Messers. W. & B. B. Ivgs. Merchants, Salemingers, which is a porgative, Dr. Wright's Indian Vegetable Pills (for whom you are his agents in Saleming and have found that medicine of great worth.

Last November we were visited by a kind of indammatory fever, (the same I presume which greatly affected our neighbors, the Brazilians, for nearly a year) the symptoms of which had an analogy to the yellow fever, and nearly three hundred persons fell victurs to the epidemic (a great number for a population as small as ours.) Our doctors named it the true yellow fever, but their skill was inefficient to stop his progress, conding their mode of treatment to the use of quining, and the application of leeches, forbidding the use of purgatives, and of course all the soldiers and sallors, who were obliged to be sent to the Hospitals, as also the Governor, several Magistrates, several officers, and in fact all those who were really afflicted with the disease, fell victims under their mode of treatment.

A month previous, I had received three dozen boxes of Dr. Wright's Pilis, which I presume were bought at your store by Messas. Goldmith, Newcomb & Fariesa, merchante in your city, and with whom I am doing business. I had the opporunity to administic these Pills to several under my roof, who were affliced with the same fever, and two doses of eight Pills each completely cured them of the complaint. I then gave exvay nearly all my Pills to some twenty or thirty persons, and all were relieved as it were by enchannings. DOCTOR YOURSELF.
