and that he did not remove in the said in the district, and that he did not remove in the said district for the purpose of voting therein.

"Every person qualified as aforesaid, and who shall make due proof if required, of residence and payment of taxes, aforesaid, shall be permuted to vote in the downship, ward, or district in which he

payment of taxes, aforesaid, shall be permitted to vote in the township, ward, or district in which he shall reside.

"If any person shall prevent or attempt to prevent any officer of an election under this act from holding such election, or use or threaten any violence to any such officer, or shall intertupt or improperly interfere with him in the execution of his duty, or shall block up or attempt to block the window or avenue to any window where the same may be holden, or shall riotously disturb the peace in such election or shall riotously disturb the peace in such election or shall riotously disturb the peace in such election or shall or or pratice any intimudation, threats, force or violence, with the design to influence unduly or overawe any elector, or to prevent him from voling, or to restain the freedom of choice, such person on conviction shall be fined in any sum not exceeding five handred dollars and be imprisoned for any time not less than one nor more than twelve months. And if its shall be allown to the court where the trial of such offence shall be had that the person so offending was not a resident of the city, ward, district, or township, where the said offence was committed and not entitled to a vate therein, then on conviction, he shall be sentenced to pay a fine of not less than one hundred dollars, and be imprisoned not less than one hundred dollars, and be imprisoned not less than one hundred dollars, and be imprisoned my lest on wager upon the result of any election within this Commonwealth, or shall offer to make any such bet or wager, either by verbal proclamation thereof, or by any written or printed advertisement, challenge or invite any person or persons to make any bet or wager, upon conviction thereof, he or they shall forfert and pay three times the amount so bet or offered to be bet." The Judges are to make their returns for the coun

The Judges are to make their returns for the county of Schuylkill, at the Court House, in Pottsville, on FRIDAY, the 15th day of October A. D., 1852, at 12 o'clock M. of said day.

Given under my hand and seal at the Sheriff's Office, Pottsville, and dated September 9th, in the year of our Lord, one thousand eight hundred and fifty two, and seventy-sixth year of the Independence of the United States of America.

God Sace the Commonwealth.

EQUALITY OF THE SEXES. As we have thus far touched upon the

question of woman's position in society, perhaps our readers will allow us to conclude with a fable, under which we fancy we can discern a lurking moral. The legend says—we will not be so impertment to our learned readers, or so ill-bred to our unlearned readers, as to say in what ancient author it is, or ore, as to say in what ancient author it is, or is not, to be found—but the legendisays, that once on a time, Selene complained to Zeus of the gross partiality which had allotted to her orbia light so much fainter than that of the god of day, and even that faint splendor ceasing and waning according to him. inequality was a relic of chaos and barbar-ism, unworthy of an enlightened age. She spoke so eloquently of lunar rights and solar usurpations, solar arrogance and lunar degradation, that Zeus ar legth—olli subrilens, as Maro hath it-with a lurking satire in his smile, nodded assent. The next day the new moon appeared, not as a umid delicate crescent, but as a second sun, as bright, bold and fiery as the god of day himself .-When Kosciusko came to England, after being emancipated from the dungeon into stead of one diminished, the difference was which he had been flung by the Empress Cath- not much noticed; but as the month rolled erine, he sent a note to Wolcot, apologizing on, and the cool summer nights were changed for requesting a call from him, and pleading into burning summer days, by this novel dehis suffering from his wounds for not calling upon the Doctor. "I was surprised," said worked up to a pitch of wonderment. How Wolcot, "at such a request, but I went and astonishing! How wonderful! How delights aw the great man extended on a sofa. Af-ful! said everybody. One or two ventured ter the first civilities between two perfect to add+How disagreeable! And as the novstrangers were past, I asked him how it city were off, it was disagreeable. Poets beinpened that he had sent for me?'

THE READING GAS.

The Reading Journal comments upon the gas lately manufactured in that place by Mr.

