Stichter & Thompson. American. WHOLKSALE AND BETAIL DEALERS IN LAUQUABLE THIAL OF CHURNS. - The Royal Ag-Hardware, Cutlery, Tools, &c., orner of Centre and Market streets, Pottsville, Schuylkill County, Pa. ioultural Improvement Society of Ireland, one of the noblest, and most efficient means of reform in "Bign of the Saw," that country, has just closed a most successful exhibition at Waterford. The trials of implements CIR closed with a very amusing ;one of churns, of which eight were put in competition; namely, Moore & Clark's Yankee Hydrothermal American; Ô Standing's Oval Upright, worked by two dashers, turning inside ; Stranahan's Darrel, old-fashioned pattern, turned round on its own frame; Rich-3 LARDWAR,0 mond & Chaniller's with double dashers; Fish-¥ er's Oblung, worked by lover dasher; Gray's, the dashers are two perforated boards, with open ends C worked from either end of the churn, and turning - \Rightarrow opposite ways; Shaw's Upright Round churn, E with planging dasher, worked by wheels ; and Ai-ĊŚ len & Mitchell's, worken by a large fly-wheel motion, lifting an upright plunging dasher, on the

principle of scale and beam motion. These were

all supplied with milk-not cream, which could

not be obtained readily-abcording to the request

All being in readiness, time was called, and it

was truly ludicrous to see so many active fellows

at work in right good earnest, some taking three,

others two, to une each, according to size. The

Yankees cheered first, having obtained butter in

ten minutes ; but the subsequent "gathering" was

proportionably longer; he obtained one pound of

butter from three gallons of milk. Stranaban

next cried "butter," in ninetcen minutes; but be

was a considerable 'time "gathering." He obtain-

od three pounds, twelve sunces, trem ten gallons

of milk. Standing next called "butter," twenty

and a half minutes ; but ha was forty minutes be-

fore it "gathered." He obtained three pounds,

six onnes, from tweive gallons of milk. Gray

next announced "butter." twenty-one and a ball

minutes, and soon "gathered." He obtained three

and a quarter pounds from twelve gallons. Fish-

er now said, "I have butter;" but it turned out

that he had churned butter some time previously.

churn was very small. He obtained obe quarter pound from one and a half gallone. Allen &

Mitchell next cried "butter," and it was "gath-

ored" within thirty minutes. They obtained

three and three-quarter pounds from eleven gal-

lons of milk. Shaw kept on for one heurand

fifteen minutes; but as no prospect of butter of

peared, he withdrew. This churn dasher nord

too quickly. The prize was awarded to Strans

. It takes 5 pounds of curudo form ong of leef

But it took him thirty two and a half minutes t complete his task from the commencement. His

approval of the exhibitors.

The witness replied, "he wouldn't look at him," 2 inch 3-ply, per toot "Proceed," says the judge. Well, I saw him and he saw, and just at that minute-" "Stop, sir," said the judge, throwing himself into a hearing attitude, "did I understand you to say that you wont blind ?" "Yes, sir, I went blind, and Griggs, he was blind, and Allen wouldn't see, but I saw Griggs, 14 and then he saw-" "Witness," exclaimed the judge, striking the bench with his clenched fist, "do I hear you wright, sir? Do you say that you went blind, and then 24 " "Yes, sir," replied the witness, "I caw Griggs, double leather) at an advance of a source of the start of that." Heavy 5 and 6 ply Belts made t and Griggs saw, and just at that "Stop, sir," said the judge. "Mr. Clerk fine the Warranied to st witness fifty dollars' for contempt of court, and 1-2 luch per font, . direct the sheriff to take him to jail, and there to keep bla until he receives further orders from the court. Call up the next case, Mr. Clerk." Capt. Johnson was dumb founded, and did not awake to the reality of his condition until the 3 " By Locomotive & Fire Engine Hose 1 3-4 inch per foot, -"Good gracious, Mr. Julge, what have I done, that I must go to jail?" The judge, who was purple with rage, did not deign to reply to poor Johnson, but reiterated the order with increased vehemence, and the ju-New York Centon Ho lose of any size and strength made to order-alsc, uction Hose for Fire Engines and other purposes. The above Hose has great advantages over leather, as needs no olling, is perfectly tight, will stand a very nior members at the bar, who had been anticipating the fix that the captain would eventually be placed in, were convalued with laughter, which pereased the rage of the old judge to the highest Couplings, Hoss-Pipes, &c., furnished at the lowest pitch. The prosecuting attorney endeavored to Steam Packing. This article is now in general use by the most skillful Engineers and Mach to its throughtout the United States. It is prepared so that 3000 Fahrenheit will not affect it, and is superior to everything else, as no substance has so much elasticity which stands so high a degree of hest, and may be used about all parts after packing is necessary, vis: Manhole Plates, Piston Tods, Steam Joints, Steam Chests, Cylinder Heads, Stuffing Boxes, etc., etc. sulighten the judge, and eventually succeeded, but not until he had produced a pack of cards, and after dealing out three hands, made the blind as clear as day to the judge. The fine and imprisonment were remitted, or.

der was resumed in the court, and Captain Johnson was allowed to proceed with his testimony. An IRISE MANNER OF STOPPING & HOLE .---

An Intern MANNER OF STOFFING A HOLE... "Our folks" have got a biddy of the veritablest kind. She is a queer duck, and good natured "as a basket of chips." Well, last Sunday, as we were setting down to dimeer, we found the old cat, with three young grimalkins, largely engaged. in the bursery buincess under the table. "Biddy," said we, "take this cat and her kit." Hot any for a setting the cate... "Biddy," said we, "take this cat and her kit."

tens and put them where we shall never see them more." A hins of dreadful import, but not un. deretood. "Faith, sir, an" that I will."

ved, and we pro-The fellne family were remo ceeded to dine. By and by Biddy re-entered, with an expression on her face that seemed to say, "Be dad, I guess they're in sale keeping

"Well, Biddy, what have you done with the old cat and hor kittens ?"

"Be gor, sir, they're safe enough, sure. D'ye mind the wood house forningt the stable ? Well, I put them all in there, and fastened the door and windies. Then, seeing there was a hole beneath where they might get out, I stopped that up too, and so, ye see, they won't irouble you any

We were satisfied "av course," and, we ate our dinner in peace : afterwards walked into the yard dinner in peace; afterwards wanted into the yard where we saw the "dintical" old cat and her kit-tens, at perfect liberty. Calling Biddy, we said: "Did you not say you fastened that cat in the wood house?" "Guess of certificates can by soon at R. Bannan's Book Store. We append one or two to show that it is no himbur:

"And stopped the hole ?"

"Yes, sir." Well; she had, that's a fact, but what do you

suppose the had stopped the hole with? She had should in building hereafter prefer it to any other ing. Building hereafter prefer it to any other ing. Building hereafter prefer it to any other building hereafter prefer it to any other building hereafter prefer it. Building he sinck a section of store pipe into it ! We thought we should split. And there sat one of the little imps at the mobile of it, just as it had crawled out, licking its paws and looking as savey as thunder-

-Knickerbocker.

"What business was your father's?" said an imperious Colonel to a modest looking Lieatenant. "A tobaceanist, sir." "What a pity be didn't make you one." "Probably, sir; and now will you allow nek you a question?"

"Certainly-what is it ?" "What was your father ?" "A gentleman, rir."
