HOWELL FIBHER, of Minersville, who was nom inated for District Attorney, is a gentleman whose name on the ticket is a tower of strength. He has experience and ability requisite to fill the position with credit, and should be to elected, be will we are confident, discharge the very important daties of the office in a just, dignified and satisfactory manner. His nomination is warmly commended. His competitor for the nomination, Lin. Bartholomew, Esq., had many friends in the Convention, who were desirous of his numination. Mr. Barthelemew is a gentleman of energy and ability, and his nomination would also, have been an excellent solection. It was difficult to decide between the two candidates; but the fortunes of
