Miners'

POTTSVILLE, PA.

SATURDAY, MARCH SS, 1857 Nor duly the Freedom loving and constitution abiding but the conserval mipress of the country; or is other words, the constitution agines that the distenting opinion of Mr. Justice' Congress to forbid slavery in any part of the ter-Caritie in the Dred Scott case is one of the ablest | ritory purchased of France by Mr. Jefferson.-Cartis in the Dire Door tase is Much, whether This portion of the jadgment will be of the most juligments ever utiered from the bench, whether This portion of the jadgment will be of the most in Engined or America. It is pronounced a com-

bination of the calm, strong logic of Marshall discussed; and the consummate ability (though with the rich and varied learning of flory, ad- not superior to other portions) will be the most ding a neatness and precision of statements a universally recognized and felt. He examines the fnish of legal siyle, peculiar to the writer him- question by the light of history, shewing by contemself. It must be remembered that Sudge Curils poraneous records, the great importance which was placed on the bench of the United States Ha- justly attached to the exercise of power over the premie Court during the excitement of the Fegi- territories, and the great improbability that the tive Slave Law, and that he . represented then, framers of the Constitution should have failed to the views of the Webster Whigs, who conceded to clothe Congress with full and adequate powers.the South all it claimed at that time. Ills pro- The argument that the word "territory" In the slavery views were so strong, in fact, that habe- Constitution is limited to the territory then ceded came obnozious to the general sentiment of New to the United States, is mot by a consideration of England, and has over since been looked upon the most obvious rales of constitutional construct with suspicion. His legal ability however, has ition, as well as by the fact, that at the time of the never been questioned, and it is the general opin- adoption of the Constitution, North Carolina and ion 'among intelligent lawyers of all parties, | Goorgia had not couled their interest in the public that in point of learning, perspicacity, and con- lands, but were confidently expected to do so. It vincing power of thought and expression; he has is also invisted that the provisions of the Constino equal on the Supreme Court bench: The tation respecting turritary belonging to the United opinion therefore, of such a Judge, with such ab. States, do not apply to territory acquired by treaty teredents, in a case like that of Dred Scott, tells from a foreign mation. This objection must fest \_ Mr. Campel made a few restrict in which be referred with two-fold force when given on the side of upon the position, either that the Constitution did not authorize the federal government to ac. Freedom

The extreme length of the opinion precluder quire foreign territory and contequently hat made the possibility of publishing it at length in out no provision for its government when acquired, columns, At the same time, the deeply interest or, that though the acquisition of foreign territory. ing nature of the topics discussed in it, warrant was contemplated by the Constitution, its provi a brief abatract of it, and direction of the atten, sions concerning the admission of new States, and tion to some of its most marked churacteristics, the making of all nealful rules, and regulations The Boston Courier says that besides the general | respecting territory belonging to the United States ubility, clearness and power which are rtamped were not clealghed to be applicable ta territory upon every maragraph of this memorable opinion, acquired from foreign nations.

it is remarkable for its wide range of topics, and But it is now certainly too late to inquire int ets fullness of learning with which all are han the validity of the Louisiana purchase, though diedi The rules of special pleading, the doctrines | grave daubts of the power of Congress to do so of the common law, the solence of the conflict of were entertained at the time. And if territory laws, historical questions, points of constitutional | can be acquired by Congress, it can be governed law, are all discussed with an accuracy of state. by Cungross, when acquired; and by needful ment and depth of learning which would lead que | rules and regulations. He goes on to define juto suppose that each had been made a peculiar dicially, the last clause of the third section of the , was truly able and American in tope. Mr. Tyng opened and favorite branch of study. fourth article of the Constitution, as follows: ...

