105 CB Miners' Journal. POTTSVILLE, PA. BATURDAY, OCTOBER 31, 1857.

Age Last week a farmer was stopped near Thomastown, and his wagon plundered of its contexts, consisting of marketing. Every farmer whole rights are so outraged, should appeal to the law to protect him. There is un doubtedly, much antiering, and relief might be extended in the legitimate way. But citizens stopped on the highway and robbed of their property, are outrages that ca THE present crisis in monstary affairs is alt butable to a combination of svils,-the reckles not be too promptly checked. expenditure of money for the indulgence of fo Stocking Perpetration .- An individual, who had sign luxuries, and the general system of credit for which there must come a pay day. The coun tion, rushed into our sanetum, a day or two try is not hopelessly prostrate, It has wealth since, and to our horror, perpetrated the following:an energetic population, and this year has been "Why should young men bot he allowed to play bil-liards in Pottsviller Because, when they do play, they favored with abundant crops. We are suffering always play at hasards - (Hassards.)" Is the communi nity mic, with the author of that at large? We have on for a currency, but the country has spon a wors condition than the present. Within the present century, the years 1814 and 1837 witnessed doubts.

condition worse than at present. That we have , ar Missing-Abigail Jones aged 18 years, left her home in Minersville, on the 16th inst., since which time suffering before us for months to come, is too suusting outers as the mouth to court is the pate has not been heard from. She is of Welab parentage, press from all sections assures us that the worst but speaks English. On the morning of the day she of the pinch is over, and that business already | Her parents are much distremend at her absence, and any begins to recuperate. Many men have learned information concerning her would be suitably acknowle bitter leasons within the last three months, which edged by addressing William D. Jones, Minersville, if rightly applied in the future, will lead us to Schuyikill county, Pa.

13 Parmers' Bank .- The stockholders . The Farmers'

Bank of Schuylkill county on Thursday last, by a unan

ans vote-accepted the law lervilizing the suspensi

ofspecie paymishts. This law relieves the Banks accep

ing it from the penalties consequent upon a suspension of specie payments, under the laws existing at the time

Ag Last week a farmer was stopped near Those

avoid those errors in business and social life, AT-Large Radish .- We were shown, a day or to which have plunged the nation into a vortex of since, a radish, grown by Mr. Jacob Madars, in: Sinder-Spaneial ruin and pecuniary distress. For the son street, this Borough, of the following dimensions:eredit should be substituted a cash system. "Pay length 2 inches; infumiference, 16 inches; weight. 5 as you go" must in the future, be our motto. We know what evils are upon us. We know Californian in its dimensions. There is a prospect that in a great measure, the causes. We know that in addition to our fame in the black diamond line, we in a great measure, the causes. We know that shall yet be distinguished agriculturally. We have soil in addition to * ruinous credit system, that we which needs but correct cultivation to yield profilably, are reckless in our imports of foreign manufac-tured goods, every penny's worth of which should and fully enough for home consumption.

AT The weather of the week has not been of the most he produced in this country. Look at the figures. cheerful description. Up to yesterday, a week exactly The average annual imports of cotton and woplen' The average annual imports of cotton and woplen had elspass since we were favored with a glimpse of his manufactures into the United States, are about highness, the Sun. Clouds and rain day after day, gave \$50,000,000. The average annual imports of us an inkling of what we might expect in the gloomy fron, manufactures of iron, and steel, are about | month, which makes itsenfree to-mon twenty-five millions of dollars; the average annu- | logical record is as follows Hall, Pottere. 7 P. M. 500 P., R. & P. TELEORAPH OFFICE.

