PROFANE SWEARING .- Itev. E. II. Chapin, the celebrated Universalist preacher, thus alludes to ofane swearing in one of his discourses on the

If we would use the prayer sincerely, we must hallow God's name upon our lips. It will never be a light word there. It will never drop out in jest, or ring in blasphemy. I wish to touch this point carnestly. I would speak strongly against he common sin of profaneness. Are there any

I lies af policy to which the select is dec, will ensage the instrument califorward onal Scarcely so, as it would increase it to a forward onal Scarcely so, as it would increase it is allower metalise that circulated become more larged; it that the form of the more larged it is that circulate become more larged; it that the form of the production by floating capital to that which is increase in which the sound in the product here and transporter steadily increases. All of the render and transport steading with the product here and transport steading which are subles in which the text of the procions mutals, as is the case with the countries of the precions mutals, as is the case with the countries of the precions mutals, and steadily increase is high, in all those come being extred, it is altorether to the wrote the start is the sate is the transportation; those whoe early tax for transportation; those whoe marks are distant; those whoe marks are before me who are accustomed to use God's name as an expletive and to bandy it as a byword? hearts, they consider this habit as an accomplish-ment! think it manly and brave to swear ! Let what clothes he wears, or what culture he boasts. Despite all his refinement, the light and habitual taking of God's name, betrays a cohrse nature, and a brutal will. Nay, he tacitly admits that it is ungentlemanly. He restrains his oaths in the

In the lead of England. 4 Capital being scree among these latter, they are con-startily assured that, under existing circumstances, it is abdird for them to attempt to convert their eron and their wool into cloth, or their coal and ore into irod. It is, however, manufactures that cause the growth of capital, facilitating, as they do, the development of the powers of ruz MAX, and thus enabling him to combine with his fellow men for economising the power result. The follow men for economising the power result. The other as in 1822 and 1842, and as at the present time, it as bled of cambined action, Mr. President, has for its object, and its eflect, a saving of human effort which to drain a piece of land; at others, to dig a well, to con-struct a mill, or to open a mine; all of which require amount of labor, upon the same principle, identically, that the farmes plows his land, and sows his seed—cal-culating upon having it returned, with historest for the lapse of thirty days from the pre-mes. When Grusse made his, rope-ladder, he did so for the reason that it was better for him at once to expend a few hours, or, in other words, a little capital, than to wasted, throughout the year, an hour a day, in climbing the rock under which he had taken up his abode. All the thor these conomized when we have for a setter the secone is obtained by. Mr. President, have seen, we og greatly the tobor thus te was the for him at once to expend throughout the secone is estanded. All the tobor the secone is estanded. All the tobor these conomized when we have the to the dimension which, as you, Mr. President, have seen, we so greatly were again to become rick and strong enough to be ena-ver again to become rick and atorong enough to be ena-which as used the the present tened when we have the for the top which as the tork under which he had taken up his abode. All the tobor time connomized was capital. there, is decently observant in the drawing-room and the parlor; But, again Profuneness is an pa-minly and silly vice. It certainly is not a grace bat is ingrained with oaths ; and the blasphemy that bulsters an opinion does not make it any more correct. Our mother English has variety\_monced, and the Coal improves as the mines are enough to make a story sparkle, and to give point to wit; it has toughness enough and vehemence nough to furnish the sinews for a debate and to drive home conviction, without degrading the ho y epithots of Jehovah. Nay, the use of these trade, and increased facilities for manufactur. pletives, argues a limited range of ideas, and a nisciousness of being on the wrong side. And, if we can find no other phrases through which to vent our choking passion, wo had better repress that passion. And, sgain profaneness is a mean

 a. The array keep on hand-Saaih of all descriptions, the state through the section and the section of the country, is confidence that labor was the function of a criteria and bit a hold. Aff the section of a criteria counstication of a criteria counstication of a criteria counstication of a criteria counstication of the section. The architecture of a salid, for what there repare that count of the section of a criteria country is a criteria criteria country is a criteria criteria country is a criteria criteri criteria criteria criteria criteria criteria criteria criteri thật phesium. And, sgain profaneness is a mean vice. According to general assimution he who re-pays kindness with contumely, he who abuses his iright and benefactor; is deemed pitiful and writched. And yet, oh profane min ! whose finme is it you handle so lightly? It is that of your best benefactor ! You, whise blood would buil to hear the venerable names of your earthly parents hujted about in scoff and jests, abuse, without computerion and without thought, the name is it your beavenly Father ! Finally, Profaneness is anjawlif vice. Once more I ask whose name is it you see in pondered its meaning? Have you aver thought what is it that your mingle thus with your thought what is it that you mingle thus with your passion and your wit? It is the name of Him

 if the value of a provide that and been need, and of a provide that all these recently of a provide that all these ruccessive interventions of capital having so to speak, alogether super stated daring, the immortality which it does not capital having so to speak, alogether super state of the value of th rarely yield rich rowards. Jefforson died comparatively poor. Indeed if Congress had not purchased his library, and giv-en for it five times its value, he would with diffi-culty, have kept the wolf from his door. Madison saved money, and was comparatively rieb. To add to his fortunes, however, or rather to those of his widow. Congress purchased his lars for them. James Munrou the fifth President of the Uni-James Munroe the initi resident of the Oni-test States, died to poor that his remains found a resting place through the charity of one of the etitisens. Phil.deiphia, each containing one hun-dred thousand inhabitants. John Quincy Adams left some hundred and his political life he has studiously looked out for his own interest. It is not believed that he ever spent thirty shillings in dualities. His party shook the bush, and he caught the hird. True to the instincts of his nature, he believes that cliarity is a cheat. bis political speciations. He died, leaving his property to his children, and his debts to his friends. The former sold for less than twenty

thousand dollars the latter exceeded two hundred and fifty thousand. Henry Ciay left a very handsime estite. It probabily exceeded one hundred thousand dollars. Ife was a prodent manager, and a scrupulously binast man.

Meanwhile, Mdme, Grotius took care to place a the amusement of those looking on. They grow much more rapidly in ponds than in their native lighted lamp in the room where her husband was in the habit of studying, and the governor of the streams, from the fact that they are better fed, and not compelled to exercise. Tront are the only fish known to me that passess a voice, which is perceived by pressing them, when they emit a murmuring sound, and tremble all over." casile, seeing it upon his return hume, supposed that all was as usual. Of course his escape could not remain long concealed, but after a short detention, she was released, and finally joined him
