do do There are but three things in the affair that we RECIPHOCAL COAL TRADE .--- We copied an artiegret : \_ That the drubbing occured in the Senate cle some time age with regard to a reciprocal Chamber; that Sumner was in a sitting position Trade carried on between Schuylkill Haven, Philand that the cane broke! We hope that as Mr adelphia and Baltimore, by Wm. R. Jackson .----Brooks has his hand in, he'll keep up the licks nerv of this Region is preferred and select Chesnut street, select the Girard. It is un. for the feelings of traitors like Sumner, Seward This Trade was started last year by Howell tor the teerings of this here in this one way. Fisher, Esq., of this Borough. He organized Wowler whether Sumner likes this application the first line-and he assures us that Schuylkill Coal can be loaded in boats in this Region, and From the Columbia (S. C.) Carolina Times. carried to Baltimore, and return with a cargo of time has long since arrived for Southern men in Washington to purish their traducers .-Cumberland Coal for Philadelphia and other The cowardly Abolitionist will seek protection ports along the line, at a less expense of 30 to under the gltar, but even there he ought to be 40 cents a ton, then it can be delivered via, the pursued and punished. The Senate Chamber ought not to deter the outraged and incensed Providence. Pennsylvania and Tide Water Canals from the Bridgeport, Southern public. Col. Brooks has immortalized himself, and he will find that the people of South Wilkesbarre Region, even if put on board boats Troy, Albaný, at \$1 per ton in the Wyoming Region. Mr. Carolina are ready to endorse his conduct. We Hartford. are pleased with his conduct, and rejoice that Col. Fisher has all the data in his possession, and can M. Keitt demonstrated his willingness and satisfy any person as to the correctness of this endiness to sustain Mr. Brooks in - carrying ou

chesper than it oggit to be done here, neither | Union Canal R. R. Coal Transportation have we seen a plan, where a larger business can Amount transported during the month of May. 1856 be done from one Collidry. The distance from Union Canal Trevorton to Port Trevorton on the Susquehanna. is 12 miles, which is the length of the Company's railroad, and from them we understand, only miles yet remain to be made to complete a con nection with Dauphin and Harrisburg, which will at once open the Baltimore market to the Trevor ton Coal.

CORRECTED WELKLY BY THOMPSON & DENGLER, BANKETS The Trevorton Coal and Railroad Company have their locomotives on their road and about Philadelphia, Reading & Pottsville 300 cars running. They are now building 1500 Mine Hill and Schuylkill Haven Mount Carbon Mount Carbon and Port Carbon more, we are told.

Like Shamokin, Trevorton made too much nois at her birth, and promised prodigious things which could not be done at once, yet it will be able at no distant day to perform its early promises, with the exception perhaps, of that "Court House and Jail." We cannot say so much for it as a town or its future importance, as we can of Shamokin, yet it is certain that both will have to depend pretty much upon themselves, and both may make little cities that would put Cerbondale Harleton Cosi Co. to shame some day. But Shamokin has the advantage in position, being situated in the deepest and most available part of the Middle Coal Field. S. H. D.

EMNFAMOUS LEADERS IN THE KANSAS AGE.-Among the men who have made lves notoriously infamous in the opon of the citizens of Kansas, is Atchi-He was present at the sacking of Law e, and made a speech to the mob. Subntly he said to a traveller whom he met. ARE DOING THESE THINGS UNDER THE S OF LAW, BUT THERE IS DOD LITTIN ABOUT IT."

BITRATION OF THE CENTRAL AMERICAN stion .-- We perceive by Mr. Marcy's letf the 24th May, on the Central American ion, that Mr. Dallas is instructed to pro. arbitration, in a modified form, unless stion can be settled by direct negotialustead of a reference of the matter m- European power it is proposed to reto intelligent, wise and able private iduals, either English or American.

THE LOUISVILLE JOURNAL condemns the ault upon Senator Sumner as monstrous; that up to this time the harshest and offensive language in Congress, has from South Carolinians, and hopes that ks will be expelled from the House. The nal atters sentiments in relation to this er which are as creditable to itself, as shame the vituperative, untruthful pors the cowardly assault.

