THE GREAT KENTUCKY REMEDY. DR. JOHN BULL'S SARSAPARILLA!! WILL WONDERS NEVER CEASE?

IP the following cures, performed alone by the use lof BULL'S SARSAPARILLA, are not wonders, then we acknowledge that we do not know the meaning of the word. Read, and te convinced that facts are stronger than feeter. then we acknowledge that we do not know the meaning of the word. Read, and to convinced that incis are stranger than fection:

Line P. O., Fulton Co., Ky., Oct. 1, 185].

Dr. John Bull: Dear Sir—The two dozen of your Sarsaparilla, ordered in September, came to hand, and; in acknowledging the receipt of the same, I feel I would be doing you injustice to withhold the following among many of the instances that have come under my observation, during the last two years, of the great carative properties of your Sarsanarilla;—Mrs. Jeannette Martin, a highly respectable lady of my neighborhood, aged sixty-five years, had been long afflicted with a cancerous ulcer, which that if reduced her to so helpless a condition, that she could not leave her bed. She tried the best medical advice in our county, without relief, and had given up all hopes of a cures—Atthits stage of her case. I persuaded her son to take a bottle of your Sarsaparilla. Ho did so, and in a short time returned, and purchased another bottle, stating the first had had a decidedly good effect. She continued to use it until, after the use of five or six bottles, I had the pleasure of seeing the old lady herself at church. She assured me that she had almost entirely ecovered her health, and from her I received the account of her disease, and in about the same words I give it to you. This is but one of a number of cures under my observation—of very remarkable ones—performed by the use of your Rarsaparillatin my neighborhood. The demand for it has steadily increased since its fetroduction hero.

Very respectfully, your obedient servant,

Will. R. DICKINSON, P. M.

STILL MORE W.)NDERFUL:

1, Thomas A. Ringo, of Graves Co., Ky., for the benefit of mankind generally, do hereby certify, that on or about the 16th day of October, 1817, I was artacked with a very severe pain in the lower part of the abdomen, which lasted out a few minutes, and

on or about the 16th day of October, 1847, I was attacked with a very severe pain in the lower part of the abdomen, which lasted out a few minutes, and moved into the left hip, and continued exceedingly painful for about five days, during which time I had a very light fever. At the end of that time the fever ceased, and the pain abated for a day or two, after which it again returned, and was much worse than before. During all this time I was under medical treatment. From a short time after I was taken, I was unable to walk or sit up; the hip in which the pain was so bad commenced rising, until some time in January, when it burst, and a number of pieces of pain was so bal commenced rising, until some tine in January, when it burst, and a number of pieces of bone came out—as many as twenty, at least. Some of the pieces were three-fourths of an inch long.—Some time after this ha hard knot appeared on my right hip, also one on my right wrist, and one on my leg, below my knee. I continued to get weak and worse, and pain made its appearance in my right shoulder, and would move in my breast and stomach. At this time all persons gave me up to die. A physician then told me that, as a last remedy, I had better use Mr. Ball's Fland Extract of Savaparilla. After the use of the second bottle, the knot on my wrist commenced getting soft. I opened it, and a day or two after, a piece of bone came out. My wrist soon got well, and I continued to gain strength. After I used the third bottle, I could get no more for some four weeks, after which time I succeeded in getting three more bottles. After using the three last bottles, the knot on my hip became soit; it was opened and some corruption ran out, together with a small pieco of bone, and the sore soon got well, and the knot entirely disappeared. The sore on my leg also opened, and a piece of bone came out. I continued the use of the Sarraparilla until I used twelve bottles, and am now entirely well, and able to do daily labor. It may seem atrange to some, but I will here state that, during the summer of 1819, I coughed up three pieces of bone, which can now be seen at the residence of my uncle, Thomas Neal, where I now live, and if any person doubt this sintement, I will live, and if any person doubt this sintement, I will live, and if any person doubt this sintement, I will live, and if any person doubt this sintement, I will live and and an one entered well and an entered in will live and and an one entered well and an entered in will live and and an one entered well and an entered and an enter see no good reason why the increased supply that

up three pieces of bone, which can now be seen at the residence of my uncle, Thomas Neal, where I now live, and if any person doubt this statement, I will be happy to converse with them, if they will call on me. (Signeth) THOMAS N. RINGO.

This day personally came before me the undersigned, an acting justice of the peace in and for said county, and made oath in due form of law, that the above statement is true. Munscribed and sworn to, this 15th day of February, 1850.

