Movements of the Secessionists.

In next week's *Herald of Freedom* we will give a startling exposure of the movements of the Secession portion of the friends of Breckinridge and the present Administration. It will open the eyes of the people in the North as to the objects of these traitors to the Union. Its disclosure is already creating a sensation in the South.

THE White Mountains are covered with snow, and in the clear sunlight of these October days, present a beautiful appearance.

THE ARCADIAN INSTITUTE, Orwigsburg, this County, will open its Winter Session on the 1st proximo. The Institution is so well and favorably known, that we need not eulogise its conduct. E. Schneider, Esq., is the principal.

THE election of Lincoln appears now to be a conceded fact. The Southern papers speak of it in a very resigned manner, and but little, if any of the spirit of disunion is manifested even by the most ultra organs.

SERENADE.—The Governor elect, Col. Curtin, was serenaded at the Girard House, Philadelphia, on Wednesday evening last, but unfortunately he was so ill after his arduous campaign, that he could not make his appearance before the immense crowd assembled on the occasion.

AT Philadelphia, the papers say, the Prince expressed no desire to visit Independence Hall, and it was regarded as indelicate to invite him thither, on account of the historical associations connected with the building as the place of the signing of the Declaration of Independence.

IT is a sign of the times that the members of the royal family of England can travel where they please, and that at the present moment so many of them should be pursuing their journeys. Thus, the Queen is in Germany, the Prince of Wales in the United States, and Prince Alfred at the Cape of Good Hope.

THE Hon. Hannibal Hamlin arrived in Boston on Monday night, under an escort of one hundred Wide-Awakes from Bangor, Me. At the depot the visitors were met by a very large party of Wide-Awakes, by whom they were conducted to their quarters. In the evening there was an immense torchlight demonstration.

CONNECTION WITH THE WEST BRANCH.—We learn that R. A. WILDER, Esq., is authorized to make the Survey for a Railroad connecting Pottsville with the West Branch Railroad in the neighborhood of Westwood, below Minersville, with a view of forming a through line for passengers, &c., from Philadelphia *via*, Schuylkill Haven, Pottsville and Minersville, to Sunbury and Lake Erie.

MEXICO is still in a distracted condition, with varied success on the part of Miramon, the church's warrior, and Juarez the Liberal. It is stated that since the defeat of Miramon, in the battle of Silva, some two months since, he has recruited his forces and is preparing to take the offensive. It would be a blessing if some nation interested, would interfere to restore peace and establish good government.—England his more interest in the matter than the United States, and should act.

CONGRESSIONAL DELEGATIONS.—We regret to learn that old Andy Stewart is defeated in Montgomery's District, and Lazear, Democrat, elected. We lose three members in Pennsylvania, including the Berks county member, and gain one.

In Ohio we lose two members by small majorities, and will probably gain one in Indiana.

Taking the loss and gain, so far, of members elected to the next Congress, we may lose two members, and probably, gain only one.

THE RESULT IN PENNSYLVANIA—ITS EFFECT ELSEWHERE.—The Hon. James H. Campbell informed us yesterday, that he had received congratulatory letters from the East, West, and North, congratulating him upon the glorious result in Pennsylvania and in this District. They all proclaim that "good old Pennsylvania did it," and they are ready to stand by Pennsylvania interests at all hazards, even to the protection of *paupers*. We told the people that such would be the effect in other States if we triumphed, and here is the echo already.

The Governor's Election.

The official returns as far as received do not diminish Curtin's majority in this State—it will in all probability exceed 32,000. Next week we expect to be able to present our readers with complete official returns for the whole State.

The Pennsylvania Legislature

Is stronger Opposition than we stated last week. It stands as follows:

	Opp.	*Democrats.*
Senate,	27	6
House,	70	30
	97	36
	36	
Opp. maj. on joint ballot,	61	

This is almost unparalleled in the history of the politics of this State.

Given up.

The Democratic leaders of all the factions, give up the contest. They say truly that the People want Lincoln for President, and will let them have him. The real Douglas men will vote the pure Douglas Electoral Ticket, and the Dry Goods party or Bell-ites, and all the Old Grannies, such as Ingersoll, &c., who are frightened out of their wits by impotent Southern bravado will fuse with Breckinridge and Lane. The honest voters therefore, who have been misled by the wholesale fibbing, during the recent campaign, are now at liberty to vote for whom they please, and we hope they will unite with us in rolling up a majority of thousands in Schuylkill County for "Honest Old Abe." They will never regret having done so.

Tickets for the Presidential Election.

The Tickets for the Presidential Election will be ready on Tuesday. Our friends from the different districts will please call and obtain them in time for distribution.

