

JOURNAI,

Doetry.

BY MARYIN F. TUPPER.

Ariel!—right through themse
We can fly swift as in air;
Puck!—forly minutes shall be
Bloth to the bow that we beer.
Here is Earth's girdle indeed,
Just a thought-circlet of fire—
Belleate Ariel freed
Sings, as she flies, on a wire!

Ocurage, O. servants of Haht!
For ye are sale to succeed;
Lo, ye are helping the right,
And shall be blest in your deed;
Lo, ye shall bind in one band,
Joining the nations as one,
Brothren of every land—
Blessing them under the sun!

This is Earth's pulse of high health Thrilling with vigor and heat; Brotherhood, wisdom, and wealth Throbbing in every beat; But ye must watch in good sooth Lest to thise faver it swarrs— Touch it with tenderest truth As the world's exquisite nerve.

Let the first message across—High-hearied Commerce, give heod-Not be of profit or loss, But one electric indeed— Prates to the Giver be given. For that He giveth man skill, Praise to the Great God of Heaven, Peace upon Earth, and Good-will!

THERE ARE TWO WAYS TO LIVE ON RABTE BY CHARLES SWAIN:

There are two ways to live on earth-Two ways to judge—to act—to view; For all things here have double birth— A right and wrong—a false and true!

Give me the home where kindness seeks To make that sweet which seemeth small; Where every lip in fondness speaks; And every mind hath care for all.

Whose lumates live in glad exchange Of pleasures, free from valurexpense; Whose thoughts beyond their means ne's Nor wise donials give offence!

Who dream not of the mocking tide, Ambition's folled endeavor meets— The bitter pangs of wounded pride. Nor fallen power that abuns the streets:

Though fate deny its glittering store, Love's wealth is still the wealth to choose;

Who in a neighbor's fortune find No wish—no impulse—to complain Who feel not—never felt—the mind To envy yet another's gain!

GENERAL ADVERTISER.

EHIGH COAL, at Elizabethport TEHIGH COAL, at Elizabethport,

New Jersey —A direct raifroad communication has recently been opened from the Lehigh Coal Region to the waters of New York Bay, at Elizabethport, New Jersey. This is the nearest approach which has yet been made by railroad from the Coal deposits of Pennsylvania to the great markets of New York and New England — Formerly, and before the present inland routes were opened, the desiers in this city obtained their Lehigh Coal from Bristol, Pennsylvania, at a distance of more thaif 230 miles, and at a freight of about 25 cents per ton. Now, it can be had by an inland water communication of 12 miles, and at a freight of about 25 cents per ton.—
The same relative advantages will also be derived by all the buyers on the North River and in the vicinity of New York, and in all the New England States. During the present season the subscribers will be the exclusive shippers of the celebrated South and West Spring Mountain Lehigh Coal, at Elizabethport, and vessels will now be able, at all times, to obtain, sargoes without delay.—
Trains of loaded carris with freighly mined Coal are now received daily, direct from the mines. Considering the lateness of the season, it is very important that orders for this celebrated Coal, to be promptly executed, should be sent without delay to our offices at New York, Philisdelphia, or Bostou.
