POTTSVILLE, PA. SATURDAY, MAY 14, 1859.

Your-0. H. Frost, Room No. 2, 110 Broadway. are an inerized to receive subscriptions a

PEOPLE'S STATE CONVENTION THE Citizens of Philadelphia, and of the sayeare opposed to the urjust, unwise and extrar agant measures of the National Administration, are opposed to the driver, upwise and extract gant measures of the National Administration are requested to send Delegates, equal in number to their several representations in the General Asto their several representation in the General Assembly, to a Convention to be held at Harrisburg, on WEDNESDAY, June 3th, 1859, at 10 A. M., to nominate candidates for Additor General and Surveyor General, to be voted for at the General Election in next Octaber.
HENRY M. FULLER, Chairman

WILLIAM B. MANN, Secretary. People's County Mass Meeting. A COUNTY MASS MEETING will be held, at the Court House, in the Borough of Pottsville, on MONDAY, June 6th, 1859, at 2 o'clock,

P. M., for the purpose of electing DELEGATES to attend the "State Convention," to be lield at Harrisburg, on Wednesday, June 8th, 1859, at 10. A. M., to nominate candidates for Au-DITOR GENERAL and SURVEYOR GENERAL to be voted for at the General Election next October. All voters opposed to the unjust, unwise and extravagant measures of the Na tional Administration, are requested to at-CHAS. FRAILY,
Chairman Standing Committee LIN. BARTHOLOMEW, and J. W. HAAS, Sec's.

Pottsville, May 14, 1859. The quantity sent by Railroad this week is 30,161 17-by Canal 34,556 10-for the week 64,-718 07 tons, against 53,336 tons for the corresponding week last year. The shipments were light last year by Canal, owing to a turnout among the boatmen which lasted about three

Freights by Canal have receded again 5 cents to the old rates, \$1 50 and \$1 55 to New York, and 50 and 55 to Philadelphia. With feed and provisions advancing, these low rates bear very hard upon the boatmen-but they must luffer along with all other interests, until the people become satisfied that the advocates of the den Cent System" are not the proper persons to rule

this country. The trade sums up this week as follows, showing the very heavy increase for the week of 69 .-214 tons over the corresponding week of last year, independent of the increase from Wilkesbarre South, and from Shamokin, (from which places we have ne returns to compare with,) which would swell the increase to about 75,000 tons for the week. So heavy an increase is not likely to occur again, as several of the regions had scarcely commenced shipping at this time last year;

ing this supplement passed at the last resion of the Legislature, we give as our opinion, that it would not injure in the least, the interests of the beatmen, but rather prove's positive benefit to increase the tonnage on the Navigation works .-'No better proof of the truth of this is peeded than the fact that the oldest and most respensible boatmen are friendly to the provisions of the that the disposition of the Navigation Company towards the boutmen, has always been of the most ostering character. It has nided by its liberal policy the boatman whose only capital consisted of honesty and industry, until he has been able to acquire a handshme competency. It is not reasoughle to suppose that the Company would jeopardize its own interests, by the slightest infringement on the rights of the boatmen. Such is not its intention. Nothing of the kind is warranted in the supplement under notice. It should be borne in mind that on the 30th of December last there was due to the "Boat Loan Trust" of the siderable sum of \$325,257 S6. This sum represents the aggregate balances due by boatmen on their bont leaves, and is payable in mouthly intalments of \$50; and as there instalments must he paid by each lessee, out of the profits arising from the use of his boat in the business of transportation on the Schuylkill Navigation, it would com to be clear enough that whatever the Company might do toward cutting off the boatmen from the prosecution of their business, would at the bame time cut themselves off from any hope of realizing even's portion of the large sum now stated to be due them, and that consequently, prudential motives exist, sufficiently strong to ren-

Now then, is any injury to the boatmen necessarily involved in the carrying into effect on the part of the Company, of the privileges with which the Legislature has recently invested them which may be briefly stated to be the right to contract for the transportation of coal and other priicles, aand from points either on or off the line of their works, and to include the charge for such transportation in their charge for tolls afattitia," in a communication to the Reading Jour, and on this subject, says in touching on this point "Suppose, then, that the Company, impureuance of this authority, should contract with operators in the coal region for the carriage of their coal, or a part of it. In the first place, it is man- pi great extent, they would be obliged to call in the aid of the boatmen to assist them in the execution it of such contracts, and as to the freights to be paid | S. them for such assistance, they must of necessity Sci e remunerative, since without remunerative rates, Un these boatmen could not meet their expenses, nor the monthly instalments on their bonts. "The actual work then, will be done by the same hands, and so long as the prices paid leading for dainer it and so long as the prices paid lianted for doing it are a proper compensation for the Back rervices rendered, it cannot matter who pars hom, the consignees of the cargo as at present, or the Echuyikill Navigation Company, as proposed.

