Political.
IMPORTANT POLITICAL DEVELOPMENTS.
The following letter from Francis P. Blair to the Republican meeting in New York on the 26th of April last, is interesting and important, coming as it does from a gentleman who conducted in Washington, the official organ, during the administration of high officers, and Martin Van Buren, and who retained the confidence of Jackson up to the moment he retired finally from the cares of office. At this period, we are sure nothing will be read with more interest, than the annexed from the pen of a true Democratic Republican.

And the conservative, and advanced for the safety of the public, the special election in the State of New York, is a subject which should be considered in any measure of public opinion. It is a subject which should be considered in any measure of public opinion. It is a subject which should be considered in any measure of public opinion.