S. P. MORSE, J. P. for G. C.
L. Edwin Anderson, Clerk of the County Court of S. P. MORSE, J. P. for G. C.
I, Edwin Anderson, Clerk of the County Court of
Graves County, State of Kentucky, do certify that S.
P. Morse, whose name is signed to the above certificate, is now, and was at the time of signing the same,
a instice of the meace, in and for said Graves Coun-

and the peace, in and for said Graves County, duly commissioned and qualified as such, and that faith and credit are due at this official acts, as such. In testimony whereof, I have hereunto set [L. 8.] my hand, and caused the seal of the County Court of said County to be hereunto affixed, this eighteenth day of February, 1850.

EDWIN ANDERSON. ty Court of said County to be hereunto affixed, this eighteenth day of February, 1850.

Can the reader believe, after reading the description of the above numerons cares, that there is shill a few human beings, suffering with disease, that require to give Buill's Sarsaparilla a trial. It is indeed to believe, but nevertheless, it is too truc.—
What kind of testimony would it take to convince the few remaining disbelievers, that buil's inedicine will do more even than it promises. The doctor could produce another and another cure performed by his medicine; but if the cases published above will not convince the skeptical, it is useless to produce any more, and, indeed, it would cost a fortune to publish the many certificates that have been showered on Dr. Buill. The largest mammoth sheet in America would not contain even the names of those cured, let alone full statements of their cases.

Resumatism of the Severest Character Cured.
For the last three years I have been afflicted with Rheumstam of the every etcharacter. I was at times in the greatest agonies of pain. I trued every remedy I could procure, but found no permanent relect until I used Buil's Sarsaparilla, which performed a permanent cure. I shad MBRIDGES.

Mercavial Headache, Fais in the Liver, dec. I have been for a number of years severely afflicted with a mercurial headache, and a dull, heavy pain in my liver. I used most of the remediers of the day, especially the Barsaparilla prepared by different persons, but to little advantage until' tried Ball's, three bottles of which performed a perfect cure.

I'm Owen Druggist,

Erysipelas, Dincisses, &s.; Great Cure.

I was afflicted with the above to an alarming extent. Several physicians told me that I would lose that I would lose the process of the county of the several physicians told me that I would lose that I would lose the process of the county of the several physicians told me that I would lose the process of the several physicians told me that I would lose the process of the several physicians tol

and my general health is better than it has been for years.

CHAUNCEY BACON.

Compositor at the Democrat Office, Louisville, Ky.

Physicians Recommend Bull's Sarsapavilla.

Da. Hell—Dear Mir—We believe your Sarsaparilla to be the best article ever manufactured for the cure of Scrofula, Piles, Cancers, Old Sores and Ulcers, and many other cutaneous and glandular affections, having used it with entire success in many cases.

AMERICAN LIFE AND HEALTH

INSURANUE COMPANY.

CAPITAL, \$500,000 - incorporated by the Legislature of Pannaylvania, 1830, - Charter Perpetual. —

Office, 70 South TiliRD, Street, opposite Dock, Phil-

This Company must not be confounded in any way This Companymust not be confounded in any way with the various unchartered and irresponsible concerns, called Health Associations—got up without capital, and managed by persons from distant States, who are unknown to our citizens.

The late failure of these associations has been attended with loss and injury to many of the people, and more especially to the industrious poor; and, in consequence, some uninformed persons have been eld to look with distrust and suspicion upon all sorts of Health Insurance.

The American Life and Health Insurance Company, is regularly chartered by the Legislature of Pennsylvania and is the only chartered Company now insuring Health in the State; its Trustees are well-known citizens of this city; it is doing a very extensive business, upon a new plan, entirely safe, both to the Company and to the Insurance, in both its Life and Health Departments, and under restrictions and responsibilities by its Charter, it must always be able meet its engagements. It is, therefore, entitled t nidence of the public.

PORTABLE STEAM HOISTING AND PUMPING ENGINE.

A RCHAMBAULT'S Portable Steam Engine has A now been introduced into this Region, and found to work well for Pumping, and also for the hoisting of Coal. The subscriber, therefore, confdently solicits orders from the Operators and others in Schuylkill county.

The Portable Engine can be used with paculiar advantage in various applications, such as Hoisting Pumping, for driving Botary Streens. Saw Mills Corn Mills, Threshing Machines, &c., &c., besides being readily moved, with little labor, and in a shortime, to various positions, to suit its work. It requires but one man to keep up steam and, at the sams time, to attend the brakes—thus being much more economical than the ordinary stationary engine.

The Franklin Institute, at their Enhibition in 1851, awarded the first premium (Silver Medal) for one of these Portable Steam Hoisting app Pumping Engines.
Orders for any horse power supplied at short notice.