Again it is perfectly clear that even if all the Force!

der it very unlikely indeed, that they would enter apon a course of conduct so fraught with signater to both parties. This we think, is sufficiently.

plain to show what is the Company's true policy

onntracts losist upon such terms as would at the some time provide as well for their protection as their own. Beside all this, the judicious exercise of the powers conferred as aforesaid, would have the effect to induce larger shipments by Canal, and to ensure their greater regularity, as also of affording greater despatch in the procuring and discharging of cargoes, all of which would of necessity redound to the interests of boatmen." Proofs might be multiplied to show that the supplement will rather benefit the boatmen largely, than involve them in ruin as has been asserted

by a few unreasonable," unthinking persons; but this statement in connection with the fact that a large number of the boatmen acquiesce heartily in the provisions of the supplement, should be sufficient to dissipate error cons impressions in regard to the position of the Schuylkill Navigation Company towards the bostmen. HENRY HEIL & Co.'s EAST FRANKLIN COAL .-We find the following notice of the Coal produced

at the Colliery of Henry Hell & Co., beyond Tremont, this County, in the Boston City Reporter "The product of these mines is new finding its way into the market through a distinct and separate agency, the firm of Van Dusen, Notion & Co., represented here by the of its partners, Mr., Gev. Lochman. The Kars Franklin Coal is said Gev. Lochman. The East Franklin Coal is said to be superior to the Lykens Valley or Trevorton Coal on account of Jis freedom from dirs and small coal and burns with equal freedom, it has the advantage of economy both in price and in durability, and on every account will be sought after for domestic use, while for Eating Houses no coal can come up to it, on the score of convenience as well as economy. The City Scaler, Mr. Henry A. Davis, has written to the Agency office, 5 Doane St., that at the solicitation of a friend he had tried the coal and that in his dpinion it contains more of the elements of economy and cleanliness, than is to be found in any other coal, and that as long as it could be had he should use no other at the present relative prices. Having used the East Franklin Coal ourselves, we hasten to endorse what he says in these respects."

hagten to endurse what he says in these respects." We can endorse all that is said in favor of the product of this colliery. LEGICH COAL COMPANY'S REPORT - We bave nut received a copy of this Report, but we find the following synopsis of it in our exchanges:

"The results of the year's operations, if not so gratitying as in some former, sensous of general prosperity, yet furnish; grounds for congratulations to the stockholders. sailed from New York on Wednesday, takes out.

\$1,048,975 34 in specie. No wonder Well's rect from acid, \$105,591 40; and from tolts sold, were \$24,053; from acid, \$105,591 40; and from tolts, \$466,-100ks blue. We will all look blue before the year is over, if the shipments of specie to Europe continue at this rate.

THE COAL TRADE.

The founded sold against \$304,811 07 at the cud of the year 1858, to the credit of profit and boxs, after paying State tax, interest, repairs, improvements and expenses, was \$313,863 50, against \$304,811 07 at the cud of the year 1851, to the year 1851, to the year 1854, to \$100,509 47. . The funded find floating debt of the Compan was reduced \$354,977.36 during the year.

The liabilities of this Company, including stock and debts, after deducting moneys on hand, is \$6,057,213 54. The distribution of the Coal was as follows: Consumed on the line of the Lehigh Canal 114,537
Passed over into Morris Canal at Easton 281,950
Entered on the Delu. Division Canal 512,512
Of the coul that entered the Delaware Division Canal, 293,475 tons reached Bristol; 164,149
tons passed over at Wells Falls into the mavigable feeder of the Delaware and Raritan Canal, leaving 54,888 tons as the quantity consumed on the line of the Delaware Division Canal.

