1 benerolent Institution, established by special endown for the relief of the sick and distressed, afflicted THE HOWARD ASSOCIATION

THE HOWARD ASSOCIATION, in view of the awful destruction of human life, caused by Sexual diseases, and the deceptions practiced upon the unfuturate victims of such diseases by Quacks, several years ago directed their Consulting Surgeon, as a CHARITABLE ACT worthy of their name, to open a Dispensary for the treatment of this class of diseases, in all their forms, and to give MEDICAL ADVICE GRATIS, to all who apply by letter, with a description of their condition, (age, occupation, habits of life. Ac.) and, in cases of extreme poverty, to FURNISH MEDICINES FREE OF CHARGE. It is needless to add that the Association commands the highest Medicalskill of the age, and will furnish the most approved modern treatment. The Directors, on a review of the past, feel assared that their labors in this sphere of benevolent effort, have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with the content of the directors of the content of th w)ffivenewed zeal, to this very important but much despised cause.

Jusi Published by the Association, a Report on Spermatorrhices, or Seminal Weakness, and other Pliseases of the Sexpail Organs, by the Consulting Surgeon, which will be sent by mail. (in a scaled envelope.) FREE OF CHARGE, on receipt of TWO STAMPS for postage.

Address, for Report or treatment, Dr. GNORGE R. CALHOUN, Consulting Surgeon, Howard Association, No. 2 South Ninth street, Philadelphia, Pa.

BOSTON BELTING COMPANY.

Machine Beiting.

THE experience of the past sen years
has gained for this Belting the confidence of manufacturers and consumers. The great improvements recently made in its quality, warrant us in asserting it to be superior to leather for all open Belts,—especially for heavy or main Belts.

Its first cost is much less than leather—it is stronger and more durable, and gives a goin in power on the pulley. It will stand a hear of 360 degrees unaffected,—no degree of cold or wel can injure its working. In all respects it is recommended for Saw-Mills, Mines, Grain klevators, Machine Belting, 3 & 4 Ply.

Scale of Prices, 3 and 4 ply, from which am estimate of the price of intermediate widths can be made.
