POTTSVILLE, PA. BATURDAY, PEBRUARY SS, 1859. Remand in Courty Marrens There is certainly, great need of a thorough overhauling of township officers, not only for the purpose of holding them to a strict discharge of their respective duties; but to prevent needless waste of the public funds. It is not difficult to select townships in this County, as examples in which the most astonishing mismanagement has occurred. At this moment the indebtedness of Blythe Township for repairing roads amounts to some ten thousand dollars. Last year orders amounting to between six and seven thousand dollars, for road purposes, were issued. No regular record of the orders issued, has been kept. If this system be continued our readers can readily see to what a serious financial complication it will lead. In Cass township, parties have repeatedly offered to keep the roads in thor-

ough repair for twelve hundred dollars per under the act of June. 1838, were improperly let. While the proposals were pending, Colonel Patterson wrote a letter to the President, urging that one of the contracts township reported three thousand days work on the roads, which is at the rate of three hundred days per mile. Every one acquainted with the roads of that township, and the was submitted to the Secretary of the Navy, and the award was made to Merrick & Sons. The awards generated was made to Merrick & Sons. Respect. That the Secretary of the Navy has with wrong. Officers should be held to as strict wrong. Officers should be need to as strict the sacrition of the President, abured his discretional accountability in township and borough, as power in the selection of a coal agent and the purchas of coal—that the contract made with the Secretary in County affairs, and something "is rotten of coal—that the contract made with the Secwary of the Navy, under date of September 23th, 1858, with W. in Denmark" when they make exceptions in favor of themselves and their friends. If the axy of reform will be applied shortly to townin County affairs, and something "is rotten ship matters, let this evil not escape a vigorous blow.

The recently enacted law requiring a stricter accountability of public officers in this County will, under proper enforcement, place a check on official mismanagement, and inaugurate a system of official prudence and economy heretofore existing but to a limited extent in this County. It now rests with every tax payer, recognizing the merit of the law, to see that at no future period in no political phase, that it be repealed. CORRESPONDENCE OF THE MINERS' JOURNAL. Harrisburg, February 24th, 1859.

EDITORS MINERS JOURNAL:—I send you endelosed a certified copy of the new law relating to our Alms House, which please publish for the public information, and then hand to Hon. C. W. Hegins, for the pase of the Court. I hope to send you soon, the law for the protection and security of the wages of our miners and laborers, which in connection with the laws for the reform of affairs in the townships and the Alms House, will vindicate our sincerity in our promises to the people during the last political canvass, and will, I trust, in their operation, commend

themselves to the whole people of our County, as themselves to the whole people of our County, as wise, just and salutary.

The act for the extension of the limits of the borough of Pottaville, has also passed both bianches of the Legislature, and is only waiting the signature of the Governor to become a law. Very respectfully, and truly yours.
