It is on the man of Kaniss Territo-ry as Peublo. This little hand of pidneers was messaced on Christmas day, 1855, and their huildings destroyed. Part of the walls of old Fort Peublo are still standing, and the alohes of which the fort was built answer an excellent pur-pase for the building of our chimneys, and in sume instances houses. Agriculture was the businees of these early settlers, and a monument of their enterprise samales in the shape of an ascenai four miles in length, for the purpose of irrigating the higher portion of the valley. This asequai runs through the entire length of our town site and surplies us with water for domestio purposes, &c. Extensive arrangements ire now being made for farwing in the spring, and inde-pedent of the gold discoveries in this country, the fertility of the soil in this lovely valley of the Arkanas, the natural a iwanta sys of the country for grazing stock, and the easy acquisition of land, will 'rause the immediate and permanent' settlement of this place. We are confident that in less than two years, Fountain City will number as many people and houses af Santa Fe. The Catom of the Arkanass is one of the passes sur-veyed as a Railroad route to the Pacifie. This will be on the main route of fravel to Santa Fe and other places, in New Mexico.
