The determination the persons who are of right time arrived for the organization of the Territor. of the government, is, under our system, commit-tely the States and the people. We appeal to at length come to be seen clearly that Con-then, by their voice pronounced in the forms of law, to call whomsoever they will to the high or future State of the Union. In a long series of decisions, on the fullest argument, and after the most deliberate consideration, the Supreme Court of the United States had finally determined this point, in every form under which the question could arise, whether as affecting public or private rights , -in questions of the nub domain, of religion, of navigation, and of servitude. The several states of the Union are by force of rested or dispersed. And every well disposed per-

tic legislative won is now enabled once more to devote himself in the Constitution, co-equal in domes repeated while, by their fecent pointed action, the the constitution, to equal in domestic tegrainity peace to the pursuits of prosperous industry, for annot change a law of domes. peace to the pursuits of prosperous industry, for the relation in the State of Maine; no more can it the prosecution of which he undertook to partici-They have asserted the constitutional equality in the State of Missouri. Any statute which pro: f each and all of the States of the Union as poses to do this is a mere nullity, it takes away I affords me unmingled satisfaction thus to an-gratifying indication of progress creditable to of each and all of the States of the Union as poses to do this is a more nullity; it takes away It affords me unmingled satisfaction thus to an-States; they have affirmed the constitutional to right, it confers none. If it remains on the nounce the peaceful condition of things in Kanequality of each and all of the citizens of the statute-book unrepealed, it remains there only as United States as citizens, whatever their religion, a monument of error, and a beacon of warning to wherever their birth, or their residence; they have unitatined the inviolability of the constitu-tional rights of the different sections of the Uni-and they have proclaimed their devoted and unalterable attachment to the Union and in the statutes without affecting, either in the fense of permission or of prohibition, the action of the statutes or of their citizens.

<text><text><text><text><text><text><text><text><text><text><text><text><text><text><text><text><text><text><text><text> citizens, the only path to its accomplishment is through burning eities, and rayaged fields, and slaughtered population, and all there is most terribletin foreign, complicated with civil and servilo yar; and that the first step in the attempt is the foreible disruption of a country embracing in its broad boson a degree of liberty, and an amount of individual and public prosperity, to which there is no parallel in history, and substi-tuting in its place bostilo governments, driven at once and incertable into futural deviation and yself, and sought, by every means within their infarticidal carnage, transforming the now poerformed to the degree of large the data reproduces of the repeat of the units of the second protection of the second protection

deriver to prepare the people of the United States congenial contracter, and equality with the former induc feason, any sum includents of the United States for civil war by doing everything, in their power destination in reason and truth. It is to suppose them to have ceased to be capable of destination in reason and truth. It is to suppose them to have ceased to be capable of authority, and to undermine the fabric of the United that the measure originated in the self-government. The President of the United in the self-government. The President of the United to beyond those previously assigned to it, and that see their freedom, to canvass their votes, or to beyond those previously assigned to it, and that see their freedom, to canvass their votes, or to the ducating them to stand face to face these pasoless assumptions were made, in the north-is more than in the States.

The number and gravity of the acts of violence | Congress to a change of policy in the distribution have been magnified partly by statements entire-ly untrue, and partly by reiterated accounts of the same rumprs of facts. Thus the Territory has been sceningly filled with extreme violence, when the whole monor runtrue for the sector violence, when the whole monor runtrue for the sector violence with a sector violence violence with a sector violence with a sector violence violence

been sceningly filled with extreme violence, when the whole amount of such acts, has not been greater than what occasionally parses before us in single cities to the repert of all goed ditizens, but without being regarded as of general or perma-nent political consequence. Inputed irregularities in the elections had in Kansas, like occasional irregularities of the same description in the States, were beyond the sphere of action of the Executive. But incidents of a sphere of action of the Executive. of action of the Executive. But incidents of acthe reliability of its ordinance, and in the expactive of its shink. In all these various qualities the that violence or organized obstruction of have nor reinability of its ordinated and in the visit of the structure of the stru

been met as they occurred, by such means as were available and as the circumstances required : and The execution of the law of Congress, of Febra The execution of the law of Congress, of Febru; 2.28. 1823, "to promote the efficiency of the y," has been attended by the most hitrants fus results. The law for fromoting discipling-tong the men is found convoluent and salutary. nothing of this character, now remains to affect the general peace of the Union. The executive a part of the inheritering of the Territory to erect a revolutionary government, though sedulously encouraged and supplied with pecunidry aid from The active agents of disorder in some of the States, faith has completely failed. Bodies of armed men for their system of granting an hundrable discharge a taithful seamen on the expiration of the period of their enlistment, and permitting them to re-cylist after a leave of alsence of a few months, withfut eign to the Territory, have been prevented from entering or compelled to leave it. Predatory cessation of ray, is shighly beneficial in lifs infuonce. The appromitic system recently allapted, is ordently destined to incorporate into the service a parge number of our conntry men hitherto so difbands, engaged in acts of rapine, under cover of the existing political disturbances, have been arfight to procure. Several hundred American bdys are pow on a three years' cruise in our national els, and will return well trained seamen .- II and to the country. The suggestions of the Secresas, especially considering the means to which it

was necessary to have recourse for the attainment at in that Branch of the service, I commend t of the end, hamely, the employment of a part of the military force of the United States. The withdrawal of that force from its proper duty of your favorable action. The new frigates ordered by Congress are an alidat, and two of them in factive service: T are superior models of naval architecture, with their formidable battery add largely to y the strangth and security. defending the country against foreign foces of the savages of the frontier, to employ it for the sup-pression of demostic insurrection, is, when the

The United States continue in the enfoyr amicable relations with all foreign powers amicable relations with all foreign powers, When my last abnual message was transmitted to Congress, two subjects of contraports, one re-lating to the enlistigent of soldiers in this country for foreign service, and the order to Central Amorica, shreatened to disturb good understandsion of unlawful votes, or the exclusion of lawful ones, by improper influences, by violence, or by But the people of the United States are them-selves the all-sufficient guardians of their own America, shreatengi to disturb good and restant-ing between the United States and Great Britain. Of the progress and fermilization of the former question you were informed at the time; and the other is now in the way of satisfuctory adjustrights, and to suppose that they will not remely in due season, any such incidents of civil free-ligh

question you were informed at the times and the other is now in the way of satisfuctory adjust. The object of the convention between the Uni-ted States and Great Britain of the 19th of April. Issues visiting her ports to the tornage duly of f riv-ted States and Great Britain of the 19th of April. Issues to secure, for the benefit of all hations, the neutrality and common use of any transit way. The torsect of the common best of any transit way. The neutrality and common use of any transit way. The neutrality and common the array transit way.