EXXA' RALLROAD AND MINING REGISTER .- | and sober indignation, but with determined s the fitle of a double quarto sheet, pub- purpose and earnest language, the bratal atweekly in Philadelphia by Mr. Thomas tempt to destroy freedom of speech, at the ernon. Mr. Fernon is a gentleman of capital of the Union first, and next throughiv; his paper is heat in appearance and out the whole country. There was no need edited; it will be undoubtedly, a valua- to stimulate the sentiment of that audience. quisition to the railroad and mining in Hatred of such oppression and anti-republits of Pennsylvania, and we extend our canism glowed in every breast, and repeated-I in fellowship to Mr. Fernon, while we ly broke forth in irrepressible aversion and e his beautiful and important paper, will abhorrence. Braver men than Preston ing instantly into popular favor, and be Brooks and his abettors would have quailed rally sustained. before the just indignation of such a band of

EDICAL SOCIETY, OF 'PENNSYLVANIA-Convention of this Society in Philadel-

The annual address was from the ident, Dr. Carpenter, of Schuylkill coun. ed their sentiments on the outrage upon Senn the importance of a thorough and sysstic organization in the several counties ing inflicted upon the freemen of Kansas.ghout the State: . The sanitary reports different County Societies, which con- ject, and will be felt in the coming Presidenmuch useful information, were read, \_\_\_\_\_ tial contest. The opposition to the present next annual meeting will be held at West National Administration and the cowardly er, when an address will be delivered by ruffians of Washington and Kansas, must La Roche, of Philadelphia; the President unite-for in union alone is there strength.

THE ACTION OF CONGRESS SO FAR, IN THE BROOKS ASSAULT .- The House Committee of NNEDY'S BANK NOTE AND COMMERCIAL w .-- Mr. John D. Mallary, the Traveling investigation, in the matter of the assault of Brooks on Senator Sumner, have reported of this publication,-the oldest and and recommend the expulsion of Brooks for the most reliable counterfeit detectors his disgraceful conduct, while they censure country-is at present in this County, Keitt and Edmondson. As the Senate in ng subscriptions. It is well known, deference to the House, of which Brooks is a already taken by many of the most member, has left the subject to the discretion nent firms in this Region. The Review blished in Pittsburg, weekly, semi-monthof the House, we hope that the latter in view nd monthly, and is accompanied by a of the great breach of privilege committed book containing a fac simile of the in the chamber of the superior body, will exof the worl l. As the review is reliable, pel him instantly. We fear that a concurrence can confidently recommend it to the of two thirds on the resolution expelling onage of the business public.

HE SUNBURY GAZETTE .- Our cotemporary, to an outraged Senate and people. What can nocratic in its political tendencies, steps we hope from the action of the Washington e from the path trudden by many of its criminal court in the matter, when the fellow manly cotemporaries of kindred faith. in is retained in his seat in the House, after the menting on the Sumner assault, and de- unmanly and gowardly act of which he was nces the act of the Ruffian Brooks as a guilty? Alas we fear but little.

ch handed, brutal and cowardly attempt THE NEW YORK POST OFFICE.-The coneating down and punishing the liberty of ech." The editor has too much spirit, dition of this postal department is even worse that the dition of this postal department is even worse

or La Pierre when visiting the city, yet we the "Higher Law !" must confess a penchant for the solid comfort and quiet which attract the citizen and traveller accustomed to Philadelphia, to the Washington House, United State, Et Lawrence, Jones's, and hotels of that character.

The Washington House, for instance, under the proprietorship of Mr. Glass, and the internal economy of which is superintended in a gentlemanly, attentive and courteous manner by our friend Mr. Heartwell, is a specimen of his views, that the war ought to commence in Washington and we hope that arguments strong a well managed, popular hotel. Attracting er than words will hereafter be used on ever

ashington.

as it does, patronage of une ceptionable convenient occasion. character, it combines all the luxuries of a hotel with the solid comfort to be met with n private residences. As Philadelphia-her eyes becoming opened,-perfects her railway communications with the West and cities of the great Lakes, new hotels of mammoth size will become necessary, yet years must elapse before they can supplant such admirably conducted houses as the Washington, and others of kindred character, which at present exist in the beautiful metropolis.

