If all our and the semaphore is guite inactive. United States be flooded with petitions for the impeachment of John K. Kane, and the im-The attack commenced about 5 o'clock, the there would be no Know Nothings among us. sition. The fire almost immediately opened along the whole line, but it was soon rendered THE COAL TRADE. evident that the chief aim of the Russian the Union are thoroughly aroused in regard to this matter, and would join heartily we be-lieve in urging the impeachment of a Judge Owing to the absence on business of the Senior the hills, and break their chain of communi-Editor, who usually prepares the Coal Trade, and cation with the Piedmontese troops. There our unavoidable presence elsewhere, yesterday, are two principal routes or openings in this this department has been comparatively neglected direction. One is formed by a break in the line of hill stretching across the plain, leaving this week. In our next, we will make amonds for a passage between its east end, and a part any omissions of the present issue. cut off, as it were, and assuming the form of an irregular Mamelon. This Mamelon, as 54,735 09 tons; by Canal, 29,824 00 tons—for well as the line of hill, was held by French the week, 84,559 09—being a falling off of 493 10

OUR ADVERTISING COLUMNS.--Under the the means of terminating a system of insolent spropriate heads several new advertising fa- and alarming usurpation." The citizens of vors will be found. Want of space prevents the Union are thoroughly aroused in regard more particular reference to them.

BROGENT UP .- William Morris and Abraham Mr. Henry Hittle, in Tamaqua, have been gally, but with impunity, consigned to a prison brought up, and committed for trial.

THE AMERICAN TICKET OF SCHUYLKILL COUNTY .- The American Banner after giving the ticket, says, "with such a ticket, headed by Kimber Cleaver, the Americans of Schyulkill are doubly armed. With a good ticket, representing the best principles, and patriotic voters to back them, there's no such word as fail."

THE STATE FAIR .- During the progress of this Fair at Harrisburg this month, the Dauphin and Susquehanna Railway Company will run an excursion trains from Auburn to Harrisburg, at reduced prices. This will afford many an excellent opportunity to attend the Exhibition at a moderate price, as far as transit is concerned.

IRISH SECRET ORGANIZATION .- A movement is now in actual operation in Philadelphia, similar to that of the Irish Organization in Massachusetts, which we have already referred to. This step alone was needed, to cap the climax of foreign, priestly anti-Republican chicanery, to which we are exposed. Watch the movement, Americans, and crush mocks at Lindley Murray, and sets the rules it. Be warned.

RAILROAD SLAUGHTERS .- The following table will show the number of killed and wounded by railroad accidents, during the years, 1853

and 1854, and the	first e	eight mo	nths of 1853

lieve, in urging the impeachment of a Judge possessing the audacity to imprison a freeman Black, the youths arrested in Philadelphia, without even the shadow of a just cause .--on a charge of robbing the jewelry store of For if Passmore Williamson may now be ille-

> during the pleasure of a judge, on a most contemptible charge of contempt, because he happens to be an Abolitionist, how soon may not a similar fate be the lot even of slaveholders themselves, when personal malice is to be indulged or selfish views promoted? These various arbitrary acts become precedents, and, if not rebuked, will hereaftor justify their repetition.

THE KANSAS Legislature embraces some funny specimens of representatives. The following is a specimen of the oratory of one Mr. Whitlock, the "representatives man" of one class of the sovereign squatters of Kansas. He recently rose and said: Mr. Speaker: I have sot by and heerd the

gentleman abusin' of me and my country for weeks, and said nary word. Now, Mr. Speaker, it is very unwrong; it is inhuman, for gentlemen to vote agin me. The gentleman

[Here Mr. W. was called to order by the Speaker, and the audience was prevented from hearing the peroration of this noble effort.] From this specimen, it is natural to suppose that Mr. Whitlock disregards Hugh Blair, suffered from the fire of the Russian artillery, of Aristotle at defiance. "Nary rule of them

set" he cares about or respects. This gentle-

one week's imprisonment, to pay a fine of \$10 each, and the costs of prosecution.

