In effect, though this map, at first sight of whom it was easy to recognize vigor and suppleness, was followed by two slaves, one bearing for him a sword and two javelins, the other leading a Numidian courser—he like out appears at all dispensed to all first sight of stimuch of science used in man to mar the identification of sample in man to mar the identification o the other leading a Numidian courser—he did not appear at all disposed to allow the people a spectacle of the struggle that awar the latter this fantastic chase, the more agreeable to the struggle that awar the latter this fantastic chase, the more agreeable to the struggle that awar the latter this fantastic chase, the more agreeable to the crowd that it was the less expected him. He advanced slowly to the circus, the many below to the left of the circus, could field neither to the right not to the left. He sprang over the head of his enemy, whom he had set himself to pursue that no citizen of the Leader, an English patheter this fantastic chase, the more agreeable to the crowd that it was the less expected. A second leap brought the lion to the horse, which, crouching at the back part of the circus, could field neither to the right not to the left. He sprang over the head of his enemy, whom he had set himself to pursue with unequal founds, bristing his hair and uttering from time to time sharp growlings, or, going his wonted rounds, ran against the same citizen:

"You haven't read the ordinance. You

threaten and bellow, exclaiming, "It is a combat, and not a martyrdom, that we come to see!" And now the cry was heard "To the cross! to the cross!" In comparing punishment with punishment he preferred this, though the suffering might be more protracted. A ray of ineffable joy shone in the eyes of the young man, who extended his arms in token of thankfulness, happy that he was about to die the same death by which the Redeemer made his apotheosis.—At this moment he heard behind him a sigh, so deep that he turned himself, so deep that he turned himself.

Which the fugitive answered by neighings of terror.

Soon the ill-fated courser, fascinated, as stupid fellow," said the Mayor in a passion. "Yes, I have;" said the Norman, "and there's my lantern."

But there's my lantern."

But there's my lantern."

But there's no candle in it," rejoined the Mayor.

"The ordinance said nothing about that," replied the scrupulous citizen.

The next day there appeared a new ordinance, enjoining the citizens to put candles in their lanterns. At nightfull the Mayor, anxious deep that he turned himself.

Soon the ill-fated courser, fascinated, as stupid fellow," said the Mayor in a passion.

"You haven't read the ordinance, "Yes, I have;" said the Norman, "Yes, I have;" said the Norman. "Yes, I have;" said the Many of the speciators were sprinkled with once more run foul of the luckless boargeois, showers of blood. Actes uttered a cry of "I have you this time," said the Mayor adjeu to her Christian brother. She no identification in a fury, "you have no lantern." "Actee !" exclaimed the youth as he has. Soon as I observedyou, hopesprang up in my ger had a delender, but she no longer had reart. You are courageous and strong, in the enemy. The lion survived only long enough for vengeance; the agony of the exured to combate with the inhabitants of the desert. Peradventure, if you fight, you may save us both."
"And the mattyrdom ?" interrupted Silas. "And the pain!" said Actee, letting fall

im terminated. As to the horse, he lay dead, without having been touched by the lion.

Now all eyes were directed to Actee, whom Now all eyes were directed to decenters. Some dles," quickly rejoined the bourgeois, of the enectators rose to demand her merci. So another ordinance had to be issued, enher head upon her breast. Alas! I am not like thee, born in a holy cuy; I am a maiden of Counth. I have never heard the words of life from the mouth of thim for down!" was heard, for at the lower steps a lanterns. words of lite from the mouth of Him for whom we are to die. Brought up in the religion of my ancestors, my faith and creed are new. The word martyrdom was unknown to me until yesterday. Perhaps I might have courage for myself; but, Silas, if I were forced to see you die this slow and death.— Soon she shuffed the air, and began to crawl like a sement towards the place where the

ed to the earth, looking round with ferocity, but without inquietude or asionishment.—
Soon she snuffed the air, and began to crawl have f done?" The christian. "What have might have courage for myself, out, onto, onto, one if I were forced to see you die this slow and cruel death—"

"Enough—I will fight!" exclaimed Silas.

"I am sure to find, though late, the joy with which you charm me this day." Then making a sign of command to the slaves—"My horse, sword and javelins!" said he with the voice and gesture of an emperor.

Soon she snuffed the air, and began to craw! I have I done?" The christian "What have I done?" The christian in the since says he does the horse had fallen; arrived there, she reared hear horse had fallen; arrived there, she reared hear horse had fallen; arrived there, she reared hear have I done?" The christian wows he does not. Who was it that said, "Behold I am vile!" Was it Saul, Judas or Jeroboam? No. It was Job, "a perfect and an upright man, one that feared God, and escheweth soils from the blocd yet warm and palpitation flech reached her: she marched straight.

The habits of an evangelically righteous. voice and gesture of an emperor.

The multitude clapped their hands, per-The multitude clapped their hands, perceiving that they were soon to winess one of shose. Herculean struggles which could not fail to arouse sensations rendered obuse by the ordinary combats.