al imports of manufactures of silk are about SA. M. twenty-five millions of dollars; total one hundred Oct. 24, -48°; " 28, -46 " 27, -42 " 28, -40 " 29, -42 " 30, -46 millions. We know that there is no necessity for Son, importing a dollar's worth of cotton and woolen Wed, goods, or a dollar's worth of iron. We have the Thurs, raw material, and Heaven knows as it witnesses the distress of unemployed labor, that we have an in these panic limes the holders of bank bills ex-

willing hands enough to manufacture that raw bibit an unnecessary uneasiness to get rid of their paper material into products for home consumption, and currency by converting it into specie, submitting to the material into products for nome consumption, and currency by converting it into specie, submitting to tary [George Hummel, best working colts a for export. There is no necessity for importing bave, "A liftle framew and consideration [Dan. Alspach, best single horse for a solid save many who can ill afford to lose. They should the card the save of baying them up, and that in [] do [] down bills for the save of baying them up, and that in [] do [] down bills for the save of baying them up, and that in [] do [] down bills for the save of baying them up, and that in [] do [] down bills for the save of baying them up, and that in [] do [] down bills for the save of baying them up, and that in [] do [] down bills for the save of baying them up, and that in [] do [] down bills for the save of baying them up, and that in [] do [] down bills for the save of baying them up, and that in [] do [] down bills for the save of baying them up, and that in [] do [] down bills for the save of baying them up, and that in [] down bills for the save of baying them up, and that in [] down bills for the save of baying them up, and that in [] down bills for the save of baying them up, and that in [] down bills for the save of baying them up, and that in [] down bills for the save of baying them up, and that in [] down bills for the save of baying them up, and that in [] down bills for the save of baying them up, and that in [] down bills for the save of baying them up, and that in [] down bills for the save of baying them up, and that in [] down bills for the save of baying them up, and that in [] down bills for the save of baying them up, and that in [] down bills for the save of baying them up, and that in [] down bills for the save of baying them up, and that in [] down bills for the save of baying them up, and that in [] down bills for the save of baying them up, and that in [] down bills for the save of baying them up, and the save of baying them up [] down bills for the save of baying them up [] down bills for the save of baying gance curbed. The difference between exporting fifty millions of dollars in gold, per annum, and importing that sum, would soon be perceived in: this way men are making repid fortunes out of the mis-importing that sum, would soon be perceived in: the fact that panics and revulsions would become unknown. These things we know. If we are on bank bills, that is lost by counterfeigs. The greater wire we will so shape our course in the future; the fact that penices out course in the future; the gets negly or quite par from the bank, and et. In the mean they are entrely beyond rivalry. Their effects, indeed, os one or two smaller mytters. The offset of \$125 claimed time the man has been married and his wife died, are so certain, that a cure is warranted, or the monty reagreed to pay for \$125 paid on account of the side and on one or two smaller mutters. The offset of \$125 claimed by defendant was resisted by plaintiff. The defendant by defendant was resisted by plaintiff. The defendant is produced no receipt for it, but alleged that it had been produced. The plaintiff's wife, of which however, no profi-was produced. The foury found for plaintiff, \$155. Sumuel Hefner vs. Joseph Brendle-This was an action the house in which she was been and head during or a due bill for \$50, dated Aug. 9, 1853, signed by de-the defendant. The defendant alleged that it had been ob-fendant. The defendant alleged that it had been obimprobable that defendant owed the smount to the pywas given, plaintiff was indebted to defendant on at emacinted. been issued already. The plaintiff produced a receipt or \$50, paid on the judgment, which nearly squares it, dated Aug. 9, 1853, the same day the due bill was given to the plaintiff The jury deducted the interest on the due bill, and found a verdict for plaintiff for \$50. FOR THE MINERS' JOURNAL.] Phonography. Phonography is an art of recent invention, and one which claims the attention of scientific investigation. The inventor, Mr. Issae Pitman of England, lafter years of labor has presented the literary world with an alphabet of symbols so brits and artiest in execution of writing,—and planted upon principles so philosophical, that it is the daty of every lover of literatures to exam-ine the foundation upon which this noble boon is baked. Phonography is a system of shorthand writing founded upon two grand features, which bring our educational desiderate to an altitude with the highest mellorations of our language are critically observed, and by investi-gating these elements, which are the rudiments of the language, we have framed this certainly rational slpha-bet. In the English language there are overalaty thou-and words, and in this number thereare but f. rty-three distinct sounds, theorgh to many theory are and subservers.
