THANKSdiving -- Next Thursday (23d) has been set apart by the Chief Magistrate of our Commonwealth; for prayer and thanksgiving to Almighty God for his mercies during the sens past. The occasion should be universally observed. We have great and general cause for gratitude. In the sublime words of the Psalmist (part of the LXVth.) Pualm1:

Lord, from thy unexhausted store. Thy rain relieves the thirsty ground; Makes lands that barren were before, With corn and useful fruits abound

On rising ridges down it pours, And every furrow'd valley fills; Thon makest them soft with routle shows In which a blest increase die Thy goodness does the circling year With fresh returns of plenty crown; And where thy glorious paths appear. The fruitful clouds drop fatness down

They drop on barren deserts, changed By them to pastures fresh and green The hills about, in order ranged, In baanteous robes of joy are seen.

Large flocks, with fleecy wool, adorn The cheerful downs; the valleys bring A plenteous crop of full-ear'd corn, And seem, for joy, to shout and sing.

THE ISSUE AND THE PROSPECTS .- TO show conclusively, as we have hitherto contended, that the friends of Prohibition in Pennsylvania have achieved a triumph over the Rum party, we copy the resolutions adopted by the State Convention in June last, stating explicitly the condition-the only condition, upon which the issue then proffered would be accepted. It is well known that the Temperance men had previously declared in the most positive terms, that they would not vote on the "naked question," considering it an unfair test of the popular feeling on the subject. In Nothing. Banks, (Dem. K. N.) in the 7th, the face of this known refusal, the Legislature, over-ruled by the Rum influence, submitted this issue. The friends of Temperance, holding to their original determination, deelined to accept it; and it was only after con-

siderable discussion they revoked their previously imposed obligation, but under the following protest: Resolved, That though the Logielature forced a

different issue upon the friends of Temperance than the one they asked for, we will nevertheless accept it, but under the circumstances we will not consider it a final test of our strength on this point. Resolved, That the enumies of Prohibition are

nuited in their opposition to every form of a Pro-hibitory Law: they therefore cax and will poll their cotice rote open this question, and the vote election of Bristow. Whig. * a most accurate and decided test of

Now, it always takes two to make a bargain. The Rum party proposed, their terms; the would be subject to the prying gaze of those conditions-and the issue was forthwith joined. And according to these conditions, the anti-

COL. MOTT'S KNOW-NOTHINGISM. The Lehigh Valley Times thus "lets the

cat out of the bag" in reference to Mr. Mott's connection, or supposed connection, with the hivsterious order :

As this subject seems to be looked upon as a considerable importance to the Pennsylvania army of hungry office-seekers, we will just state what we know about Henry S. Mott's Kildw Nothingism, and the public will then judge whether we have or have not good as a pledged supporter of the American cause. First, we repeat that Col. Mott was the reguhir nominee of the Know-Nothing Order, baving received a majority of 120,000 over Spicer, the "Native" candidate. "Secondly, we inform all who wish to know.

that the Grand Secretary of said Order issued a regular official certificate to all the subordinate Councils in the State, that, agreeably to a resolution of the Grand Council in the State requiring him to do so, he thereby cerlifies that, among the candidates for State offices, before the people of Pennsylvania, the following are members of the Order, in good and regular standing-for Governor, James

Pollock and B. Rush Bradford; for Canal Commissioner, Henry S. Mott and Bloomfield M. Spicer; for Supreme Judge, Daniel M. Sinyser and Thomas H. Baird. mere assertion of Mr. Mott." The Times editor will have to be expelled for exposing the secrets of the Order.