MR. BUCHANAN COMING HOME .--- It is stated

AMERICAN NOMINATIONS IN NORTHAMPTON COUNTY .- The American County Convention,

met at Bath on Wednesday, and nominated the following ticket: State Senate, John Best; Assembly, Philip Barton and Valentine Mutch

> the hill-side and the bank upon which the HOLLOWAY'S OINTMENT AND PILLS, a cerprovided for the construction of regular wretched plight with it, and although there taken by the Allies.

not seem to decrease ; indeed the disease spread itself all over the surface of the head,

troops. The second pass is between the Mamelon and the opening to Tchorgoun, and along this the river finds its way as it comes tons from the shipments of last week. New Coal Line to Philadelphia.

out of the gorge to wind through the valley FOR THE MINERS' JOURNAL. Through the first-named opening the high

road from Simpheropol to Balaklava passes, and nearly opposite to it is a bandsome stone bridge, spanning tho river by two arches, This bridge is approached on either side by a gradual incline, the road being carried over a series of land arches. The river under ordi-nary circumstances is fordable at this part. At the second onvincible for the road being carried over a At the second opening there is no bridge across | York ria. Hamburg and Allentown, under auspithe river, excepting that for the aqueduct; the water spreads out and is readily fordable. The passage of this ford was commanded by the guns of a redoubt held by the Sardinians the guns of a redoubt held by the Sardinians. It was in the neighborhood of the stone annual product of Coal.

It was in the neighborhood of the stone bridge, and the ford above, that the severest part of the struggle took place. The number of dead lying about these two positions are greater than in any other part of the field of action. The Russians, as they approached along the road to the bridge, and on each bridge, and the ford above, that the severest part of the struggle took place. The number of dead lying about these two positions are greater than in any other part of the field of action. The Russians, as they approached along the road to the bridge, and on each bridge action of the bridge article action of the article along the road to the bridge and on each along the road to the bridge article action of the article action along the road to the bridge and on each bridge action along the road to the bridge article action along the road to the bridge article along the road to the bridge article action along the road to the bridge article along the road to the bridge article action and along the road to the bridge article action article along the road to the bridge article action article action along the road to the article action action action article action article action action action article action acti Passenger line from this Region to Philadelphin, as short as the Rending Railroad, and also capa-ble, as he states, "of holding that great line in check in its charges on Coal." I have looked lery of the allies, and, on the opposite side, the French, who were detending the passage, with some interest into this unexpected route, and find it one well deserving the attention of those interested in the Schuylkill Coal Region. which had been brought up on the heights on the east of the road and valley. On two oc-

bridge and in considerable numbers began to climb up the sides of the Mamelon and the man of course, is opposed to the introduction into Kansas, of anything but slavery. It is stated that at one time the enemy was It is stated that at one time the enemy was forced back by the 62d French infantry at the point of the bayenet but this is duration to f the bayenet but this is duration to f the bayenet but this is duration to f the bayenet but the statement of the bayenet but the bayenet bayenet but the bayenet bayenet but the bayenet bayenet bayenet bayenet but the bayenet point of the bayonet, but this is doubtful. As 27 miles. The grades are all level or descending. two colored men who were convicted of as they retired across the river the artillery of to a point near the mouth of the Creek-where to sault and battery upon Col. John H. Wheeler, the Allies committed great execution among save distance, a similar grade (33 feet) for 3 miles, save distance, a kinitar grade (33 feet) for 5 miles, ascends a summit; inland, about 3 miles above Norristown. But by a slight elongation of the line, this summit may probably be avoided. Even these grades, indicated as they are, by a rapid preliminary survey, not made with a view to Coal transportation, may probably be reduced—but take them as reacond and I fout them much much fa them. Some of the French troops assert that the passage of the bridge by the Russians could have been easily prevented, but that it was purposely permitted, with the motive of entrapping them into more certain destruction. Be this as it may; the cross fire which was opened between the hills from the rifles of vorable, than those of the Delaware, Lackawanan and Western Bailway, expressly planned for a heavy Coal business-more favorable too, than those on which the Baltimore and Ohio Railroad, the infantry and the direct fire of the artillery, caused great havoc among their ranks, and after the fight, the bodies of the killed were found to have for years been working a large Coal businers, be thickly strewn as far as sixty or seventy yards on the French side of the river. The aqueduct is deep, and not ensily crossed. Be-tween it and the hill side there is usually a yards on the French side of the river. The only crossed the river, but, pursuing their way had also crossed the aqueduct. To enable them to do this, they had been provided with numerous small platforms. inst loss ouly crossed the river, but, pursuing their way had also crossed the aqueduct. To enable them to do this, they had been provided with numerous small platforms, just long and broad enongh to form so many bridges across the aqueduct; these they had carried with the aqueduct; these they had carried with

The Norristown Railroad has an admirable terminus within the consolidated city of Philadel-phia,—even now surrounded with Coal yards, in-directly supplied from the Reading Railroad—and aqueduct is raised. The small wooden plat-forms carried by the men could be joined to to to prevent its commanding at once the balk of the