Silas quickly approached the hurse. It was, like him, a son of Arabia. The two compatriots recognized each other. The man addressed the courser in a strange language, but, as if the animal understood the words, he neighed an abswer. Silas took from the back and mouth of his companion the saddle and bridle which the Romans had imposed as badges of slavery, and the child of dle and bridle which the Romans had imposed as badges of slavery, and the child of the desert bounded joyously around the lib-

sed as badges of slavery, and the child of the desert bounded joyously around the lib-desert bounded joyously around the lib-desired.

Meanwhile, Silas, in his turn, treed himbut losing sight of her. When all the saints are not out of their senses, but without losing sight of her. When about ten paces from her, she reac, and with saints are. There is madness some-about turben; girded on his aword, seid the air which came from the place; then, obeyed with the doclity of a gozelle, and, when the whole amohitheatre, in feet; and, when the whole amohitheatre, in vauting upon his back, he made, while bending over his neck and without any help for directing him than his knees and voice, three circuits around the post where Actee was bound, in the manner of Perseus when defending Andromeda, the pride of the Arab outrivaling the humility of the Christian.

At this moment a folding door oranged here. bound, in the manner of Perseus when designed and subject the price of the Arab control when he spectators, who had prepared to clap fending Andromeda, the price of the Arab control when he spectators and the spectators, who had prepared to clap in the product and subject the price of the Arab control when he spectators and the spectators, who had prepared to clap in the spectators and the spectators. At this moment a folding-door opened below the Podium, and a buil of Cordova, law-15, 1633.

At this moment a folding-door opened below the Podium, and a buil of Cordova, and a buil of Cordova, and single products amount in value to there hundred and emandatures all knows of Fancisca, the heat constantly on had emandatures all knows of Fancisca and the should and should of the strong light terrified and entire in a possible and through the whole place, by fread on the ground, and, directing upon the finding and driving an it the view of the spectators and the should his head on the ground, and, directing upon the finding and driving and the product amount in value to there had successes the assonished Actes opened her circus; but he had hardly taken two steps circus; but he had hardly taken two steps circus; but he had been considered the should the should have the products amount in value to there hundred and enabling and driving an it we view of the spectators and the should this head on the ground, and, directing upon the first illustration. At these of the multitude looked upon this granting the thinks and suffered three trials; and, since she was free. Thus the changed spice of the tigress as a prodigy. Besides, Actee the multitude looked upon this granting the his head on the ground, and, directing upon the stream House, and respectfully sollicing and to the products amount in value to there have carely the stream House, and the spectators and the spectators and the spectators are the amount of the multitude looked upon this granting the high the spectators are trials; and, since she was free. Thus the chang MATHEMATICAL INSTRUMENTS.

CAUTION TO BATHERS. At a period of the year when watering plaed for a moment to doubt whether she was an ces are thronged, bathing is much resort animated being, such was har immobility ted to and in this healthful recreation both

animated being, such was nor immonity and pallor, giving the appearance of a statute; but very soon stretching out his neck and nose, he shuffed the air which came from her place of confinement. Instantly gathering strength he rushed directly at her. The maiden saw him coming, and shrieked with horror; but Silas was watching over her. It was now his torn to rush upon the hult which made for fight: but by a convater deeper than in necessary for the on the buil, which made for fight; but, by a contact water deeper than is necessary for the few leaps of the faithful Numidian, he was quickly overtaken. Salas sprang from the back of his horse to that of the buil, and the buil, and the built water deeper than is necessary for the back of his horse to that of the built, and the built water of which you have not ascertain.

while with his left arm he seried him by one tained.

horn and twisted him neck, with the right hand he plunged his sword to the hill; in his throat. The bull, thus alsughtered, fell expiring at half a lance's length from Actee:

any meal, when the digestive organs are in the hind along the right of the land along the right of the ri but she had closed her eyes awaiting death.
The applauses of the circus alone apprised bathing dress; let it be light in texture and white in color, or a near approach to it.

Three slaves now entered the circus, two If you observe the first caution, you will,

conducting each a horse, which they hitched to the bull for the purpose of dragging him out of the amphitheure; the third bearing a cup and amphora. He filled the cup, and a cup and amphora. He filled the cup, and
presented it to the young Syrian, which he barely sipped, but demanded other arms.—
shock. If you heed the fourth, you avoid They brought him a bow, arrows and spear. (the moral certainty of a contrary course) the made all haste to sally torth, for beneath cramps and their result, death by drowning the throne which the emporer had left void, or appolexy. And it you will heed the last, you in one way lessen your danger, as your ng torth from his fair, majestically entered garments will then absord but hittle water; the circus.

He is truly the Ring of Beasts, for when with a roat he saluted the day, all the spectuators trembled; and the courser, firmself, mistrusting for the first time the minbleners of his feet, answered with a neigh of sifficial.