THE SEMNER MEETING IN-NEW YORK .-The indignation meeting in New York on the evening of the 30th ultimo, was one of the largest and most respectable ever held in that city. The Commercial says that it was 'emphatically, a meeting of the citizens of New York, gathering around the first men of the of its Southern cotemporaries, which de. city, forgetting political affiuities, and personal and social distinctions, in the absorbing

determination to rebuke, with measured words

united treemen. A series of appropriate resolutions were unanimously adopted, In this manner, during the past fortnight, last week, continued in session three

have the citizens of every Free State expressator Sumner, and the outrages which are be-The North is thoroughly aroused on the sub-

the sooner, so much the better." -----UNPARALLELED IMPUDENCE.-The Hon. Preston S. Brooks, has if it were possible, added to his infamy, by writing to the United impudence and brazen assurance. After the presents of which he has been made the recipient at the hands of his constituency, we presume he imagines himself the greatest ! and most patriotic man in the country. An- deep as those containing the bard Anthracite,

nexed is the letter: Brooks, cannot be obtained: but the South will lose immensely by refusing this act of justice

The first load of Coal from Scranton was delivered at Elizabethport on the 29th of May. FROM OUR TRAVELING REPORTER. From The Washington Sentinel. If Massachusetts will not recall such a ma

TREVORTON, May 31, 1856. Mr. Sumner.] if the Senate will not eject him or control him-if the mansenator will not hold DEAR Jounnay :- Thought we bear nothing himself responsible for insults to his fellow sena omparatively of Trevorton now, the place is not tors, what is to be done ! nothing in this wide in reality blotted out of existence, as you have world -but to cowhide bad manners out of him, or been told: Things are at present left to grow natgood manners into him. The institutions of God urally, instead of being forced artificially without Carpenter's Land urally, instead of being forced artificially without Deep River, Com an adequate support as formerly. We think the Eddyville, N.J., present company the Trevorton Coult and Rail-read Company under their new charter for min the Carpenter's Land the institutions of man-the common law of society -point to no other mode of gridress for the grievance. In dur judgment, if the system had been commenced long, long age, it would have been road Company-under their new charter for mibetter for all parties. The Richmond Enquirer of Monday, contains a ning and shipping Coal, will in a short time be able to do a paying business, which up to the

most ferocious, insulting, malicious, infamous article on the assault in the Senate, headed "THE present time has not been the case, owing to the SUMMER DISCIPLINE-THE RIGHTPUL REMELY !" And as it is utterly impossible for a Northern great outlay for improvement, machinery, &c., Hartford. Conn., conceive the spirit in which it is written. and the limited shipments.

