The Miners' Journal POTTSVILLE, PA.

SATURDAY, JAN, 14, 1853. Democrat.

D Moxs. BEDINI, the Pope's Numero, vi-THIS MINBRS' JOURNAL has a lar-per circulation than any other Newspaper pub-isshal in Northern Pennsylaania. It circulates awang the Coal, Iron and business men, not only in this and the adjoining counties, but in all our atties, and it also rirrelates largely among the wasses in Schuylkill county, which renders it ous of the most valuable Advertising mediums in he County. But free papers have so many capi-alists enrolled on its subscription list. THE MINERS' JOURNAL has a lar.

C ESTRAORDINARY FROM ATTRALIA-Gold by the pound !- The latest news says that the peoples' heads are all turned with a Divine OBIGIN ON THE BIBLE. This recent discovery in the gold diggings. A subject is now being argued before large au- gold quarry, apparently inexhaustible, has

diences in Philadelphia, by Mr. Basker of been discovered about 56 miles from Gee-Ohio and Rev. Dr. Berg of that city the for. | long, 100 to 130 feet from the surface of the mer denving the superhuman authority of earth, putting all other diggins' in the shade. an adequasi supply. We have no room at present the Scriptures and the latter replying in the 18.000 oz have been taken our in three days affirmative. The discourse is to continue for by a few persons, and one person got a lump thing is very certain, Potterelle must have more eight, or by mutual consent, twelve even- weighing 190 lbs. in one solid piece. This

is said to be no exaggeration, and the greatest excitement prevails. A rebellion has broken out aniong a portion of the Miners, in consequence of the rmnosition of a Mining license fee by the British erament.

We have received a recent Report for this THE GENERAL MINING LAW

HON. HENRY K. STRONG IN 1851 AND IN 1853. Their lands lying in Huntingdon and Bed-We have so often had occasion to advert lord counties, comprise from 2500 to ,3000 o the General Mining Law, within the year past, that our readers must be pretty well tuminous character, or as Messrel R. & S. acquainted with our opposition to its extenterm it, semi-Anthracite, comewhat similar sion to this County, and the reasons thereto the Cumberland coal, but is represented to We, therefore, do not propose to refor. se harder, and free from sulphur. It is also

peat our afguments now ; but, inasmuch as the triends of the movement in the State Legislature are likely to bring it up at un early day in that body, and will doubtless use every effort, fait or unfair, to extend its provisions to this County, we wish to adthey may prepare themselves to defeat it ; and we, also, pronose to show up the motives of one of

its principal projectors. We oppose it first, because it is not wanted. In some places it may be, and doubtless is, necessary-indispensible. In such cases we have no manner of objection to it ; but individual enterprise in Schuylkill County has proved itself, for more than a quarter of a century, amply adequate to all the requirements of the trade. It is a remarkable fact that of the two million and a half tons of roal sent to market in the year just closed, not one pound of it was mined by a Company ! All the improvements now making in the Region are by individuals, the few Companies in existence among us being content

derive their dividends from other and ough During the Summer past, it was found neeasier sources. Again we oppose it, because the movement does not originate with, nor is favored by, our practical Operators-but judging from ment. the general character of most of its backers. the inference is natural that is a matter of [

mere speculation. We do not believe three men, actively engaged in the Business, can be found throughout the County, who tayor a this place ,
