act acknowledging even the presence of mine. host. This sulky demeanor rather "flea'd" the Doctor, who chauging the range of his battery, stuck his thumb in his vest arm-holes, expanded his chest by robbing the pom of half its air, and said: "Now, mister, doi durn me if I haint made all the apology necessary, and more too, considering the breakfast and who gets it, and now I tell you, I have seen dirtier, worse cooked, worse tasted, worse looking and amaller break-fasts than this is, ecceral times." The weary, hun-gry one meetly laid down his tools, swallowed the bits in transitu, placed the palms of his hands true?" "Yes, sir," came with a vindictive prompt-ness. "Well, then, I'm blest, hose, if you haint out traveled ma." There was posted in the front door a small nigger, especially to tell the wayfar-ing man, "dat he didn't owe numm dar sartin sure." After he was fairly under way; Thompson was observed creeping from an attic window, taking a prolonged rear view of the steed and his rider with a four foot telescope. It has been inti-mated that the Doctor hesitsted many seconds between the choice of the steed and a dophle.ber

between the choice of the glass and a double-barvreled shot gun.

I knew the happiness of the scraphim ! The above is all of this deeply exciting story that we can publish. The remainder will be found in the N. Y. Blower of April 1st, which has four million more subscribers than there are inhabitants in the world.

Aπ English journal relates the following :- To show the relative position in life of members of cular, Address, yeomanry corps, the following accodote may be cited :--- A regiment in the north, recently on per-April 10, '68 manent duty, were going through their move-ments, when a private not suiting his sergeant, the latter bawled out "Private Jackson, if you

The great trial of his life was that his wife wouldn't let him smoke in the parlor.
PATHETIC.—The Rev Mr. Smitkins, who by the way has a holy horror of grammar and orthog-raphy, thus describes the fleeparture" of a saint: "When I arrows at the hease of my discessed friend, he was perspiring his last. I stood by his
bedside, and said, as he was too far gone to tails,