I construe this clause, therefore, as if it had reading reading the shall have power to make all needful rules an The introductory paragraphs deal with a very nice point of special pleading, which could hardegulations respecting those tracts of country, out of he limits of the several states, which the United States are arquired, by may bereafter actuire, by cossion, as roll of the inrivited on an of the soil or is a the ly be stated in such a manner as to be made intelell of the jurisdiction as of the soil, so far as the sy be the property of the party making the cession, o time of making it..... ligible to an unprofessional reader. Special pleading, indeed, is getting to be a lost art ampng members of the bar themselves. Suffice it to say The limitations of this power are to be found that the subject presented is treated not meryly In the express prohibitions to Congress, and well with affluent learning--which a certain diligence as in the legislative construction of the word in cramming can readily command,---but with a clearness of statement and a searching analysis which only lawyors can appreciate and which they must contemplate with admiration. The framed the Constitution, exerted over the subject great and good Story, who was wont to commend of slavery in the North-western territory ; and to his pupils the enroest study of special pleading similar power was exercised by subsequent Conas an excellent legal training, would exult, were gresses. There are eight distinct instances, bohe living, to see what good fruit his advice had borne in one of those who had sat at his feet. Judge Curtis then proceeds to consider the to the year 1848, in which Congress has excluded question whether the plaintiff appeared upon the and to started started between the territory of the United States; to the year 1848, in which Congress has excluded question whether the plaintiff appeared upon the record in a capacity to sue. in the courts of the United States, or, in other words, whether he record in a capacity to sue. in the courts of the ganized governments of territories by which sla-then commences the scramble for office in the distriba-United States, or, in other words, whether no very was recognized and continued, beginning tion of which men of ability are not so requisite as the ings setting forth no\_other disqualification than such as might arise from the fact that no was of African descent, and that his parents were once "slaves. Laying down the proposition that citi-tans of the United States, at the time of the thus including all who were in public life when the true the public all who were in the true the state of the control the the true the state of the true the state of the true the true the state of the true the state of the true the state of the true the true the state of the true such as might arise from the fact that he tas of Zens of the United States in two time in this including all who were in public life when in doption at the Constitution can have been no other than eitizens of the several states under the constitution was adopted. As spoint of judicial construction, he entirely demolishes the notion that the question of slavery tion of the Constitution, namely, New Hampshire, Massachusetts, New York, New Jersey and North Carolina, free colored persons were eitizent.-Free colored persons were not then, nor are their descendants now, disqualified from being citizens a of the United States, unless the Constitution itself directly deprives them of that right. But the Constitution itself has not described what na. tive-born persons shall or shall not be citizens of the United States, and it has not emnowered Congress to do so. No answers a supposed inference to the contrary, drawn 'from the authority given to Congress to pass naturalization laws; and all colored persons are out of the pale of its protection. He sums up the result of his masterly simple words : tection. He sums up the result of his masterly argument, fortilled by enreful historical is the following propositions: Tet. That the free native-born clitzens of each Statesre '2d. That as free colores of the Christian Association, closes. We hope the sector active of the Statesre '2d. That as free colores for the free of the sector and the free of the terrify the sector and the free of the sector active of the sector active of the sector active of the free of the sector active of the sector active of the sector active of the free of the sector active of the s I disant, therefore, from that part, of the opinion of inajority of the court in which it holds that a person inform descent cannot be a citizen of the United inform descent cannot be a citizen of the United trial. of afterin descent cannot be a citizen of the United States, and I regret I must go further, and dissent both from what I deem their assumptions of authority to ex-amine the constitutionality of the act of Congress com-inouty called the Missouri Compromise jact, and the grounds and ronclusion announced. In their opinion. Haying first decided that they were bound to consider the safictiner of the pies to the jurisdiction of the Cir-cuit Court, and having discided that this pies showed that the Gircuit Court had not jurisdiction, and conse-quently that this is a case to which the judicial power of the United States dees not extend, they have gone to examine the merits of the case as they appeard on the ramine the merits of the case as they appeared on the tribution of the Cosmopolitan Art Association, at San-the before in court and jury upon the issues joined on the plons in bar; and so have reached the question of train owners the court and so have reached the question of the power of Congress to pars the act of 1529. On so grave a subject as this, I feel obliged to asy, that in with the occasion, were as follows: --"Child of the source and the state of 1529. On so grave a subject as the is, i feel obliged to asy, that in with the limits of the authority of the court, as described by its repeated decisions and as acknowledged in this opin-ion of the majority of the court. The word "assumption," is italicised because Orcensburg. "Old Flint Lock," E. W. McGinness, Pottsthe use of this expression by addian of such calm; sille, "Going to Church," H. M. McGinness, Potta ness and gravity of mind, and of such eminent "New in Sullivan Co." James B. Mogre, Cannonaburg, judicial decorum, is a significant fact, and will have no little influence in forming the public sen-timent before which the decision of the majority hanna River," David Ahl, M. A Complimentary Supper in Col. Wm. U. Johnson on the occasion of his bet inentent from Pennsylvania Hall, as landlord, took place at the Hall on Tuesday evening last. The company-sumbering some forty gentlemen-upon assembling, appointed F. W. Hughes, Esq., President, and E. W; Yardley, Paq., Vice President. After discussing the substantials on the board. Mr. Hughes rose and after some complicientary remarks, proposed the health of Col. Johnson: It was hearthy responded to by the Company, and slight from the Col-onel a speech, in which he referred to the period when he taught "the young idea how to shopt," in the western part of the State, and of his fifteen years management of the Hall. Around the board he recognized but one person who sai at his table in the Hall at the period that he first became its host-that gentleman is, the lipn, James II. Campbell, After the Colonel sat down, to the able management of Col. Johnion, and the inva-riable kindness extended to his guests. Several vol-" unicer toasts were then offered; which were responder to by Messrs, Pitman, Inness, Donaldson, and others --A toast to George Miller, Eng., now a resident of Green Bay, Wis., and formerly identified with the Coat inter ests of this region, was offered by Mr. Richards, which

elicited a hearty response. The affait was very pleas ant indeed, and will we doubt not; to Col. Johnson a sume the shape of a delightful memento of his counce