The Consequence of the Delaware Division Canal. The Government has abolished the Coal Agency. If it could have been kept in proper hands would have proved of advantage to the Gov

rnment but the moment it was prostituted partieun purposes, it became a great engino orruption. COAL TRADE AT ALEXANDRIA. - The Alexandri Guzette says that there as now accumulated at the harves at that port between 20,000 and 30,00 ons of coal rendy for shipment. Vessels are great demand to ship this coal, and could obtain coal merchants advertise that boats continue arrive by the canal, freighted with heavy cargo coal, and stored in large quantities, in cor mence of the scarcity, of vessels for Easte

A dispatch from Washington to the Tribane, da-

A dispatch from Washington to the Tribane, dassed lith inst., says:

Heart's appointment as Superintendent of Printing has excited a commotion. The President emphatically refused him before, and promised the place, as part of the agreement with Wendell, to Towers. Wendell gave The Union gratis to Bowman, receiving the Executive printing and hinding and the written arrangement prepared by Black and signed by him and Appleton. Twenty thousand dollars annually were allowed from the job, to be divided between The Constitution and Pransylvanian for their support, and to be paid over to Bowman. The first quarter was advanced in the proportion of three thousand to the faciner and two thousand to the latter. There, are threats of breaking the bargain, but Wandell holds the documents, and defies the President.

European Rows.

By the arrival of the Steamer Kangaroo we have full details of the last important foreign news. The Austrian troops caused the Ticino on the 27th, and took a position on the enemy's ter-The French were upprepared for the sudden movement of the Austrians, they expecting to begin the war at their leisure—comewhere about the end of May. The difficulties and delays on Mount Cenis will be considerable. Although the Mount Ceuis will be considerable. Although the French troops are carried rapidly to Gence, they arrive there without the means of entering the campaign insiediately. The French government had received intelligence of an outbreak in Algeria, which would probably require the retire of the troops lately sent to Italy. The revolution in Tarcany is complete, the King of Sardinia has been declared Dictator of Tascany, the Grand Duke having fied. The duchies of Parma and Modena had also declared for Sardinia. Hostilities may be said to have commenced. ities may be said to have commenced.

Dr. Swayne's Compound Syrap of Wild Cherry. Dr. swaynes Compound by ap of Wild Cherry.

I wat of Rocks, Frederick County, Md.

Dr. Swayne—Dear Sir—Belleving it a dary I one to
the public, and in justice to you, I have thought proper
to make known one of the most extraordinary cures, in
my own case, that has ever been truly recorded. In the
month of October last, I was smileted with a sever
gathering in my breast, which formed a large abaceas,
and also communicated to my lungahund very much afflicted them, and discharged large quantities of corruption, external, and internal. My breath could pass
through my lungs and out through the earlies of Aga also communicated to my longwand very much affilicited them, and discharged large quantities of ceruption, external, and internal. My breath could pass
through my lungs and out through the early of my
breast with apparent case, attended with a violent
cough, day and night loss of appetite, and extrems debility, so that my physician thought my case hopeless
and beyond the power of medicine. I remained in this
wretched condition for a long time, until I was wated to
a mere skeleton, and there seemed to be no hope for me;
but having read in the public papers of the many wonderful currs performed by your Compound Syrup of
Wild Cherry, I immediately sent to Raitingpre for five
bottles, and commenced its use, and to my great satisfaction and my anxious family, the absects of opening
in my lungs began to heal and the cough subsided, and
on using ton bottles I was restored to perfect health.
Over five years have elapsed, and I still remise a perfectly hearty men at this date. June 2. 1858. I have not
had a day's sickness for the last eighteen months.

Piesne accept my grateful acknowledgments.

Yours, very respectfully,
Thomas Dixon,
and can testify that he has been afflicted as above represented. I regard his recovery as shown a miracle. He
is a worthy member of society. Jaurs R. Dursonow,
Pastor of Berlin Circuit, Baithmore Conference,
No medicine has ever given such undoubled testimony
of its great superiority over all others.

For the cure of Gougha, Colds. Consumption,
For the rauphort of old axe, declining health and restless nights, and in connection with SWAYNE'S SUGARCOATED SARSAPARHILLA AND TAR PILLS, the Liver,
Ewels, Stomach, in short, the whole Alimentary Canal,
will be cleansed and the blood purified.
