THE ELECTION OF TUESDAY MEXT.

Although at the election of Caseday next, the didate for Movernor; for Members of Congress, or to fil effers of equal importance, in a popular sense, Job in the view of every man of thought, the election of Tuesday next will be one of the gratifying to feel that the fact is generally recogwheel. It is not merely that we are to elect candidates for Auditor General and Surveyor Genervaria has on Tassesy port a grave trust to discharge. Recently Maine and Vermont, (of yore the staunchest of Democratic States) spoke in tones of thunder against the policy of the present Administration, and Pennsylvania is anxiously looked to, to add the weight or ber influence to the marked denunciation of the free and enlightened citizens of those States .-And she must do it, if she has sincerely at heart those imperishable Principles, Freedom as opposed to the degrading influence of Slavery; oppose the Christian religion, and desire the ab Protection for our workingmen against the low wages of Europe. They are and will be leading one day of rest in seven—and as it is enjoined by questions, until the will of the majority has undisputed away. We therefore, remind the voters of Pennsylvania that unimportant as the coming election may appear, it is nevertheless, most important, and that the eyes of the Union are upon Pennsylvania. Let then, every member of the Opposition; every honest Democrat, disgusted

enlarge on this subject. Every man knows his duty. Let him see that he discharges it. In regard to the People's County ticket, we have the most cheering intelligence in relation to its all parties, as unexceptionable. This County has | mend to our readers: for years been the foot ball of Democratic demagogues and swindlers, and abr treasury has suffered in consequence. The tax-payers have borne mismanagement, stealing and corruption, until of the most useful of our fellow citizens. Every new patience has coased to be a virtue. The spoilers, ber of them are industrious; thrifty, energetic, with years of success, have grown bold and impudent, and bid defiance to the efforts of the honest and intelligent of our County to throw them out. The working classes fully understand the minerable subterfugue set up by the heartless speculators, that they desire to give "fresh air" to the working classes. There are three classes who generaly advocate Sunday travel. The first are those who desire to make money, and care but little how they make it. The second are those who deny the sanctity of the Sabbath day, and in the pride of this cherished opinion, openly advocate the performance of labor on this day for their benefit, to which may be added a selfish derire to be secommodated at all basards, regardless of the rights of others. The display regular monthly meeting of the Directors of the of articles was quite numerous and varied, and many of them were deserving of special notice, but, as we have not room for a great many remarks, we will merely give a brief list of those to whom premiums and diplomas, were awarded; Cattle-In this department there was some fine stock exhibited, and premiums awarded to Juhn Conard, of Washington Tp., Jno. Besides these there were of by the uppretending recommendation of Dr. Green "to try one bottle and if no benefit was received to discontinue the ure."

There were a number of articles classed under the head of miscellaneous, among which we noticed, more particularly, Phosphate of Lime, Pertiliser, Ichabo Guzuo, and Coal Oil, exhibited by Massrs. Allen & Needles of Philadelphia. The committee pronounced the specimens to be or good quality, and very useful for Schoylkill County land. They also awarded them a Dirloma .--Two Patent Pumps, exhibited by Messes E. Tib. bitts and Feger & Snyder; a lot of Pennies from 1793 to 1859, by Chas. J. Christian, of Schuplkill Haven; a case made of stones and shells, containing many succent columnit all the American pennies from 1793 to 1859, by Chas. mendation from the committee. A Pancy case containing sporting tackle, &c., exhibited by Stletiter & Thompson of Pottsville, took a premium .-The Oil Paintings, Hollotypes and Photographs of A. M. Allen, of Pottsville, also a premium. There were many articles exhibited but we find impossible to mention them in detail. The display of embroideries, fruit, fliwers, wines, baked and boiled articles was a fine one, and was quite creditable to the ladies who exhibited them . No doubt the committee will furnish a report of all the premiums awarded, which we will lay before our readers in our next

On Weinesday the attendance was very large. The grounds swarmed with the fair sex from all parts of the County, and everything betckened a grand gala day. With the exception of the disturbances occasioned by the wrangling and fighting of two or three drunken, rowdies, all passed off pleasantly. In the afternoon the trials of speed come off it

the race course. The "Maid of the Mill." owned by Dr. J. T Davis, of Pottsville, took the first premium for trotting. The Dr. is a perfect son of the tuef, and the results of his trotting matches show that the "Maid of the Mill" is always to be relied on The race borse "Piler" made his mile to 3 minutes 41 seconds,-rather poor time for a "celebrated trotting horse."

In pacing, the contest for the premium was between the Nicholas and Dornan horses. Although the premium was awarded to the Dornan horse, yet, according to the rules of the turf, Nicholas was fairly entitled to it. His mile against time was made in 2m. 59s. On Thursday morning, owing to a disagreeable

change in the weather during the night, the attendance was not so large as on the day previous. Towards the middle of the afternoon, however, the crowd commenced to pour in. At about 3 o'clock, Dr. Kochler, of Schuyskill Haven, in a few appropriate and happy remarks, introduced to the large assemblage, Dr. Brown, of Port Car bon, who delivered the annual address. It was a fine, practical production, well suited to the occasion. Any attempt to give an outline of his remarks, we feel would do injustice to the speaker and his subject, consequently we can only join it in the wish expressed by many on the ground, that he will furnish a copy of it for publication, were awarded as above.

we may soon congratulate Schuylkill county on having one of the best Agricultural Associations in the State. We are under obligations for many favors shown s by Dr. Koehler, Meests. Zulich, Hosser and others.
