CONSUMPTION,

CONSUMPTION, AND ALL AND ALL DISEASES OF THE LUNGS AND THEOAT A PE positively curable by Inhalation, While converse the remedies to the cavities in the lungs through the air passages, and coming in direct con-tack with the disease, neutralizes the tubercular matter, allays the cough, causes a free and easy expectantion, heais the lungs, purflets the blood, imparts renewed vi-tality to the nervous system, giving that tone and ener-gy so indispensable for the restoration of health. fto be able to state confidently that Consumption is curable by inhalation, is to me a source of unalloyed pleasarp. It is as much under the control of medical treatment as any other formidable disease; inledy out of every, hun-dred cases can be cured in the first stages, and fify per cent, in the second; but in the third stage it is impo-sible to state confidently the last stages, inhalation af-ford extraordinary relief to the suffering attending this fearful scourge, which annually destroys ninety-five thousand persons in the United State alone; and a cor-rect calculation shows that of the present population of the earth, eighty millious are destined to fill the Con-sumptives grave. Traily, the quiver of desth has no arrow so fatal as Consumption. In all ages it has been the graft enemy of ills, for it is parse neither ages nor sex, but sweeps off alite the brave, the beautiful, the grareful, and the gif-tied. By the help of that Supreme Being, from whom cometh werey good and perfect gift. I am enabled to offer to the afflicted a permanent and speedy cure in Can-sumption. The flast cause of tubercies is from impure-blood, and the immediate effect, produced by their depo-sition the sing role, is to proven the free admission of air into the sing role, which causes a weakened vitality through the entire system. Then surely it is more ra-tinnal the speet greater influences. To grave the administered by the stomesche. To grave the singlister basi: inbasing the ondinary biruing grav-ren

discase that simulate Consumption, and apply the prop-erremedies, rarely being mintaken even in a single case. This familiarity in connection with certain pathological and microscopic discoveries, enables use to relieve the ind microscopic discoveries, enables use to relieve the the check, purity the blood, impart to it renewed vitality, giving energy and these to the entiresystem: Medigenes with full directions sent to any part of the the rheat, purity the blood in pains to its renewed vitality, giving energy and these to the entiresystem: Medigenes with full directions sent to any part of the their symptoms by letter: But the cure would be more certain if the patient should pay me a visit, which would give me an opportunity to examine the lungs, and then the cure could be effected without my socing the patient sgain.
