"Well, I reckou'l know it's a wing ticket, said Sam, and I want you to put it in the said to far a said want want you to put it in the said Sam, and I want you to put it in the said to far and the said tof far and	

said Sam, and I want you to put it in the box, darnation quick, too.'

"'No, no! dat ish not goot; dat ish a Vig dicket; we not take 'em any more,' said the old judge, turning to receive 'goot dickets' from some of his German friends.

"Sam went out and cursed till all was blue --- said he had come that to vote, and he'd be flambergasted if he wan't goin' to vote in spite of all the Dutch in the township. So, after cooling off a little, he again went in and tendered his ticket, very nearly rolled up. The old judge took it again, and notwithstanding Sam's demurring, unrolled it and looked it over; then turning to Sam in a manner and tone not to be misunderstood, said: "!I tells you dat ish a Vig dicket; dat it ish

nix goot; and dat we not take 'em any more!' "Sam again retired, cursing all Democrats" generally, and the Dutch particularly, and as-signing them the hottest corners of the brim-stone reg on; and was going on to curse every body that didn't curse them, when he was inbody that didn't curse them, when he was inpreapted by an old Dutchman in the crowd, difh:

"Sam Sdarrett, I tells you vat it ish, if you" All vote der Dimergrat dicket, and leef der ounty, we gifs you so much monish as dakes vou vere you cum'd vcom.'

"Sam scratched his head, studied awhile, "Sam scratched his head, studied awhile, and then said that as he had come that to taw, Johnson. Vice Pres't, William M. Godwh Law, Johnson. Vice Pres't, George Mellenry, James Devreux, W Tingley, roessed he'd do it.

"Again Sam made his appearance before he judges, and tendered his vote. The same d judge took i,, and looking it over quietly,

red to Sam and said: Taw, dat ish goot; dat ish a Dimergratic "" and dropped it into the box. hin went back to the eastern shore at the mease of, the township; and that, at that tion, and ever since, that German townip has been O. K. 1

"That is what I call 'preserving the purity " elections."

Ax individual entered an apothecary's shop as the West End, a few days since, and asked proprietor if he had any tickets to Ra-I's performances left? 'I've no tickets for Madame Bachel's per-

rmances, sir," was the reply. "Isn't this one of Monsieur Felix's ticket

flices then?" "By no means."

"Well, then, you might as well take that ign from your window." - -"Which sign?" asked the apothecary, who

Lan to think his visitor, was getting imperlient. "Why, this sign, to be sure," said the wag,

ping with his cane a sign on which was soribed, in large letters, "Foreign Leeches."

SUNEBODY has kindly undertaken to give a public something new in the dramatic ie. Here is scene 1, act 1, of the new play: Scen .- Street in front of the school house. Ragged boy munching a large green apple. Smaller ragged boy with, trousers tored out behind, and dirty handkerchief sticking out, Wedding and visiting cordengraved and printed. Also, coming along:

Boy with the apple stops munching .- "01 look a here."

THE Subscribers announce to the Pub lie that they are the Proprietors of the Pranklin Works Port Carbon, lately car-tice on by S. Sillyman, where they con-tinue to manufacture to order, at the This is such a picture as most would draw of a well shaped cow, and yet who has everseen one combining all these points. How many of them are necessary to constitute a est notice, Steam Engines, Pumps, Coal Breakers and Machinery of almost any size or description, for mining or other purposes. Also, Railroad and Drift Cars. Iron or Brass Castings of any size or pattern. Orders are respect-fully solicited. GEO. B. FISSLER & BRO. deep milker? and do we not often find a deep milker who has rery few of them? We be lieve many a cow is spoiled for the dairy by

her to be.

having been stunted and kept on too scanty

food when a calf. Calves should receive as

ample a supply accordingly, and as succulent

and nutritious a character of food as a cow

in milk. This enlarges and gives full size to

the lacteal vessels, strength and vigor to the

constitution, and we are confident materially

sids to make the full grown cow what we want

Guenon's tests for a good cow, as shown by

the escutcheon, we find are much and increas

ingly relied on by dairymen. Without bein?

able to understand how they are connected,

or what they have to do with the lacteal se-

cretions, (and which may be like many other

matters which we do not understand, but can-

not help believing,) there is abundant evidence

that they generally accompany, and have been

fully proved by thousands of farmers to be a

sign of deep milking. From our own obser-

vations, vo know of no tests so reliable, and

would advise every dairyman to procure \$

copy of the work. The value of a dairy cow does not depend

entirely on the amount of her yield, but also

on the time she will go dry. In some of the

Horn cows in one instance, we observed the
