Reader, I peddled over a thousand bottles of this in the vicinity of Roston. I know the effects of it in every case. So sure is water will extinguish fire, so sure will this cure humor. I never sold a bottle of it but that sold another; after a trial it always speaks for itself.—There are two things about this herb that appear to me surprising; first that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor.

In order to give some idea of the sudden rise and great popularity of the discovery. I will state that in April, 1853. I peddled it and sold about six bottles per day—in April, 1854. I sold over one thousand bottles per day—in April, 1854. I sold over one thousand bottles per day—in the business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected. &c. Is, NO DOUBT, the most wonderful discovery of this age of progress. The following is from a distinguished member of the medical profession:

**Prof. O. J. Wood—Bear Six:—Unsolicited I send you this certificate. After being nearly baid for a long time and having tried all the half restoratives extant, and having no faith in any, I was induced, on hearing of yours to give it a trial. I placed myself in the hands of a barber, and had my head well rubbed with a good, stiff brush, and the liestorative then applied and well rubbed in, till the scalp was all aclow. This I repeated every morning, and in three weeks the young half appeared, and grew rapidly from August last up to the present time, and is now thick; black and strong—soft and pleasant to the touch, whereas, before it was harsh and why, what little there was of it, and that little there, was disappearing rapidly. It still use your hestocative about twice a week and shall soon have a good and perfect cop of hair. Now I have lead of these things—and who has not!—but liste never been hitherto, any case in which any person is hair was really benefitted by any of the hair tonies, i.e., of the day! and it really gives me pleasureto record the result of my experience. I have recommended your proparation to others, and it already has a large and general sale throughout the Territory. The people here saw its effects, and have confidence in it. All who have used it here will coincide with me in what I have witten. The surplying sent us as the wholesale agents for the SCHUYLKILL NAVICATION CO. FFICE Schuylkill Navigation Co..
