THE following, says the Portland .1dvertiser, was cut from some old paper, and we are not sure as to its authorship. It is said, however, to have first appeared in the Bangor Jeffersonian. Of course it must have been written by some confirmed old bachelor. No young man could have written it, and no married man would have dared to:

Wouldn't you?

"You are not as bright, old fellow, as I thought you were; but here's one I guess that you can chaw. Why are you like sugar candy?". I went into a grocery store as a clerk. WILBOR'S COMPOUND OF PURE COD LIVER OIL AND LIME

A CURE FOR CONSUMPTION, Country, Civil and all Screen Land A. Bronchitis, General Debility, and all Screen Lands Hunders.

The Proprietor has succeeded (from directions of Professor Stone) in Combining the Oil and Lime so perfectly that the taste of the Oil, which is so museous to persons generally, is entirely overcome, and it can be taken by the most delicate famales with pleasure. And as regards the benefit of this article over the pure oil, the following case, by Prof. Stone, is sufficient to convince the most sceptical. The young lady was 24 years of age.

"Her disease was one of unmixed phthisis, which had been expected to terminate in the course of a few months, fatally. The upper part of both her lungs was filled with tubercles; and in some places were beginning to soften. The case was evidently a bad one. The treatment of cod liver oil was at first used, but without marked improvement. The phosphate of lime was then administered with the oil, and the result, as in the case of many others, was soon apparent. The patient was rapidly getting woil."

CAUTION.—On account of the great reputation of this Compound for all Lung Compiaints, the subscriber would caution the afflicted against using any except that manufactured by him, as he has the only recipe in the U. States for combining the pure Oil with Lime in a proper manner. Therefore as you value your health, purchase home except that manufactured by ALEXANDER B. WILBOR, Chemist. CURE FOR CONSUMPTION,

plied according to the directions, the once shrivelled and stiffened ilmbs will regain the elasticity of youth. Two applications will cure Sore Throat, Toothache and Earache, and it will almost instantly remove any local ludamnation or Pain. For Sore Nippies, Caked Breast, Sore Lips, Chapped Hands, Chillblains, So., If is the only reliable remedy. One fifty cent bottle has near failed in curing the Piles. Hundreds who were afflicted for years with that distressing disease, have been cured by a few applications. It will cure Bronchele or Gottre, any unnatural Lump, Node or Tumor, and it will cleanse and heal any Ulcerous Sores, or a disease called Fever Sores on the Leg, no difference how long they may have existed.—One fifty cent bottlei will heal the most severe burn or Scald, Fresh Cut or, Wound, without a Scat. Bites of Mosquitries, Stings of Bees, Wasps or any poisonous insect, one application will cive instant relief. For Bruisos, Sprains, &c., it is an infallible remedy.

McLean's Votcang On Lanmery has been thoroughly tested in each and all of the above diseases, and we have never known it to fall in performing a cure when applied according to directions. Who then will suffer from external diseases when a safe and sure remedy is so easily obtained?

My legs, arms and fingers were woulden dreadfully, the muscles were contracted, and I suffered the most excruciating pain. I applied some five or eix bottles of Mustang Liniment—it had no more effect than so's much grease. I obtained one dozen bottles of Volcanic Oil Liniment of your agent, Mr. Pike, for which I shall be ever grateful to him, and in five days I was entirely well, and I take pleasure in recommending it to the public. And I also add that one of my horses got cast in thy stable and was unable to stand up. In the morning I made one of my boys ruly oursome of

Colds, Asthma; Bronchitis, Influents, Whoopsint, Pain in the Side and Breast, Tickling er Complaint, Pain in the Side and Breast, Tickling or raining in the throat, and all diseases of the Lungs and Breast. have excited the astonishment of all who have witnessed its marvellous effect; there is no account of a medicine from the earliest ages, furnishing a parallel.

BLED FRIS EXTRAORDING CARE.

DR. SWAYSE—Dept Sir. I feel it a debt of gratitude due to you—and a duly to the affictory generally, to offer my humble testimony in favor of your Compound Syrap of Wild Cherry. Some three years since, I was violently attacked with Cold and Inflammation of the Lungs, which was accompanied with a vory distressing Cough, and pain in the breast and hadd: a very considerable discharge of offensive mucous from my Lungs especially upon changes of weather, however slight. At first I felt no alarm about my condition, but, was pretty som icontineed that I was

offensive mucous from my Lungs especially upon changes of weather, however slight. At first I felt no alarm about my condition, but, was pretty soon constneed that I was rapidly going into Consumption. I grow daily weaker, and at length was scarcely able to walk about, or speak above a whisper, such was the exceeding weakness of my Lungs. Buring this time I had tried various preparations and prescriptions, but found no relief—growing all the time worse: Just here I was advised and persuaded by a deaf friend in Wilmingston to make trial of your Syrup of Wild Cherry. I must confess that previously I had been prejudiced against patent medicines, and I am still against those coming out of the handt of empyrics, but understanding your claims to the profession and practice of medicine, and having implicit taith in the sayings of my friend, I forthwith purchased of Dr. Shaw, one of your agents, a few bottles, and commenced its use. My disease was at this time of 20 or 25 months standing, and consequently was deeply seated. I found, however, considerable relief from the use of the first four or five bottles.—But being a public speaker. I frequently attempted to preach with my increating strength, and thereby ruptured those vessels that had siready begun to heal; in this way, doubtless, my cure was greatly retarded. In consequence of acting thus impredently, I had to use 12 or 15 bottles before I was perfectly revisived. I have no question a much imalier number of bottles would have made me sound, but for the above indiscretion. The Syrup alleyed the faverished habit, did away with the distressing cough, put a stop to the discharge of matter from the lungs, and gave them.—I the entire system good health: I have deferred giving this certificate sill now for the purpose of being perfectly satisfied with the permanency of the cure, and now that I feel perfectly well, I offer it with pleasure.

GENTLEMEN!—Look to your interests before it is too late. Men who have been unfortunate and unsuncessful in life and in business—men who have worked hard and struggled against adversity and misfortune, the greater part of their lives, and found the more they tried to get forward, the more things went against them—these men have consulted him for the last thirty years. To PROFESSOR HOLLOWAY, —Sir, —It is not my wish to become notorious, neither is this letter written for the mere sake of writing, but to say that your Ointineat cured me of one of the most dreadful cutaneous, diseases that flesh is hoir to, and which was considered by all who knew me, to be entirely beyond the reach of medicino. For nine years I was afflicted with one of the most painful and trublesome store legs that ever full to the lot of man, and after trying every medicine I had ever heard of. I resigned in despair all hope of being cured; but a friend brought me a couple of large pots of your Ointment, which caused me a couple of large pots of your Cintment, which caused the sores on my legs to heal, and I entirely regained my health to my agreeable surprise and delight, and to the actonishment of my friends.

To Paurisson Hollowar.

Bear Sir.—It is with heartfelt gratitude I have to inform you that by the use of your Ointment and Pills, the life of my wife has been saved. For soven years she had had a bad breast, with ten running wounds, (not of a cancerous nature). I was told that nothing could save her; she was then induced to use your Ointment and Pills, when in the short space of three months, they effected a perfect cure, to the astonishment of all who knew us.—We obtained your Medicines from Messus. Wright & Co. of Chartres atreet, New Orleans. I send this from "Hotel deg.
