A VALUABLE RED ASH COLLIERY

A VALUABLE RED ASH COLLIERY FOR SALE. THE subscriber, being desirous of re-tiring from the mining business offers his Miford Odiery at private sale. This colliery is situated on the Schayikill Valley Railroad, about one mile above Middle port. The Coal is of a deep Bed Ash, and of superior quality, and well adapted to the New York and Eastern markets. All the improvements are of the most approv-ed construction-consisting in part of one 15 horse pow er pumping and hoisting engine, with pumps and all the coossary machinery. In perfect order: one 25 horse en gine and breaker: schutes, bins, screens, hoisting plan and gearing complete, care, tools, and stock all in goo order. The collery comprises the celebrated Bjohn fewis Veins, above and below water level, all opened an ready to commence immediate operations. For turth particulars inquire of the subscriber, at Pottaville, or Day after day old Sally besieged the agent; but he stood his ground until one day came and went, and another, and old Sally failed to appear, great was the agent's joy, believing that he was deliver-ed from her importanity. One stormy, rainy-night, the mail train, dash-ing along at full speed, anddenly slackened, and stood still. Burst whiss! Bound went the dri-ving wheels of the locomotive, but ahead it would not go. It was directly in front of old Sally's house that it came to pase. "What's to pas?" sang out the conductor. The brakesmen and engineer, freman and conductor, ready to commence immediate operations. For further particulars inquire of the subscriber, at Potteville, or of ALEX. B. FISLER, at the works. May 31, '56 22-17] BAMUEL SILLYMAN.

Banker, Dealer in Etehange, and Land VALUABLE COAL LANDS AT

April 4, sil Ap

THE subscriber offers at Private Sale is very valuable interest (being one balf) in about 40 acres of Timber Land, 13 Mules, 4 Horses, 10 Lum-ber Cars, Wagnas and Harnes, and about 13 0,000 fest of lumber together with all fixtures for bonducting the Immber business. The land is situated in Catavines Valley, Union Township, Schaujkill county, Penna, about one mile distant from the Catavines Ball. Road, and will yield several million feet of good lumber. The improvements are a very superior Steinh Saw Mill, capa-ble of making 10,000 feet of immber pet day. There are several Dwelling Houses and a large Stable for the use of the property for siz years from April last. There is a lumber yard in connection with this jest bilshment at Tamaqua, (distant 20 miles from the) land) at which jace and points along the line of the different Rail Roads accessible, a ready market is found for the lumber, A large and successful business has/bern and can be done with this establishment. The subscriber is desi-rous of disposing of his interest, is pripared to give a good bargain to the purchaser, and reasonable terma-for further information cull upon or siddress. Will D call the attention of Rail-We disager, and those interested in Bailroad Properio their System of Locomotic Engines, in which they adapted to the particular builders for which they adapted to the particular builders for which they may required; by the use of one, two, three or four part driving wheels; and the use of the whole, or so me of the weight an may be desirable for adhe-son; as a accommodating them to the grades, curves, strengift augerstruction, and rail and work to be done. these means the maximum meruleffectof the power heured with the bast expense for attendance, cont of f, and reparts to Hoad and Engine. With these objects rise, and as the result of treaty-three years practicap perisons in the built of Long experience and oppennities of obtaining information, enables in to offer use on ness with the assurance that in efficien-er, condy and durability, they will compare for orbiy with thooff any other hind in use. We also furnish to order whis, asies, bowing or low more itse (to Bt cee-tres with thering, oursportion custings for barings; every deseption of Copper Sheet I on and Boller Works and every distion of copper Sheet I on and Boller Works and every disting informations of barings; every deseption of Copper Sheet I on and Boller Works and every disting information of the render of Locomise Engines. M. W. BALDWIN, Jaunarja, '57 1-tf

alls, scanting, post, aningtes, lats, cering lats, pair-ng, &c. &c. Ag-Bills of sawed stuff and everything in their line on hand or to order, at the shortest notice. Pottsville, March 29 '56 10-

PATENT METALLIC COFFINS

BEAD: READ i READ: READ i MR. H. GRESSANG has been 2p-pointed Agent for this county, for the sale of "Hisk's PATENT METALLIOBURIAL OARS," which superieds all other kinds in use. Being perfectly air tight, it obviates the necessity of hasty burials, and informserves the body from immediate decomposition.-Thy are particularly suitable for transporting the body from one place to another. The face is covered with a thick gias, with metal top, which can be removed at any time, and the face of the corpse seen by its friends or re-latives. We might give you hundred af carificates, to corroborate our statement, as to the dynatages the Ma-taille Comn has overthe Wooden, but the billowing will suffice:

(allic Coffin has over the Wooden, bus the following will suffice: Washing of the second seco