or the language it employs, without seeing some portions of the article itself, we copy a few para-Trevorton is rather pleasantly situated near the extremity of the Middle Coal Field, though the "In the main the press of the South applaud site of the town is a short distance to the mouth the conduct of Mr. Brooks. \* \* of the Coal formation, at the mouth of a gap consider the net good in conception, better in execution, and best of all in conception. These vulgar abolitionists in the Senate are getting basins in two, leaving most of them cropping out ve themselves. They have been humored un with both North and South dip on cach side of til they forget their position. They have grown saucy, and dare to be impudent to gentlemen !--the ravine. The Coal, as you are aware, is not as Now, they are a low, scarvy set, with some little hard and prepossessing as it is further to the East, book learning, but are as utterly devoid of spirit or honor as a pack of curs. Intremched behind neither it is so well adapted for every purpose as the hard Anthracite. But what we have seen of privilege,' they foncy they can slander the South and insult its representatives with impunity. The the semi-Anthragite here—and we have examined truth is, they have been suffered to run too long them pretty thoroughly—satisfies us, that it is the semi-Anthradite here-and we have examined without collars. They must be lashed into sub like ourself "not so bad as bad looking." Indeed, nission. Sumner' in particular, ought to have from the bottom seams, we have specimens equalnine-and-thirty early every morning. He is a great strapping follow, and could stand the cow-hide benutifnlly." ly as hard as some of our 'Tremont Coal, which, we are informed by the managers of the Lebanon Again: "There is the blackguard Wilson, an Furnaces, makes an excellent fuel for smelting. ignorant Natick cobbler, swaggering in excess of But the quality of Coal does not always depend By Ganal. nuscle, and absolutely dying for a beating. Will not somebody take him in hand?" Why not on its hurdness or density-that depends on the come and try it yourself, Mr. Overseer? "Hale is distance it must be shipped and the purposes for another huge, red faced, sweating scoundrel, whom some gentleman should kick and cuff until which it is used. We must all admit that soft Coal is not so economically carried as hard, neithhe abates something of his impudent talk."---mockery to challenge one of these scullions. It ling Coal, that will not retain its shape under a s coually decless to attempt to disgrace them .-hot fire, does not suit the smelting Furnaces as They are insensible to shame, and can be brought e reason only by an application of cowhide or well as our hard Coal does. Yet for generating gutta percha. Let them once understand that for steam on river boats or for stationery engines vile word spoken against the South, they where room is not so much economized, the will suffer so many stripes, and they will soon Trevorton Semi-Anthracite is a splendid article. learn to behave themselves like decent dogs-learn to behave themselves like decent dogs-they can never he gentlemen."  $\oplus \oplus \oplus \oplus \oplus \oplus$  It is also a good article for grates and a variety trust other gentlemen will follow the example of of purposes. Indeed, if this Coal was properly Brooks, that so a curb may be imposed up- known and appreciated, it would be thought much on the truculence and audacity of abolition speak more valuable and more generally used. It must If need be, let us have a caning or cowhiding some day be even more valuable than either the every day. If the worse come to worse, so much

Anthracito or Bituminous, since the supply is limited, and much below the domand which will in future be created for it. Wo have immense fields of Bitaminous and Anthracite - Coals, but it is only the Western extremities of the two first Spring Mills, States Senate, a letter, remarkable for cool | hard Anthracite formations that produce the freeburning Semi-Anthracites, which are comparatively limited; though existing in pure and faultless formation, and in sufficient quantities when found, to make the mining of it cheap and easy. The basins containing this Coal is never so

one reason probably why it is not so hard. But HOESE OF REPRESENTATIVES. 29th May, 1856. Sin: — I have seen in the public journals of this morn-ing a report of the Senate Committee. to whom was re-ferred the resolution of the Senate directing inquiry into an assault midde by me on the 22d instant, on a Nenator from Massachusetis. It is with unfelgned regret I find to the senate that which into do now, as reduced this is an advantage to the miner, since shafes, slopes and pumps would be dispensed with, as the Coal lies generally above water level. At Trevortion, nature has adapted the situation of the Little Schuylkill mountains and the formation of the Coal seams in the report that whit I had intended only as redress for a personal wrong, has been construed into, or must mecessarily be held as a breach of the privilege of the Senate. While making a full and explicit disclaimer of any such desire or purpose. I ask leave to say that for the occasion, considering myself only as a gentleman in so-clety, and under no official restraint as a member of the House of Representatives. I did not advert to or consider there was any alternative restraint imposed upon me by reason of the offence coming from a member of the Sen-ate. I had rend attentively and carefully the speech de-livered in the Senate on the 19th and 20th instants, by the Senator from Massachusetts, and found therein lan-guage which I rezynded as unjustly reflecting, not only in the report that what I had intended only as redr as with a view to their convenience for mining purposes. They could not have been placed more peculiar and available. The gap in the mountain cuts the whole Coal formation in two, leaving several of the upper basins entirely above water level. At this end of the Middle Conl field, or about two miles from its Western terminus there are four basins, ranging nearly two miles in width. the senator from Massechusetts, and found therein lan-guage which I recardied as unjustly reflecting, not only also upon a friend and relative. To such larrunge I thought I had a just right to make exception under the circumstances, the Senator from South Carolina, who was