Desperation of the Democracy.

Some of the Breckinridge and Bell papers advise a withdrawal of Breckinridge and Douglas and a fusion on Bell. That is, the Breckinridge party are willing to fuse with the Know Nothing and Dry Goods candidate in order to save the spoils, if possible! Even the Post Master Editor of the Breckinridge paper of this Borough, filled a whole page of his paper with a Bell speech last week, and even advised the members of the State Committee from this District to fuse with the Bellites—yet that editor was denouncing the Know Nothings in every paper issued before the State election. What consistency! What principles!!

Lincoln Banners.

At a meeting of the People's State Central Committee of Pennsylvania, held at Philadelphia, on Tuesday afternoon last, it was resolved to prepared two handsome Banners—one to be presented to the County giving the largest relative increased vote for Lincoln at the November Election, over Gov. Curtin's vote at the recent October election—the other to be presented to the County giving the largest relative increased majority for Lincoln over Curtin's majority. What say you, Wide Awakes of Schuylkill County? Shall we win one of these Lincoln Banners? Go to work, and bring out our vote on the 6th of November next, and we can give Lincoln 1500 majority, and take one Banner.

Address to the People of Pennsylvania.

Pennsylvania has spoken in thunder tones in behalf of the Union, of her industry, of freedom. Her people have met the combined hosts of sectionalism, disunionism, free trade, and all others who sought a market for their suffrages, and a majority of 32,000 for Governor, twenty Congressmen, and more than two-thirds of each branch of the legislature, attest the fidelity of our State to the integrity of our institutions, and to the common prosperity of our country.

Indiana, Ohio, and Minnesota have joined the Keystone State in demanding that sectional discord, wanton profligacy, and the desolation of free trade, shall cease to be the policy of the national government.

The decisive battle has been fought—a nation has been redeemed from disunion and dishonor by the verdict of Tuesday last. The issue was made by our foes and accepted by our friends, and millions to day greet the triumph as the unerring harbinger of our national disenthralment.

Let the friends of the right not be content with an ordinary victory—Abraham Lincoln can be called to the Presidency by a clear majority of the people of the United States, if all who shall rejoice at his coming will but cast their suffrages for him. To that majority Pennsylvania can and will contribute full fifty thousand. We have but to be faithful to our great cause, and it is done. Let every man be at his post on the great day, and the largest majority ever given by Pennsylvania to a chief Magistrate will be cast on the 6th of November for Abraham Lincoln, for Union, for Freedom, for Fraternity.

A. K. McCLURE,
Chairman Republican State Committee.

October 11th, 1860.

The Knoxville (Tenn.) *Whig* takes the following view of the case:—"Will democrats in office in the South hold on? Who that knows them can doubt. Not one in a thousand will resign and go out office. Oh no; they will be glad to serve under Lincoln and save the country! They will set up outside pressures, and procure letters to be written, urging the importance of continuing them in office.—Postmasters, Pension Agents, all, will intrigue, and scheme, to be retained under even Lincoln. We challenge the world to point out a man who will resign. Lincoln's greatest trouble at the South, will be to find offices enough to meet the *clamorous demands* of Breckinridge Democrats!"

Gov. JOHN LETCHER passed through Washington City on Monday, en route for Richmond. He says that the Democracy have brought all their calamities upon themselves —that is to say, that fraud and force in Kansas, with the Lecompton swindle, have done their perfect work. The leaders having been false to the understandings upon which they were elected, the people utterly repudiate them. For years back official Democracy has been so much synonymous with what is repugnant to honor and honesty, as well as to old party traditions and doctrines, that the name has lost its charm.

EX-SENATOR GOODWIN of New York has written a letter expressing his disgust at Fusion, and declaring his intention to support Lincoln and Hamlin. Mr. Goodwin was in the New York State Senate with Mr. Putnam, the New York Democratic candidate for Judge, and, like that gentleman, was an influential leader of the American party.

The increase for the week is but small compared with the corresponding week last year.

We have no new feature to notice in the trade this week, except that the demand for Coal is improving and prices are firm at the quoted rates.—We hope hereafter to be enabled to chronicle an improvement in the trade weekly, until it becomes remunerative to the producer, which has not been the case since 1856.

Lorberry Coal.

We, the undersigned, miners of Lorberry Coal, having understood that various Coals are offered to the trade abroad under the re-mission of Lorberry Coal; this is to caution dealers against the same, and inform them that Messrs. Lewis Rothermel & Co., Philadelphia, and Noah Lippolo & Co., Boston, have the exclusive shipment of all our Coal, which we warrant to the trade as very superior in quality, and prepared with every expense and care as a leading Coal for domestic use.