"Few operations are of greater simplicity than that of producing gas. It will gratity those who have heretofore regarded it as a mystery, to look in upon Mr. Miller, and be-hold him employing in it about the same amount of cunning as the cook exerts in furpishing us with our daily cup of coffee .-Compared with it the operation of distilling is a complicated affair. A furnace and three cast iron retorts walled into a space of three sess but little of mystery beyond that of the are supplied with the necessary ingredients. oil, water and rosin, and are heated to a red heat with Anthracite coal, when the gas begins to pass by tubes prepared for it through is ready for use. The cooler is a cast iron airtight vessel partially filled with water and the refiner is a similar vessel containing lime-

water to divest the gas of its impurites and The gasometer in this establishment contains, when filled, about 120 feet of gas .-The retorts are semi-cylindrical in form, and mon educting pipe through which the gas in the twinkling of an eye, (a thousandth has laid pipes from his gasomeler, on the part of a second would have been too late.) surface of the ground, to the Journal office. he clapped the halves together before the where his gas may be seen burning side by blood got chill. I was well in a moment.—
It was a critical affair." "That," Wolcot but rather costly gas works. It is considered better by about one third than gas produced should be viewed with favor by all, and the Wolcot made love to a Cornish widow man who effects it should be regarded as a

DAYS OF THE WEEK. It might be supposed, perhaps, before reflecting upon the subject, that the determination of the number seven as the number of days of the week was incidental and that any other number, a little greater or a little smaller, would have answered the nursose as well. On reflection, however, we find that there is a very profound and permanent, though still a very simple reason for preferring the number seven. The reason is, the number six, which is the real length of the working week, leaving a day of rest out of the amount, is a number divisible both by hree and by two. A thousand conveniences result from this, which we daily experience and enjoy, though we seldom speculate upon them. A newspaper for example, may be published, or a packet boat may sail, either every day or every two days, or every three days, and in either case comes out right at the end of the week. This now would not ly he will make people respect him. The share English reign of terror, just opposite the have been possible with any other small number of days in a week, had been 4 5 6 8 or 10. we should have been subjected to great indonvenience in many of the arrangements of business, which now flow very smoothly. If the weeks had consisted of six days, for example, having five for the numberiof business days, everything which was required to be done once in two days, would fall on different days in every succeeding week, thus creating much confusion, all of which is avoided by the simple contrivance of having a week composed of such a number of days that it can be divided evenly by both two or three .- Hunt's Merchants Magazine.

A FABLE. - Aristotle tells a story of a their steps, granted all their wishes, filled One day Wolcot, when eighty years of age; their houses with wealth, made them happy the most degraded and unhappy.

WHEN COFFEE WAS FIRST USED. The history of coffee is perhaps not known and warled assortment of Fruits, Cakes and Confectionery, which he will sell as cheap as can be bought at any other establishment in Philadelphia, and he invites all persons who helder purchasing elsewhere. Orders from the country will receive prompt attention.

May 1, 1852.

Name and varied assortment of Fruits, Cakes and Confectionery, which he will sell and monish. Was a sweet creature. Betsy, "said I, Soliman Aga, presented some of the seeds to a king of France, as a pleasant beverage or a clothes line in her hand, you may put it down that she is industrious and will make a good wife for somebode.

Awiter in Hont's Merchant's Magazine says that in the 16th century an Ottoman Ambassador, Soliman Aga, presented some of the seeds to a king of France, as a pleasant beverage produced in Arabia; in 1654 an Armenian, named Pasquel, onened the first class of the country of the seeds to a king of France, as a pleasant beverage produced in Arabia; in 1654 an Armenian, named Pasquel, onened the first class of the country of the seeds to a king of France, as a pleasant beverage produced in Arabia; in 1654 an Armenian, named Pasquel, onened the first class of the country of the seeds to a king of France, as a pleasant beverage produced in Arabia; in 1654 an Armenian, named Pasquel, onened the first class of the country of the seeds to a king of France, as a pleasant beverage produced in Arabia; in 1654 an Armenian, named Pasquel, onened the first class of the country of the c It is now in general use all over the world; and nearly all the coffee is the produce of the new continent, where about one century ago it was not cultivated at all. The people of
