THE GREAT REMEDY

For Raising the Country from Bankraptey. Were Congress to enact the annexed thirteen lines into a law, and then should the entire country, North, South, East and West, not be raised, within a period of five years, from widespread bankruptcy, to an unprecedented degree of prosperity, we are willing to tender it, has ensured acquital manifestly to the detri-our head for foot-ball purposes. It would be ment of the majority of the law. We trust there a HABD MONEY BILL; in other words, a fore, with our intelligent cotemporary, the Gerbill to keep Gold and Silver, on which our currency is based, in the country. It is evi. [ pathy of this sort for a criminal guilty of as de-] dent that no nation can prosper deprived of a good currency. The lines that we submit | for adoption by Congress, are as follows :

Built unsetted, de., That, leaving out of view oth the emport and import of gold and eiler, chaines the exports do not exceed the imports in whether the exports do not exceed the imports in realest twenty five per cant, during any flocal quar-ter of may flocal year, the Secretary of the Trea-eary is hereby anthorized and required to raise the floty on the value of all articles of foreign in-port, (excepting such articles as have been exempted from the provisions of this act.) 10 per centant within thirty days after the expiration of each and every flocal quarter daving which the exports as aforematid, do not exceed the imports as a oforesaid if the law is to be set aside by those who may consider the mail of a constant of the conset who have the set as a of the set as a set of the set and if the law is to be set aside by those who may consider the mail of a constant of the mail of the set as a of the set as a set of the set as a if the law is to be set aside by those who may consider the mail of the set as a set of the set as a set of the set as a set of the set as a and the set as a set of the set as a a set of the set as a a set of the set as a a set of the set as a set of the set as a set as a set of the set as a a set of the set as a set of the set as a set as

wenty-five far, cent. In conversation with an intelligent Democras in reference to the above bill, the other in these cases, it is no more than fair that all day, he stated that he could not see any ob should be placed upon the same footing, by the jection to the above supplement to our present Revenue Laws, unless it would interfere with trade by rendering prices uncertain. This is and the skillfol use of frearms. Is the public as objection worthy of consideration ; but in prepared for this? . If nay-then persist in the stead of having that effect, we incline to the opinion that it would operate directly the reverse, and tend to make prices more stable and uniform under our present revenue syst tem. The present Tariff is based on the ad The polsonous drugs he uses are of course not resulorem system, of levying a certain per cents | vealed-but the "Dr," advertises as follows : age of duty on the value of an article at the time it is imported. For instance, if Iron is Plavorings to produce at a moment's notice every

high also-bat when foreign products are low,

high also-bat when foreign products are low, and our manufactures require protection from these low rates, the duty is diminished in pro-portion, and our productive industry becomes completely prostrated under the operation of such a policy. Stability in business or in pri-such a model of the state of ces is utterly impossible under such a system. Prosperity in any branch of business, will, of course, he in mere "spurts," when prices, from some cause or other, are enhanced abroad, which, of course enhances the rate of duties, also, thus affording protection when it is not by using poisonous drugs; but here is a fellow required, and diminishings it when prices of advertising the fact to the world. Can men foreign products fall, and when 'it is wanted.

Strange and unaccountable as such a policy must strike every intelligent and thinking person, nevertheless, it is the present policy of our Government. Pass the above bill, and its tendency will be rather to equalize

The Revery Honnists Mundun At THE ST.I Bailt, the aurdorer of M Carter of Tamaqua, is incarcerated and awaiting trial. We are the spologists of no grads of crime. In fact we would be among the first to expose and denounce outrages against society and the law. In the effeir which had its herrible fact at the Philadelphia hotel, we have so far but the sertions of the manderer-but one side of the story. It is to be hoped for the aute of justice, for the take of every man who holds his life and reputation dear, that no mock sympathy, nor

hasty prejudice will weigh in the scale of justice which should be meted out in this case. We have had in this country too many cases of mur der, in which the assassin in pleading a privat wrong which may or may not have existed, has created a current of popular sympathy in his fa ror, which carrying the press and the court with mantown Telegraph, that there will be no symas to seek their fortunes in the West. liberate and shocking a homicide as has ever been committed in this country; but that all will

be anxious to bee the law fully vindicated, and an effectual check thus put to these terrible ocourrances, which of late have become, in contemp of the law, the common mode of redressing Treasurer, Dr. E. K. Weber and Revister, Chas. Bensing wrong, whether real or imaginary. It should be er. The following question was selected for next Wed sday evening's debuie:--- Are the people of New York city justifiable in pursuing the course which they do to get work or bread. diret - C. Bensinger, D. Koch, J. Edwards, D. Weber and T. W. Bechtel. Nepative :- John Jones. J. I. Wright. J. P. Boyer. J. H. orter and M. Heilner, a well known operator in this

county, commenced the shipment of cost from his new reaker erocied in Big Run, about a milcand a balffrom Ashland, on Tuesday of last week. The Guetler also repeal of the law. The redressing of private ofstates that the Mine Hill Extension of railroad from the fences will then be placed in every man's hand; Planes through Big Run, has been completed. - The first but success will depend upon personal prowess train of cars passed over it on Tuesday week, laden with coal from M. G. Heilner's breaker. This road will add much to the wealth of that vicinity, not only in th transportation of coal from this breaker, already in opemaintenance of the law upon all occasions. ration, or from those in progress of erection, but it will, How THE ABDEST IS MADE. A doctor of New no doubt, be the means of causing new veins being opened at different places along the line.

York is advertising freely the fact that he can produce at a moment's notice any liquor required. # Polleville Literary Society .- The locture room of Thompson's Church, was througed on Tuesday evening last, by an intelligent audience, for the purpose of listen-HIGHLY INPORTANT TO RECTIFICES, LIQUOR ing to the exercises of the Literary Society Esq., lectured on the three astronomical and three geologitime it is imported. For instance, it aron its worth \$60 a ton, the duty levied, say at 25 percent, the present rate, would be \$15 60 per ton. If the price is \$30 a ton, the duty would only be \$7 80 per ton. Such is the operation of our present Tariff policy—when Foreign manufactures are high, and our pro-ducts do not require protection, the duty is high also—but when foreign products are low. It requires no skill, but an addition of a good al days-or the Creation. The subject was treated by Mr. Bowen in an able manner. It was in fact, a practical lecture, abounding in information, and interspered with thoughts beautifully expressed. The birge andience listened with undivided interest, until the conclusi of its delivery. After a reading by Mr. Henry Pleasants, a debate surved on the question-"Should immigration be succuraged !"-with C. Little, Wm. Mines, Jr., the affirmative, and II. W. Poole and W. L. Whitney, the negative-which was decided in the affirmative The exercises of the Society, we are pleased to see, are attracting that interest this season, which they meri The lectures in particular, so far. have been admirable
